Social Change Wilbert E. Moore, 2013      Social Change Wilbert E. Moore, 1963      Foundations of Modern Sociology Metta Spencer, Alex Inkeles, 1985      *Social Change* Steven Vago, 1999 Appropriate for courses in Social Change the Fourth Edition provides a clear and timely analysis of the major theoretical perspectives sources processes patterns and consequences of social change      *Theory and Society* Zygmunt Bauman, 2024-06-19 The breadth and depth of Zygmunt Bauman's engagement with social theory and the history of social thought has perhaps been underestimated in part because many of his early writings were in Polish and never translated into English and in part because many important pieces appeared in edited volumes and journals that are not readily available This volume brings together hitherto unknown or rare pieces by Bauman on the theme of theory and society and also makes available previously unpublished material from the Bauman Archive at the University of Leeds A consistent theme of Bauman's work was his sustained engagement with humanism and this provides a unifying thread in the pieces brought together in this volume Here Bauman reflects on some of the core concepts of sociology examines the work of a wide range of social theorists from Durkheim and Gramsci to Agnes Heller and C Wright Mills and addresses an array of key ideas and issues including inequality identity and social change A substantial introduction by the editors provides readers with a lucid guide through this material and develops connections to Bauman's other works This is the third and final volume in a series of books that make available the lesser known writings of one of the most influential social thinkers of our time It will be of interest to students and scholars across the arts humanities and social sciences and to a wider readership      **Foundations of Modern Sociology** Metta Spencer, 1979-01-01

Schwarzweiler, 2016-11-11 Appalachia is a region in trouble Even in the more remote coves and hollows major social and economic changes are disturbing the traditional ways of life The conditions which have made it a pocket of poverty cannot be easily eradicated and the rapid changes of recent years have added further severe problems of adjustment which deeply affect the family church life education the folk sub culture and above all the individual Out migration psychological dislocation and cultural alienation are the result The nine contributing scholars have lived and worked in Appalachia they know the people and their customs their problems and their needs They are thoroughly familiar with the programs now in operation and are well qualified to evaluate their success or failure in terms of those needs Furthermore their findings can be applied to other regions and nations wherever an isolated group has been abruptly incorporated into the mainstream of society while many of its peculiar problems remain unsolved Rural Appalachia may in fact be considered a microcosm of the underdeveloped nations of the world the issues raised here far transcend the importance of a regional study The essays are grouped according to four general areas of research The first part deals with the individual in his society the second with six social institutions economy government family religion education and power structure the third with methods and objectives of change and the fourth with the aims of change agencies particularly the Extension Service of the future As the tangle of problems strains and tensions is explored the focus remains steadily upon immediate and long term effects on the individual The book is dedicated to the professional field workers in programs of directed change struggling on the one hand with ideas theories and conceptual innovations and on the other hand with the immediate realities of the local situations *Social Work Concerns and Challenges in the 21st Century* V. V. Devasia, Ajit Kumar, 2009 Choice of themes and the manner in which they are dealt with is a noteworthy feature of this book Seven out of the twenty articles are on women A striking feature is that out of the seven articles four of them discuss the daily work undertaken by women
