Sunset Over The Islands The Caribbean In An Age Of Global And Regional Challenges:

Sunset Over the Islands Andrés Serbin,1998 **Sunset Over the Islands** NA NA,2016-04-30 No region of the world has been so affected as the Caribbean by the geopolitical and economic changes caused by the end of the Cold War and the impact of globalization This book analyzes the problems of regionalization integration and identity and the wide range of political social and economic challenges facing the region A masterpiece of concise and comprehensive analysis rich in theoretical insights this is required for all concerned with these issues in the Caribbean and the wider world Sunset Over the Islands NA NA,Andres Serbin,1999-02-15 No region of the world has been so affected as the Caribbean by the geopolitical and economic changes caused by the end of the Cold War and the impact of globalization This book analyzes the problems of regionalization integration and identity and the wide range of political social and economic challenges facing the region A masterpiece of concise and comprehensive analysis rich in theoretical insights this is required for all concerned with these issues in the Caribbean and the wider world **The Caribbean Novel Since 1945** Michael Niblett,2012-02-16 How fiction its forms and its evolution reflect countries in the midst of postcolonial change **The Foreign Policies of the Global South** Jacqueline Anne Braveboy-Wagner,2003 Seeking to refocus thinking about the behavior of the global south third world states in international affairs this book explores contending explanations of global south foreign policy and strategy The authors draw on both traditional approaches and newer conceptualizations in foreign policy analysis contributing to the development of an integrated theoretical framework Examples from Africa Asia Latin America and the Arab world enrich the analysis Contending with Destiny Denis Benn,Kenneth Hall,2000 At the beginning of the 21st Century the Caribbean faces a number of fundamental challenges which will require creative responses from the countries in the region Contending with Destiny The Caribbean in the 21st Century reflects the views of some of the leading minds in the region on possible approaches for responding to these challenges The book captures the rich array of ideas practical proposals presented by three Caribbean prime ministers scholars policymakers in both the public and private sectors the NGO community and representatives of regional institutions All but one of the papers featured in this publication were presented at the Conference on the Caribbean in the 21st Century organised by the University of the West Indies in cooperation with the CARICOM Secretariat and the Caribbean Development Bank in September 1999 *Perspectives on the 'other America'* Michael Niblett,Kerstin Oloff,2009 Uniting critical writing on novels poetry painting and ritual this volume takes a regional approach to the cultures of the Caribbean Basin Ranging across the linguistic spectrum of the area it examines cultural production from the Anglophone Francophone and Hispanophone islands Suriname and the Guyanas and Latin and Central America The interdisciplinary nature of the collection and the challenge it poses to the balkanization of the region within academic discourse will make it of especial interest to students and scholars of the Caribbean Inspired by the category of the Other America as developed by douard Glissant the book offers a series of original and stimulating

engagements with topics that include nationalism migration and exile landscape and the environment gender and sexuality and Postcolonial Studies and world literature In addition to contributions by leading scholars such as Peter Hulme Theo D haen and Lizabeth Paravisini Gebert it contains interviews with two renowned novelists from the region Lawrence Scott and Mayra Santos Febres Underpinning the collection is an interrogation of received ideas of the nation state and a suggestion that regionalism might provide a better optic through which to view the circum Caribbean that national consciousness in other words must always also be a regional consciousness

Social Theory and Regional Studies in the Global Age Saïd Amir Arjomand, 2014-05-19 In this pioneering volume leading international scholars argue for the development of a new approach to social theory that draws on regional studies for the conduct of comparative analysis in the global age Social Theory and Regional Studies in the Global Age moves beyond facile generalizations based on the historical experience of modernization in the West by highlighting differences rather than similarities and contrasts rather than commonalities and by examining civilizational processes and culturally specific developmental patterns distinctive of different world regions Essays combine comparative and historical sociology with civilizational analysis and the study of multiple and alternative modernities Different patterns of modernization are compared within the framework of global local compressed communication and interaction that results from globalization The introductory chapter puts the present effort in the context of the seminal work of three generations of comparative sociologists and what follows is a penetrating analysis of modernization and globality opening the way for rectifying the erasure of the historical experience of a very sizeable portion of humankind from the foundation of social theory

Handbook Of Research On The International Relations Of Latin America And The Caribbean G. Pope Atkins, 2018-02-12 The study of Latin American and Caribbean international relations has a long evolution both within the development of international relations as a general academic undertaking and in terms of the particular characteristics that distinguish the approaches taken by scholars in the field This handbook provides a thorough multidisciplinary reference guide to the literature on the various elements of the international relations of Latin America and the Caribbean Citing over 1600 sources that date from the nineteenth century to the present with emphasis on recent decades the volume s analytic essays trace the evolution of research in terms of concepts issues and themes The Handbook is a companion volume to Atkins Latin America and the Caribbean in the International System Fourth Edition but also serves as an invaluable stand alone reference volume for students scholars researchers journalists and practitioners both official and private

