M. Carpenter, 2005 This work is a study of military leadership and resulting effectiveness in battlefield victory focusing on the parliamentary and royalist regional commanders in the north of England and Scotland in the three civil wars between 1642 and 1651 **A Comparative Analysis Of The Military Leadership Styles Of Ernest J. King And Chester W. Nimitz** Major James R. Hill, 2015-11-06 In a constantly changing world threatened by the likelihood of terrorist acts the American people need military leaders who clearly demonstrate an understanding of American core values and who are both competent and morally focused In order to produce military leaders who meet these qualifications and who can successfully meet the future challenges America faces it is important to develop and refine those leaders early and help them understand how to create and refine a successful leadership style The process of developing leadership styles however is not easy and it requires a prodigious amount of determination time and planning from prospective future leaders It also requires military training institutions to align their curriculums to promote leadership as well as to provide guidance and mentoring in order to help develop these future leaders One way to help develop leaders is to provide examples of both successful and flawed military leadership styles There are many cases of each in American history In particular World War II leaders Admirals Ernest J King and Chester W Nimitz provide contrasting examples of naval leadership An examination of the leadership styles of these two naval officers provides useful examples which future leaders can consider when reflecting on their own leadership styles After careful review it soon becomes evident that the leadership style of Nimitz closely aligned with the leadership styles of Generals George C Marshall and Dwight D Eisenhower two World War II leaders I closely examined in my previous Master s thesis In addition it also becomes evident that King was a diametrically different leader from these three leaders He provides an example of a leader who was cold harsh and morally bankrupt As result reviewing the leadership styles of these World War II leaders will benefit future leaders as well as those they lead **Leaders and Generals** Craig E. Blohm, 2001-06 This book tells of General John J Pershing Germany s tactician General Erich Ludendorff General Philippe Petain Marshal Ferdinand Foch and President Woodrow Wilson **Catalog of Copyright Entries.
