**Extreme Virtue** Crispin Sartwell, 2012-02-01 Extreme Virtue presents a new and radical approach to the problems of leadership and virtue in public life Originating in the author's newspaper writing about the Clinton Lewinsky scandal the book grapples with what has gone wrong in the American political system and describes what we should look for in our leaders Sartwell argues that the real problem is a pervasive lack of truth in political leaders and that more can be accomplished by straight talk than by polling and focus groups The book consists of biographical portraits of five great Americans anarchists Emma Goldman and Voltairine de Cleyre conservative senator Barry Goldwater Lakota spiritual leader John Fire Lame Deer and black nationalist Malcolm X The author argues that what makes these figures distinctively American is that each shares a suspicion of power and a vision of individual liberation Despite their distinctive and unique approaches each person is a model of truth in public life **Sun's Dance of the Channels** Jonathan Shubs, 2022-11-21

When the train comes to a stop a new adventure would begin Sun was returning to their grandparents for another summer Expectations were high They wanted to explore how the channels and the acupuncture points on them worked Written in an accessible story telling format in the context of a child Sun visiting their grandparents and having lessons over afternoon tea this book targets practitioners looking to go beyond the foundations to acquire a deeper understanding of Chinese medicine theory philosophy and concepts This is the second book in the series and focuses on distal needling techniques and Unified Acupuncture Theory as well as Dr Richard Tan's Balance Method Master Tung acupuncture and Japanese Manaka acupuncture styles Along with an overview of the theoretical basis for holography it also presents a logical explanation of the channel interaction systems and covers how they can be applied in practice **Heroes of Destiny** Kevin Wong, 2006

**Shifting Locations and Reshaping Methods** Ulrich Winkler, Henry Jansen, 2018 This collection of essays presents the reader with a fine overview and detailed discussion on the impact of interreligious studies and intercultural theology on methods and methodologies New fields of study require new methods and methodologies and although these two new fields draw from a host of existing other disciplines and areas of thought and are almost transdisciplinary in nature they nonetheless influence existing methodologies and help them evolve in new directions **The Bookman**, 1915 **Path of Pieces** Russell Hunter, 2008-03 In this poem book you will see the pieces of my life I like to call it the puzzle I remember on that cold wintry day when I dazed at myself in the mirror I seen the cracks and the lines that all came together to create who I am and who I've become One by one I started to put the pieces back together by filling the gaps that have left me feeling lost I want for you and me for us all to see that it is never too late to believe No matter what we have endured we can overcome any obstacle and continue to smile in the face of adversity Although many pieces of my life are broken beyond repair I still care enough to write what I feel From all the devastations to all the beautiful creations you will find a life filled with dream catchers and twisted trees all these emotions that make up me Open the cover and you will see you can find you
