The Burning Fountain A Study In The Language Of Symbol:

The Burning Fountain Philip Wheelwright, 1954 A defense of the validity of poetic religious meaning of symbolic language
The Symbol of Water in the Gospel of John Larry Paul Jones, 1997-01-01 This study explores the meaning and function of water as a literary symbol in the Gospel of John Jones first gives an account of symbol it points beyond itself it defies clear and definitive perceptual expression and it in some way embodies that which it represents Then he examines the narrative sections of John that involve water plotting the expanding meaning and function of the symbol as the narrative unfolds The study concludes that water serves primarily as a symbol of the Spirit and therein symbolizes Jesus The symbol of water calls a wide variety of readers to a decision and functions as a bridge linking the new identity believers receive when they come to faith in Jesus with the traditions from which they came

Handbook for Biblical Interpretation W. Randolph Tate, 2012-11-01 This handbook provides a comprehensive guide to methods terms and concepts used by biblical interpreters It offers students and non specialists an accessible resource for understanding the complex vocabulary that accompanies serious biblical studies Articles arranged alphabetically explain terminology associated with reading the Bible as literature clarify the various methods Bible scholars use to study biblical texts and illuminate how different interpretive approaches can contribute to our understanding Article references and topical bibliographies point readers to resources for further study This handbook now updated and revised to be even more useful for students was previously published as *Interpreting the Bible A Handbook of Terms and Methods* It is a suitable complement to any standard hermeneutics textbook

The Power of Pictures in Christian Thought Anthony C. Thiselton, 2018-11-15 A biblical historical and theological investigation into the tendency of literary images to either enlighten or mislead and how we can learn to distinguish between the two Part One considers key philosophical and aesthetic evaluations of literary images and symbols The power of pictures is widely appreciated as in the adage a picture is worth a thousand words Sometimes Christian discourse can be smothered by endless prose which demands much inferential reasoning There is however a contrary argument An isolated visual representation can be misleading if it is improperly interpreted For example some mystical visions are interpreted as direct instructions from the Holy Spirit as happened with the Radical Reformers who advocated the Peasants Revolt Hence theories of symbol metaphor and visual representation must be examined Part Two discusses visual representation in the Old Testament the teaching of Jesus pictures and analogies in Paul and the Book of Revelation This shows the range of authentic visual representations In contrast to biblical material we find throughout Christian history abundant examples of misleading imagery which is often passed off as Christian A notorious example is found in the visual representation and metaphors used by Gnostic writers Almost as bad are some visual representations used by the medieval mystics Radical Reformers and extreme charismatics all of which lack valid criteria of

interpretation relying instead on subjective conviction Similarly sermons and prayers today can be enriched with pictorial images but some can be misleading and unhelpful for the life of the Church **Cassirer and Langer on Myth** William Schultz,2013-09-13 This book provides a detailed overview of the approach by two of the leading philosophical theorists of myth **Searching for Oedipus** Kenneth Glazer,2018-09-15 Aristotle considered it to be the model on which all other tragedies should be based Freud viewed it as the key to unlocking the subconscious Countless others have agreed with D H Lawrence s assessment that it is the finest drama of all time It is Oedipus Rex one of the most celebrated and disputed works in all of Western literature For centuries classicists psychologists philosophers and many others have tried to solve the Riddle of Oedipus the age old puzzle of what Sophocles s masterpiece means and why it is so singularly mesmerizing In *Searching for Oedipus* Kenneth Glazer offers a fresh and personal way of looking at Oedipus Rex by recounting what Oedipus Rex has meant to him at different points in his life and how gradually over many years he came to answer this ancient riddle for himself Along the way *Searching for Oedipus* shows just how deeply Oedipus Rex is embedded in our cultural DNA and how strongly its influence continues to be felt Both a valuable resource for scholars and a riveting accessible analysis for the general reader *Searching for Oedipus* brings to life a work of art that even after 2 500 years still retains the power to shock and inspire **Cosmos, Chaos and the Kosher Mentality** David Bryan,2015-01-29 This is an innovative investigation of the puzzling animal imagery found in three 2nd century BCE texts the Animal Apocalypse 1 Enoch 85 90 the Testament of Naphtali and Daniel 7 It urges that a sense of cultural change is required to understand this well known imagery and argues in particular that the mentality underlying the kosher legislation played a significant even if unconscious role in the imagination of the various authors A reading of the Animal Apocalypse is offered which argues that the author utilized the unclean precisely because they represent for him the forces of chaos set in opposition to God Bryan acknowledges that the bizarre creatures of T Naph 5 and Daniel 7 belong to a different kind of imagery *Mischwesen* but argues that awareness of the influence of the kosher mentality opens up new explanations As mixed creatures they represent a radical break with order They are an intense form of unclean creature and those whom they represent are perceived to be living embodiments of the powers of chaos **Distance in Preaching** Michael Brothers,2014-09-22 Based on several years of teaching and careful observation in preaching classes this book by Michael Brothers explores the benefits of distance in preaching and listening to sermons Having noticed that sermon listeners generally want to be given room for their own interpretations and experiences Brothers argues that critical and aesthetic distance as a hermeneutical tool is vital to hearing the gospel today and should be intentionally employed in sermon construction and delivery He explains this distance in the field of homiletics equips teachers and students of preaching to evaluate the function of distance in sermons and encourages preachers to practice the use of distance in their preaching **Text to Praxis** Abraham Kuruvilla,2009-03-26 A fundamental issue for preachers of the Bible has always been achieving an approach that is both faithful to the textual intention as well as fitting

