**The Bridge at Chappaquiddick** Jack Olsen, 2020-05-28 And on its surface the Chappaquiddick Incident as it has infamously become known was a simple but tragic traffic accident However its political fallout caused it to become the most speculated upon car accident until Princess Diana's fatal ride some 28 years later Was Kennedy drunk Was he trying to conceal an affair by deliberately killing Kopechne Why did he wait for so long before reporting the accident And who else was involved Olsen tells the tale with as much detail as was made available to him Though there is apparently only a single living eye witness to the accident Kennedy himself who described having the sensation of drowning on live television a week later Olsen tracks down the incongruous statements made by others who were indirectly involved and comes to a potential conclusion which would be difficult to refute There is no legal evidence of this conclusion of course but his alternate explanation of events turns much of the circumstantial evidence into a logic of sorts *Chappaquiddick* Leo

sphere Scandal in a Digital Age marries scholarly research on scandal with journalistic critique to explore how our Internet culture driven by over sharing and viral visual content impacts the occurrence of scandal and its rapid spread online through retweets and reposts No longer are examples of scandalous behavior merely reported in the news Today news consumers can see the visual evidence of salacious behavior whether through an illicit tweet or video with a simple click And we can't help but click

Spy, 1987-11 Smart Funny Fearless It's pretty safe to say that Spy was the most influential magazine of the 1980s It might have remade New York's cultural landscape it definitely changed the whole tone of magazine journalism It was cruel brilliant beautifully written and perfectly designed and feared by all There's no magazine I know of that's so continually referenced held up as a benchmark and whose demise is so lamented Dave Eggers It's a piece of garbage Donald Trump

**The Secret Plot to Make Ted Kennedy President** Geoff Shepard, 2008-06-17 The controversial book that will change how people think about Watergate Drawing on his insider knowledge and previously unpublished documents Geoff Shepard shows that it didn't take long for Ted Kennedy and his allies to smell blood after the Watergate break in They set out to exaggerate and prolong the scandal not merely to destroy Richard Nixon but to undermine the entire Republican Party and pave the way for another Kennedy presidency in 1976 In the process working closely with a willing media they pioneered the politics of personal destruction which has tarnished our country ever since Shepard reveals how this Kennedy conspiracy included members and staffs of the Senate the House the Justice Department and the Special Prosecutor's office They used delay tactics and obfuscation to postpone the indictments and avoid trials of the handful of real Watergate criminals Shepard argues that the abuses of power by Kennedy's cronies dwarf those of the administration they savaged Among those he singles out for reevaluation are Republican turncoat John Dean Mark Deep Throat Felt reporter Bob Woodward and a young lawyer for the House Judiciary Committee named Hillary Rodham

**The Swamp** Eric Bolling, 2017-06-27 How Donald Trump can clear up political misconduct and corruption from the New York Times bestselling author of Wake Up America When Washington D C was first built it was on top of a swamp that had to be drained Donald Trump says it's time to drain it again In *The Swamp* bestselling author and Fox News Channel host Eric Bolling presents an infuriating amusing revealing and outrageous history of American politics past and present Republican and Democrat From national political scandals to tempests in a teapot that blew up bribery blackmail bullying and backroom deals that contradicted public policies cronyism that cost taxpayers hundreds upon hundreds of millions of dollars and personal conduct that can only be described as regrettable *The Swamp* is a journey downriver through the bayous and marshes of Capitol Hill and Foggy Bottom The presidential election of 2016 was ugly but it exposed a political media industry and elite establishment that desperately wanted to elect a politician who received millions of dollars from terror funding states over a businessman willing to tell the corrupt or incompetent You're fired The book concludes with a series of recommendations for President Trump practical hard headed and concise ways to drain the swamp and force Washington to be more transparent more accountable and more
