The Buddhist Attitude to Other Religions Kulatissa Nanda Jayatilleke, 1975 **The Buddhist attitude to other religions** Kulatissa Nanda Jayatilleke, 1987 The Christian Attitude to Other Religions E. C. Dewick, 2011-06-09 First published in 1953 these Hulsean Lectures review the policy and methods of Christian missions to non Christians **The Buddhist Attitude to Other Religions**, 1966 **The Buddha and Religious Diversity** J. Abraham Vélez de Cea, 2013 Providing a rigorous analysis of Buddhist ways of understanding religious diversity this book develops a new foundation for cross cultural understanding of religious diversity in our time Examining the complexity and uniqueness of Buddha's approach to religious pluralism using four main categories namely exclusivism inclusivism pluralistic inclusivism and pluralism the book proposes a cross cultural and interreligious interpretation of each category thus avoiding the accusation of intellectual colonialism The key argument is that unlike the Buddha most Buddhist traditions today including Theravada Buddhism and even the Dalai Lama consider liberation and the highest stages of spiritual development exclusive to Buddhism The book suggests that the Buddha rejects many doctrines and practices found in other traditions and that for him there are nonnegotiable ethical and doctrinal standards that correspond to the Dharma This argument is controversial and likely to ignite a debate among Buddhists from different traditions especially between conservative and progressive Buddhists The book fruitfully contributes to the literature on inter religious dialogue and is of use to students and scholars of Asian Studies World Religion and Eastern Philosophy **Buddhist Attitudes to Other Religions** European Network of Buddhist-Christian Studies. Conference, 2008 *Buddhism* Keith Yandell, Harold Netland, 2009-05-22 In this clear introduction to Buddhism Keith Yandell and Harold Netland lay out the central metaphysical claims of this significant world religion and then offer an honest comparison with Christianity acknowledging some overlap of belief while also noting the clear and significant differences between the two religions **Buddhism** David Burton, 2017 Cover Half Title Title Page Copyright Page Table of Contents Acknowledgements Introduction 1 The problem of suffering 2 Karma and rebirth 3 Evil freedom and other ethical issues 4 Concepts of Buddha 5 The varieties of emptiness 6 Language and reality 7 Religious diversity Conclusion Bibliography Index **Religion and Identity in South Asia and Beyond** Steven E. Hoover, 2021-12-27 This pioneering handbook proposes an approach to pluralism that is relational principled and non relativistic going beyond banal calls for mere tolerance The growing religious diversity within societies around the world presents both challenges and opportunities A degree of competition between deeply held religious worldview perspectives is natural and inevitable yet at the same time the world urgently needs engagement and partnership across lines of difference None of the world's most pressing problems can be solved by any single actor and as such it is not a question of if but when you partner with an individual or institution that does not think act or believe as you do The authors argue that religious literacy defined as a dynamic combination of competencies and skills continuously refined through real world cross cultural engagement is vital to building societies and states of neighborly solidarity and civic fairness Through examination reflection and case studies across multiple faith traditions and professional fields this handbook equips scholars and students as well as policymakers and practitioners to assess analyze and act collaboratively in a world of deep diversity The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license *Sharing Jesus in the Buddhist World* David Lim, Steve Spaulding, Paul H. de Neu, 2003-06-01 This book on Christian missions to the Buddhist world not only provides understanding of many Buddhist cultures but provides culturally relevant ideas on sharing Jesus with Buddhists around the world It lives up to the editors goal to provide the global church with knowledge and understanding of the Buddhist world and how to reach it for Christ The Oxford Handbook of Religious Diversity Chad V. Islam as fundamentally irreconcilable by exploring the diverse ways representatives of the two traditions have engaged each other in Southeast Asia the global frontstage of contemporary Buddhist Muslim relations and Japan a Buddhist majority country whose Islam policy played a significant role in its surge to global power status It investigates the processes through which mutual perceptions and discourses have developed in response to shifting socio political circumstances and via the intellectual interventions of leading personalities
