Modern England Karen Bamford, Naomi J. Miller, 2016-05-06 Though recent scholarship has focused both on motherhood and on romance literature in early modern England until now no full length volume has addressed the notable intersections between the two topics This collection contributes to the scholarly investigation of maternity in early modern England by scrutinizing romance narratives in various forms considering motherhood not as it was actually lived but as it was figured in the fantasy world of romance by authors ranging from Edmund Spenser to Margaret Cavendish Contributors explore the traditional association between romance and women both as readers of fiction and as tellers of old wives tales as well as the tendency of romance plots with their emphasis on the family and its reproduction to foreground matters of maternity Collectively the essays in this volume invite reflection on the uses to which Renaissance culture put maternal stereotypes the virgin mother the cruel step dame as well as the powerful fears and desires that mothers evoke assuage and sometimes express in the fantasy world of romance

Disknowledge Katherine Eggert, 2015-10-02 Disknowledge knowing something isn't true but believing it anyway In *Disknowledge Literature Alchemy and the End of Humanism* in Renaissance England Katherine Eggert explores the crumbling state of learning in the sixteenth and seventeenth centuries Even as the shortcomings of Renaissance humanism became plain to see many intellectuals of the age had little choice but to treat their familiar knowledge systems as though they still held Humanism thus came to share the status of alchemy a way of thinking simultaneously productive and suspect reasonable and wrongheaded Eggert argues that English writers used alchemy to signal how to avoid or camouflage pressing but discomfiting topics in an age of rapid intellectual change Disknowledge describes how John Donne George Herbert Henry Vaughan John Dee Christopher Marlowe William Harvey Helkiah Crooke Edmund Spenser and William Shakespeare used alchemical imagery rhetoric and habits of thought to shunt aside three difficult questions how theories of matter shared their physics with Roman Catholic transubstantiation how Christian Hermeticism depended on Jewish Kabbalah and how new anatomical learning acknowledged women's role in human reproduction Disknowledge further shows how Shakespeare Ben Jonson and Margaret Cavendish used the language of alchemy to castigate humanism for its blind spots and to invent a new posthumanist mode of knowledge writing fiction Covering a wide range of authors and topics Disknowledge is the first book to analyze how English Renaissance literature employed alchemy to probe the nature and limits of learning The concept of disknowledge willfully adhering to something we know is wrong resonates across literary and cultural studies as an urgent issue of our own era
