Equity, Diversity, and Inclusion in Rehabilitation Sciences Adria Quigley, Hellen Myezwa, Caitlin McArthur, 2023-12-12 The impact of race sex gender disability and socioeconomic status on health and quality of life has been well established Now perhaps more than ever there is a demand for equitable and timely access to rehabilitation Incorporating principles of equity diversity inclusion and accessibility into clinical practice and research is essential for addressing the unique needs of rehabilitation clients There is also a need to critically examine the integration of anti oppressive and anti racist frameworks into rehabilitation care Strategies that promote accessible and affordable participation health promotion technology and interdisciplinary collaboration in rehabilitation are also needed The impact of gender sexual orientation race and religion and socioeconomic status on rehabilitation service delivery and outcomes is less well known Within the context of rehabilitation science we need to understand these differences and illuminate how to better serve equity deserving groups

Embodiment, Identity and Disability Sport Ben Powis, 2020-03-23 This book investigates the complex relationship between embodiment identity and disability sport based on ethnographic research with an international level visually impaired cricket team Alongside issues of empowerment classification and valorisation it conceptualises the sensuous dimension of being in disability sport and challenges the idealised notion of the sporting body It explores the players lived experiences of participating and competing in an elite disabled sport culture and uses an embodied theoretical approach drawing upon sociology phenomenology and contemporary disability theory to examine aspects of this previously

unexamined research site both on and off the pitch Written in a way that values and accurately represents the participants traditionally marginalised voices the book analyses the role that elite disability sport plays in the construction of identity and helps us to better understand the relationships between disability sport and wider society Embodiment Identity and Disability Sport is essential reading for any student researcher practitioner or policymaker working in disability sport and a source of useful new perspectives for anybody with an interest in the sociology of sport or disability studies **Introduction to the**

Transnational Social Work and Social Welfare Beatrix Schwarzer, Ursula Kämmerer-Rütten, Alexandra Schleyer-Lindenmann, Yafang Wang, 2016-08-05 The underlying frame of social work is the nation state and it is from within the state that welfare strategies and social policies are devised and

implemented However post colonialism globalisation migration and the associated implications for human rights social justice and social welfare policies contest the idea of a clearly defined space for social work and present new challenges for researchers and practitioners Transnational Social Work and Social Welfare argues for the increased importance of the transnational perspective in social work theory and practice The book challenges the idea of the nation state as a given entity and argues that globalization and an increasing number of people crossing borders must have an impact on the theories and strategies of social work The international contributors are critical of a restricted focus on a geographically defined space and the impact on work with clients With cases covering China France India UK Germany Malaysia Israel Turkey the book highlights the challenges as well as the opportunities this new perspective can open up for theories and strategies in social work It will be of interest to students researchers and social workers interested in migration social care poverty and cultural competency in health and social care *The Oxford Handbook of the Psychology of Working* David L. Blustein, 2013-07-11 Researchers and practitioners interested in the role of work in people's lives are faced with the need for new perspectives to support clients communities and organizations This handbook is designed to fill this gap in the literature by focusing on the full spectrum of people who work and who want to work across the diverse contexts that frame working in the 21st century