Participatory Planning in the Caribbean: Lessons from Practice Robert Potter, Jonathan Pugh, 2018-05-08 This title was first published in 2003 Until recently planning and development in the Caribbean have been top down centre out and expert led For a few years now though the region has bowed to the global trend and has experimented with participatory planning methods Participatory planning is heralded by much of the development community as the most appropriate alternative strategy to the traditional approaches In this volume a range of experts drawn

from the Caribbean the United Kingdom and the United States review the current achievements and future prospects for genuinely participative planning in the Caribbean region at the beginning of the 21st Century Bringing together a wide range of case studies from both the insular Caribbean as well as mainland Central and South America the book examines issues such as protected area planning sustainable development councils gender and development inner city redevelopment and community empowerment *Decolonising the Caribbean* Inge Klinkers,Gert Oostindie,2025-10-01 Much has been written on the post war decolonisation in the Caribbean but rarely from a truly comparative perspective and seldom with serious attention to the former Dutch colonies of Surinam the Netherlands Antilles and Aruba This study bridges both gaps In their analysis of Dutch decolonisation policies since the 1940s the authors discuss not only political processes but also development aid the Dutch Caribbean exodus to the metropolis and cultural antagonisms A balance is drawn both of the costs and benefits of independence in the Caribbean and of the outlines and results of the policies pursued in the non sovereign Caribbean by France the Netherlands the United Kingdom and the United States Race, Class, and Nationalism in the Twenty-First-Century Caribbean Scott Timcke,Shelene Gomes,2024-11-01 This collection of more than a dozen essays focuses on the political dynamics of race class and nationalism in the contemporary Caribbean Despite the plethora of studies on nationalism in the Caribbean few have attempted to look at the phenomenon as a political invention that does not and cannot serve the interests of all how essentialist reductive overdetermining nationalism is a political and conceptual confusion that forever stalls the project of universal human emancipation Editors Scott Timcke and Shelene Gomes gather and frame chapters that in their collective expression help trace the process of race class and nationalism through the contours of a broader political economic and social geography These chapters argue that notions of racial identity have changed over time but those reformations are not independent of class rule or nationalism By using several case studies that span the Anglo Dutch French and Spanish Caribbean and focus on the development of political organizations hardships and ideology each of these essays continues the struggle for liberation against elite entrenchment **Encyclopedia of the Developing World** Thomas M. Leonard,2013-10-18 A RUSA 2007 Outstanding Reference Title The Encyclopedia of the Developing World is a comprehensive work on the historical and current status of developing countries Containing more than 750 entries the Encyclopedia encompasses primarily the years since 1945 and defines development broadly addressing not only economics but also civil society and social progress Entries cover the most important theories and measurements of development relate historical events movements and concepts to development both internationally and regionally where applicable examine the contributions of the most important persons and organizations and detail the progress made within geographic regions and by individual countries Introduction to Latin America Peadar Kirby,2003-06-04 This excellent textbook provides students of Latin America with a rich and deep analysis of the processes and outcomes of globalization past and present Diversity and difference are explored using vivid and detailed country profiles A strength of this textbook is

its ability to explain complex issues in a way that is engaging and informative. It provides conceptual frameworks for students to engage in independent analysis of the complexities of global forces as they impact on and interact with the local in different contexts. It also however engages with the issues of crucial importance for the lived realities of Latin American people: poverty, development, the state and resistance under changing political, economic and ideological conditions. An essential buy for serious students of Latin America.

Anne Boran, Chester College, University of Liverpool. This is an outstanding textbook which will appeal to a wide audience but especially those wishing to understand contemporary Latin America. I have been studying Latin America for over 40 years and wish I could have written such a lucid and engaging book.

Dr Cristóbal Kay, Institute of Social Studies, The Hague. Introduction to Latin America provides a completely new introduction to the political, social and economic forces shaping this essential region of undergraduate study today. It is the first textbook to place Latin America within a genuinely global context and introduce the debates and impact of globalization, neoliberalism, democratization and the environment. It fully reviews the traditional literature in the postwar period such as modernization or dependency theory to demonstrate the way in which Latin America has often been misunderstood and introduces more recent theorizing to consider the longer term prospects for equitable and sustainable development. Incorporating maps, case study boxes, summary exhibits and guides to further reading, Introduction to Latin America will be an essential text for all students of Latin America across politics, international studies, geography, sociology and development studies.

