The Sufi Message of Hazrat Inayat Khan: The Art of Being Hazrat Inayat Khan,2020-09-28 Many think that it is some deformity of the body a curve in the spine or cavity in the brain that affects the mind Few realize that very often the mind produces an irregularity in the spine or in the brain thereby causing an illness The ordinary point of view regards an illness as a physical disorder which can be cured by means of material remedies Then there is another point of view that of people who think deeply and who say that by not taking notice of an illness or by suggesting to oneself that one is well one can be restored to health This point of view can be exaggerated when some people claim that illness is an illusion that it has no existence of its own The ordinary point of view can also be exaggerated when one thinks that medicine is the only means of cure and that thought has little to do with actual illness Both these persons the one who looks at it from the ordinary point of view and the other who sees from a deeper point of view will find arguments for and against their idea Some people go as far as to say that medicine must not be touched by those who have faith and some affirm that an illness is as real as health It is in the absence of illness that a person can easily call pain an illusion but when he is suffering then it is difficult for him to call it an illusion The question who is more subject to illness a spiritual person or a material person may be answered thus a spiritual person who discards spiritual laws No doubt a spiritually inclined person is supposed to have less chance of being ill because his spirit has become harmonious through spirituality He creates harmony and radiates it He keeps to the realm of nature in tune with the Infinite Nevertheless a spiritual person s life in the midst of the world is like the life of a fish on land The fish is a creature of the water Its sustenance its joy its happiness are in the water A spiritual soul is made for solitude His joy and happiness are in solitude A spiritual person set in the midst of the world by destiny feels out of place and the ever jarring influences of those around him and the continually striking impressions which disturb his finer senses make it more likely that he will become ill than those who push their way in the crowd of the world and are ready to be pushed away

The Sufi Message of Hazrat Inayat Khan: The Gathas Hazrat Inayat Khan,2020-09-28 There is a remarkable phrase

in the Bible here it says Eat My flesh and drink My blood says Christ What does He mean by saying this He means in the first place that what a living being loves most is his food what he loves most he eats It has been proved in ferocious and dreadful famines by people eating their own children that food is dearer than their own child The word of Christ therefore Find out what it is in Me that you love which may become your nourishment which may become your food It is not this My flesh and blood this will not be sufficient to satisfy your appetite There is another part of My being which is in abundance and can nourish My numberless devotees Therefore before trying to eat My flesh and blood try to find out on what plane I really exist and what is My true being The lives of all the great saints show that not only their adversaries and opponents but also their near and dear friends have proved to be among their worst enemies There is a creature which loves its mate so much that it eats it Now as to the question what it is that Christ speaks of as his flesh and blood His flesh is the knowledge of God and His blood is the love of God because it is love that has a tendency so to speak to excite the circulation and it is knowledge which has the tendency to strengthen making man firm of which flesh is the symbol One thing without the other would be abnormal For instance flesh without blood or blood without flesh both are not normal conditions What gives normal health to the body and to the soul is flesh and blood both In the religious custom of the sacrament of bread and wine it is this secret which is symbolically expressed