for the listening audience What is historical and distant the text is in preaching made contemporary and near praxis Particularly pertinent is how this transaction may be conducted with respect to the self contained and well defined quantum of the scriptural text that is regularly employed in liturgical contexts the pericope This book answers the question In a sermon intending to proclaim application from a pericope what is the hermeneutical basis for moving validly from text to praxis i e with authority and relevance The concept of theology as a bridge between text and praxis has not been specifically researched or rigorously substantiated Kuruvilla seeks to do both utilizing as entr es language philosophy literary criticism and a thorough understanding of ordinary language Drawing from a variety of hermeneutical resources he establishes pericopal theology as the intermediary between text and praxis How this theology is discerned from the text and how application may be determined therefrom form the crux of this book This novel approach lends validity to the movement from text to praxis and promises to be useful for any approach to the biblical text intended to culminate in application Kuruvilla s approach provides a substantial technical basis for such an operation Thus the preacher must be a theologian homiletician It is the working out of this nomenclature especially the theologian half of the appellation that is the essence of this work uniting as it does in one portfolio the responsibility of negotiating the demands of both hermeneutics and homiletics

Taming the Chaos Emerson R. Marks,1998 Alone among artists poets are at once blessed and burdened by the inherent semantic component and the tarnishing social employment of their linguistic medium In an effort to define the mysterious and attractive power of poetic discourse Emerson Marks undertakes a comparison of successive attempts to explain the phenomenon TAMING THE CHAOS is an ambitious study of poetic language *Revenge of the Aesthetic* Michael P. Clark,2023-11-15 This cutting edge collection of essays showcases the work of some of the most influential theorists of the past thirty years as they grapple with the question of how literature should be treated in contemporary theory The contributors challenge trends that have recently dominated the field especially those that emphasize social and political issues over close reading and other analytic methods traditionally associated with literary criticism Written especially for this collection these essays argue for the importance of aesthetics poetics and aesthetic theory as they present new and stimulating perspectives on the directions which theory and criticism will take in the future In addition to providing a selection of distinguished critics writing at their best this collection is valuable because it represents a variety of fields and perspectives that are not usually found together in the same volume Michael Clark s introduction provides a concise cogent history of major developments and trends in literary theory from World War II to the present making the entire volume essential reading for students and scholars of literature literary theory and philosophy This cutting edge collection of essays showcases the work of some of the most influential theorists of the past thirty years as they grapple with the question of how literature should be treated in contemporary theory The contributors challenge trends th *Sociology and Interpretation* Charles A. Pressler,Fabio B. Dasilva,Fabio B.. Da Silva,1996-01-01 Interpretive sociology involves the consideration of not

only sense evidence but also of meanings affects and other subjective phenomena Sociologists and social philosophers have attempted to understand social behavior through observable interaction and wellsprings of behavior This book is dedicated to a critical analysis of these approaches from the positivist hermeneutics of Emilio Betti to the non rational ethics of Max Scheler Guided by a general model of social scientific activity developed in the introduction it carefully explores the rich diversity of interpretive positions *Jewish Biblical Interpretation: Medieval and Modern* Michael Fishbane ,2024-07-17

Following his first wide ranging collection on biblical text and exegetical culture Michael Fishbane supplements his previous investigations with this second volume of collected writings It includes close studies in medieval Jewish liturgical poetry Jewish biblical exegesis plain sense allegorical sense philosophical and mystical senses and modern Jewish thought traditional especially Hasidic literature as well as modern Jewish theology Emphasizing the varieties of Jewish exegetical culture and the interplay between culture text and theology each study is intended to be paradigmatic for a particular cultural or literary subject and includes many comparative examples while placing special emphasis on hermeneutical and expository matters *A Smile in His Mind's Eye* Ray Morrison,2005-01-01 Durrell s best known work fused Western notions of time and space with Eastern metaphysics Very little has been written about Durrell s work before the Second World War With *A Smile in His Mind's Eye* Ray Morrison seeks to redress this neglect **Liminal Readings** David S Arnold,1992-12-09

Picturing China in the American Press David D. Perlmutter,2007-01-01 *Picturing China* is the first post Cold War intensive study comparing and contrasting press coverage of an important period in East West relations to the what we know now of archival history The book reveals the many instances when the American public and journalists as well as our government floundered in their attempt to understand China and so serves as a cautionary tale for all those who wish to comprehend the complexities of other nations and other peoples via journalism s first draft of history *Reconstructing Illness* Anne Hunsaker Hawkins,1999 Serious illness and mortality those most universal unavoidable and frightening of human experiences are the focus of this pioneering study which has been hailed as a telling and provocative commentary on our times As modern medicine has become more scientific and dispassionate a new literary genre has emerged pathography the personal narrative concerning illness treatment and sometimes death Hawkins s sensitive reading of numerous pathographies highlights the assumptions attitudes and myths that people bring to the medical encounter One factor emerges again and again in these case studies the tendency in contemporary medical practice to focus primarily not on the needs of the individual who is sick but on the condition that we call disease Pathography allows the individual person a voice one that asserts the importance of the experiential side of illness and thus restores the feeling thinking experiencing human being to the center of the medical enterprise Recommended for medical practitioners the clergy caregivers students of popular culture and the general reader *Reconstructing Illness* demonstrates that only when we hear both the doctor s and the patient s voice will we have a medicine that is truly human *The Idea of the Symbol* M. Jadwiga Swiatecka,1980-07-03
