Social Security Bulletin, 1995 **Mexico Is Not Colombia** Christopher Paul, Colin P. Clarke, Chad C.

Serena, 2014-06-25 Despite the scope of the threat they pose to Mexico's security violent drug trafficking organizations are not well understood and optimal strategies to combat them have not been identified While there is no perfectly analogous case to Mexico's current security situation historical case studies may offer lessons for policymakers as they cope with challenges related to violence and corruption in that country [The Criminal-Terror Nexus in Chechnya](#) Jeff

Meyers, 2017-04-12 The line between criminal and terrorist groups is often blurred and Chechen groups are an excellent example of this new phenomenon As the Soviet Union collapsed groups began to fill the cracks offering services that the state could not The Chechens were one group that outrivaled many groups and they soon became synonymous throughout the Russian Federation with criminal This work looks into the historical social and religious reasons behind the rise of militant Islam in the region From there it will discuss the historical difference between organized crime and terror how the two have coalesced into the crime terror nexus and how the Chechens compare to two other groups that have gone through the same evolution The Sicilian mafia and the militant Islamic Movement of Uzbekistan or IMU Though neither group are exactly the same there are links that can help the reader understand the domestic and foreign problems that twenty first century nation states deal with throughout the world [Nominations to the Department of Commerce and the Consumer Product Safety Commission](#) United States. [Decision Support Systems for Business Intelligence](#) Vicki L. Sauter, 2014-08-21 Praise for the First Edition This is the most usable decision support systems text i t is far better than any other text in the field Computing Reviews Computer based systems known as decision support systems DSS play a vital role in helping professionals across various fields of practice understand what information is needed when it is needed and in what form in order to make smart and valuable business decisions Providing a unique combination of theory applications and technology Decision Support Systems for Business Intelligence Second Edition supplies readers with the hands on approach that is needed to understand the implications of theory to DSS design as well as the skills needed to construct a DSS This new edition reflects numerous advances in the field as well as the latest related technological developments By addressing all topics on three levels general theory implications for DSS design and code development the author presents an integrated analysis of what every DSS designer needs to know This Second Edition features Expanded coverage of data mining with new examples Newly added discussion of business intelligence and transnational corporations Discussion of the increased capabilities of databases and the significant growth of user interfaces and models Emphasis on analytics to encourage DSS builders to utilize sufficient modeling support in their systems A thoroughly updated section on data warehousing including architecture data adjustment and data scrubbing Explanations and implications of DSS differences across cultures and the challenges associated with transnational systems

Each chapter discusses various aspects of DSS that exist in real world applications and one main example of a DSS to facilitate car purchases is used throughout the entire book Screenshots from JavaScript and Adobe ColdFusion are presented to demonstrate the use of popular software packages that carry out the discussed techniques and a related Web site houses all of the book's figures along with demo versions of decision support packages additional examples and links to developments in the field Decision Support Systems for Business Intelligence Second Edition is an excellent book for courses on information systems decision support systems and data mining at the advanced undergraduate and graduate levels It also serves as a practical reference for professionals working in the fields of business statistics engineering and computer technology

Balkan Babel Sabrina Petra Ramet, 2018-02-19 The fourth edition of this critically acclaimed work includes a new chapter a new epilogue and revisions throughout the book Sabrina Ramet a veteran observer of the Yugoslav scene traces the steady deterioration of Yugoslavia's political and social fabric in the years since 1980 arguing that while the federal system and multiethnic fabric laid down fault lines the final crisis was sown in the failure to resolve the legitimacy question triggered by economic deterioration and pushed forward toward war by Serbian politicians bent on power either within a centralized Yugoslavia or within an ethnically cleansed Greater Serbia With her detailed knowledge of the area and extensive fieldwork Ramet paints a strikingly original picture of Yugoslavia's demise and the emergence of the Yugoslav successor states

Planning Theory for Practitioners Michael Brooks, 2019-07-09 This book is recommended reading for planners preparing to take the AICP exam In this new book the author bridges the gap between theory and practice The author describes an original approach Feedback Strategy that builds on the strengths of previous planning theories with one big difference it not only acknowledges but welcomes politics the bogeyman of real world planning Don't hold your nose or look the other way the author advises planners but use politics to your own advantage The author admits that most of the time planning theory doesn't have much to do with planning practice These ideas rooted in the planner's real world are different This strategy employs everyday political processes to advance planning trusts planners personal values and professional ethics and depends on their ability to help clients articulate a vision This volume will encourage not only veteran planners searching for a fresh approach but also students and recent graduates dismayed by the gap between academic theory and actual practice

The Problem with Survey Research George Beam, 2017-09-08 The Problem with Survey Research makes a case against survey research as a primary source of reliable information George Beam argues that all survey research instruments all types of asking including polls face to face interviews and focus groups produce unreliable and potentially inaccurate results Because those who rely on survey research only see answers to questions it is impossible for them or anyone else to evaluate the results They cannot know if the answers correspond to respondents actual behaviors objective phenomena or to their true beliefs and opinions subjective phenomena Reliable information can only be acquired by observation experimentation multiple sources of data formal model building and testing document analysis and comparison

