Suicide Thoughts Reflections:

Suicide Thoughts and Reflections, 1960-1980 Edwin S. Shneidman, 1981 Assessment, Treatment, and Prevention of Suicidal Behavior Robert I Yufit, David Lester, 2004-11-03

Current and comprehensive information concerning the assessment and treatment of suicidal persons and the prevention of suicidal behavior The eighth leading cause of death in the United States and the second leading cause among U S teens suicide is unique in being self inflicted and is as such often preventable By assessing the risk of suicide accurately providing effective treatment according to this risk and implementing strategies against suicidal urges mental health professionals can successfully guide their clients away from this senseless taking of life

Assessment Treatment and Prevention of Suicidal Behavior provides the most current and comprehensive source of information guidelines and case studies for working with clients at risk of suicide It offers clinicians counselors and other mental health professionals a practical toolbox on three main areas of interest Screening and Assessment covers empirically based assessment techniques and how they can define dimensions of vulnerability and measure the risk of self destructive behavior Authors discuss research on the use of each screening instrument guidelines and suggestions for using the instrument in practice and a case study illustrating its application Intervention and Treatment compares several different approaches for structuring psychotherapy with suicidal clients Each author covers a psychotherapy system its application to suicidal clients and a case study of its real world use Suicide and Violence explores the relationship between suicidal individuals and violence covering suicide in specific contexts such as school violence police confrontations and terrorist violence This section also includes a discussion of the increased risk of suicide in our more insecure and violent world as well as how to promote coping styles for these new anxieties While addressed mainly to psychologists social workers and other mental health professionals for use in serving their clients as well as students of psychology **Assessment Treatment and Prevention of Suicidal Behavior** is also an accessible and valuable resource for educators school counselors and others in related fields

Psychotherapy with Suicidal People Antoon A. Leenaars, 2004-05-14 Almost a million people die by suicide every year WHO estimate The sheer numbers have made suicide prevention a major health target but effective prevention is not straightforward Suicide is a complex event more complex than most of us imagine calling for an equally complex response *Psychotherapy with Suicidal People* provides a multi component approach with rich clinical data including many case histories to guide the reader Based on decades of research from across the globe Antoon A Leenaars takes the reader into the mind of the suicidal person from the young to the elderly from the anonymous to the famous There is no better way to know and thus to treat a person A plethora of special features makes this volume an international classic and includes Reflections of many suicidologists such as Heraclitus Plato Sigmund Freud Emile Durkheim and Edwin Shneidman A unique window on the clinical mind of the author Empirically supported definition with applications across age gender historical time as well as culture The report of the International Working Group on Ethical and Legal Issues in Suicidology

Psychotherapy with Suicidal People A Person centred Approach is essential reading for clinical psychologists psychiatrists and their trainees and all clinicians who work with suicidal people Handbook of Adolescent Death and Bereavement David E. Balk, PhD,2004-01-01 In this comprehensive handbook Charles Corr and David Balk improve our understanding of the challenges faced by adolescents when coping with death dying and bereavement The volume is organized into three parts Part I addresses specific issues involved in confrontations with death Part II focuses on the role of bereavement Part III explains specific therapeutic interventions for caregivers The authors introduce us to adolescence as a special time in the human life cycle a period quite separate from childhood and adulthood They establish normative adolescents and explain developmental tasks that are typical of early middle and late adolescence Handbook of Childhood Death and Bereavement PhD Charles A. Corr, PhD,CT,Donna M. Corr, RN, MSN,2004-01-01 In this comprehensive handbook a leading group of experts improve our understanding of the challenges faced by children when coping with death dying and bereavement Organized into three parts the volume addresses specific issues involved in confrontations with death discusses the role of bereavement and explains specific therapeutic interventions for caregivers The reader is introduced to four distinct periods within childhood infancy toddlerhood early childhood and middle childhood Through case examples the contributors illustrate a child s experience with death and bereavement in all four areas The book s practical orientation and emphasis will appeal to a broad array of caregivers including counselors therapists nurses and mental health practitioners concerned with child and adolescent death and bereavement *Lives and Deaths* Antoon A. Leenaars,2023-01-06 Edwin S Shneidman is recognized as the central figure in the field of suicidology His writings have taught countless psychologists and other health professionals about the complexity of suicide death and bereavement This collection of his writings spans the entirety of his career and offers a unique insight into the development of his thinking The material is broken down into five parts Psychological Assessment Logic Melville and Murray Suicide and Death and each section includes an introduction by the editor *Lives and Deaths* is a vital resource for those in suicidology and related fields allowing the reader to sample a variety of selections from Shneidman s work in one compact volume The book is ideal for classroom use by upper level undergraduates and graduate students in the history of suicidology or as a supplemental text in a general suicidology course It is also of interest to clinicians treating high risk patients as well as a more general audience including psychologists social workers crisis counselors and suicide prevention specialists **Social Support** John D. Morgan,2020-11-25 None of us could survive in the workplace community or even in our homes if we allowed everyone to see how truly vulnerable we are Yet social support is a necessity if we are to achieve whatever it is we set out to achieve in this life No human being is an island unto himself *Social Support A Reflection of Humanity* is a how to book In this work the authors examine the nature of social support how it can be offered and how social support differs from other forms of therapy *The Psychological Autopsy* Antoon Leenaars,2017-02-10 This remarkable book affords the opportunity to delve into the challenges that the