General History of the Caribbean UNESCO Volume 5 NA, 2019-06-12. Volume 5 provides an account and interpretation of the historical development of the region from around 1930 to the end of the twentieth century. Its wide ranging study of the economic, political, religious, social and cultural history of this period brings the series to the authorial present. Highlights include the turbulent thirties, decolonization, the turn to the left made in the 1970s by anglophone Caribbean countries, the Castro Revolution and changes in social and demographic structures including ethnicity and race consciousness and the role and status of women.

The Political History of CARICOM Anthony Payne, 2008. This book is a revision of Anthony Payne's *The Politics of the Caribbean Community 1961-79*. Regional integration amongst New States and is the only one of its kind to offer a full account of the period from the end of Federation to the beginning and early years of CARICOM. Expanding on the previous publication, a third section has been added that picks up on the in depth analysis which ended at 1979, discussing events from 1980-2007 including the CARICOM Single Market and Economy. The volume is divided into three parts: Part I Origins and Establishment 1961-73; Part II Issues and Structures 1974-79; Part III Events 1980-2007 which give an overview of the regional integration movement and its antecedents, making it suitable for students at the undergraduate and graduate levels.

New Caribbean Thought Brian Meeks, Folke Lindahl, 2001. The dawn of the twenty first century is an opportune time for the people of the Caribbean to take stock of the entire experience of the past forty years since the ending of direct colonialism. The authors believe it is now time to chart our future by carefully learning the lessons of the

recent past This interdisciplinary collection is the first to cross traditionally restrictive disciplinary barriers to address the tough questions that face the Caribbean today What went wrong with the nationalist project What if any are the realistic options for a more prosperous Caribbean What are to be the roles of race gender and class in a more global less national world Meeks and Lindahl include thought provoking articles from twenty one respected thinkers in diverse fields of study The groundbreaking articles include critiques of existing bodies of thought reformulations of general theoretical approaches policy oriented alternatives for future development and more This book is a must for statesmen academics and students of political theory social theory Caribbean studies comparative gender studies post colonial studies Marxism and Caribbean history and anyone interested General History of the Caribbean Brereton, Bridget, Martínez-Vergne, Teresita, Römer, René A., Silvestrini, Blanca G., UNESCO, 2004-12-31 The major objective of this publication is to provide an account and interpretation of the historical development of the region from around 1930 to the end of the century Within its compass are the turbulent thirties including the Cuban Revolution of 1933 and the labour protests in the British Caribbean of 1934 the strategic position occupied by the region during the Second World War the development of proletarian movements and trade unions and their links with political parties decolonization political evolution in the French and Dutch Caribbean and the turn to the left made in the 1970s by a number of Anglophone Caribbean countries notably Grenada Also examined are the Castro Revolution and its aftermath to the 1990s ethnicity and race consciousness and their effects in uniting or dividing communities and nations international relations and regional co operation changes in social and demographic structures including the role and status of women education migration and urbanization and the beliefs and cultural experiences which underpin Caribbean identity The final chapter provides an overall survey of changes in the quality of life in the Caribbean during the twentieth century **International Organizations** G. Schiavone, 2016-04-30 The new edition of this established reference work provides a comprehensive and balanced guide to international institutions Highlighting the challenges of globalization and the newly emerging powers on the world scene the A Z section of approx 250 organizations provides detailed information on their origin purpose activities and role **Pan-Caribbean Integration** Patsy Lewis, Terri-Ann Gilbert-Roberts, Jessica Byron, 2017-12-14 A critical part of the history of regionalism in Latin America and the Caribbean is to be found in the widening of the economic and functional relationships among the English speaking Caribbean to embrace other countries in the Greater Caribbean Bringing together a range of international experts to explain the broad thrusts of CARICOM s widening project and the opportunities and challenges it presents the book pays particular attention to CARICOM s relations with the French Caribbean territories Providing a review of the pan Caribbean landscape this volume notes the impact of these new relationships on internal CARICOM affairs inter regional South South cooperation and political and legislative changes in European metropolises of the non independent territories It also contemplates recent developments in the region and globally such as political instability in Brazil and Venezuela Britain s decision to leave the European Union

and the policies of the Donald Trump administration This edited collection will be an important resource for students and researchers in Latin American and Caribbean politics economics development history and heritage

Sunset Over The Islands The Caribbean In An Age Of Global And Regional Challenges Book Review: Unveiling the Power of Words
