attended Wayne State University for one year and sold cars for a short while Then I went to the Chrysler Engineering Institute I graduated from Chrysler and became a body design engineer After a while big layoffs got me looking for employment again and I went to work as a mechanical engineer for several years at companies that were into the space programs I drifted into acting and modeling and was one of the most working models around Detroit I was in over one hundred movies and TV commercials in that career for nineteen years and worked all over the country In 1980 I moved to the Palm Beach area in Florida and after a short time engineering again was hired as a salesman at one of the largest art galleries in the world I spent sixteen years at the gallery and then retired as part owner In retirement now I occupy my time painting golfing and cruising around the waters in my boat This book is about the unusual happenings in my varied life and of the many famous people I met and worked with Every story is true and written as best I can recollect **Tusaayaksat -**