In fifteen chapters divided into six parts Ubiquity of Survey Research The Problem Asking Instruments Asking Settings Askers and Proper Methods and Research Designs The Problem with Survey Research demonstrates how asking instruments settings in which asking and answering take place and survey researchers themselves skew results and thereby make answers unreliable The last two chapters and appendices examine observation other methods of data collection and research designs that may produce accurate or correct information and shows how reliance on survey research can be overcome and must be

Gross Human Rights Violations: A Search for Causes Hilde Hey,2021-09-27 Since 1945 it is estimated more people have perished as a result of gross human rights violations than as a result of war yet we have little knowledge of why governments commit gross human rights violations The present study seeking to obtain an understanding of the causes underlying gross human rights violations compares the human rights situation in a country where gross human rights violations are the rule Guatemala with the situation in a country where this type of violations does not occur Costa Rica The focus of the study is on the short term sources within the political system which are perceived by those in power as a threat to their power and which trigger gross human rights

violations Furthermore the long term sources or background factors which set the stage and allow gross human rights violations to be perpetrated are analysed The study concludes by highlighting the causes of gross human rights violations and briefly addresses how these violations are presently dealt with in Guatemala [Bench & Bar](#) ,2004 **Integrated Wealth**

Management Jean L. P. Brunel,2006 This book is an examination of the management of portfolios of high net worth individuals HNWI's Jean L P Brunel identifies the factors which demand a different approach from that of traditional portfolio management strategy He suggests a new approach to wealth management proposing practical steps which will take you beyond the role of portfolio manager to that of wealth manager Punctuated by examples and case histories from the author's extensive experience the book examines each aspect of wealth management in detail such as the importance of investor psychology how to maximize tax efficiency including a tax efficient portfolio construction model the implications of multiple asset locations capital market opportunities and forecasting strategic asset allocation the importance of manager selection and the multimanager approach This ground breaking book should show you the route to a more effective wealth management strategy By understanding the needs of the individual investor maximizing the tax efficiencies and applying a fully integrated approach you can become a successful wealth manager Publisher description [Community Renewal through Municipal Investment](#) Roger L. Kemp,2015-08-13 Local officials are making investment decisions to enhance the quality of life in their communities and to improve economic development conditions These new programs are not municipal give aways or as some call them corporate welfare programs but efforts to invest wisely in downtown areas and neighborhoods with the goal of revitalizing them with the hope that business and commerce will follow This work presents case studies from Atlanta Baltimore Baton Rouge Berkeley Boulder Cambridge Charleston Chattanooga Chesterfield County Chicago Cleveland Denver DuPont Grand Forks Hampton Hartford Hayward Houston Kansas City Lake Worth Little Rock Madison Minneapolis Nashville New Bedford Newark Oakland Orlando Petuluma Portland Saint Paul Santa Monica Seattle Toronto and Washington D C The case study topics include streetscapes public plazas museums libraries cultural parks walkways and greenways major infrastructure improvements transit and transportation enhancements and other works

Debt Games Vinod K. Aggarwal,1996-04-26 International debt rescheduling both in earlier epochs and our present one has been marked by a flurry of bargaining In this process significant variation has emerged over time and across cases in the extent to which debtors have undertaken economic adjustment banks or bondholders have written down debts and creditor governments and international organizations have intervened in negotiations *Debt Games* develops and applies a situational theory of bargaining to analyze the adjustment undertaken by debtors and the concessions provided by lenders in international debt rescheduling This approach has two components a focus on each actor's individual situation defined by its political and economic bargaining resources and a complementary focus on changes in their position The model proves successful in accounting for bargaining outcomes in eighty four percent of the sixty one cases which include all instances of

Peruvian and Mexican debt rescheduling over the last one hundred and seventy years as well as Argentine and Brazilian rescheduling between 1982 and 1994 **Cities and Nature** Roger L. Kemp,2006 Cities and towns across the United States are making concerted efforts to restore nature and increase green space as a means of community renewal and downtown revitalization For local government the goals are twofold to provide an enhanced cityscape that brings residents back to the downtown to live work and play and to bring in tourists and further private investment The result is revitalized areas that provide an enhanced quality of life for residents and visitors alike This work brings together essays from more than 50 experts throughout the United States providing a wide ranging view of the cities and nature efforts that exist throughout the country Creation protection preservation and restoration projects are fully covered Divided into three sections cities and nature best practices and the future these case studies come from cities across the nation Differing geographically politically and culturally these cities offer a variety of ideas and inspirations while sharing a commitment to an urban environment enhanced by natural beauty Regional and national resource directories are also included **Japanese Technical Literature Bulletin** ,1995 Monthly Catalog of United States Government Publications ,1995
