with a small backpack a couple of cameras the hubris of a superhero and a strong thirst for danger She wanted to see what a war would look like when seen from up close Na vely she figured it would be easy to filter death through the prism of her wide angle lens She was dead wrong Within weeks of arriving in Paris after begging to be sent where the action was Kogan found herself on the back of a truck in Afghanistan her tiny frame veiled from head to toe the only woman and the only journalist in a convoy of rebel freedom fighters Kogan had not actually planned on shooting the Afghan war alone However the beguiling French photographer she d entrusted with both her itinerary and her heart turned out to be as dangerously unpredictable as well a war Kogan found herself running from one corner of the globe to another each linked to the man she was involved with at the time From Zimbabwe to Romania from Russia to Haiti Kogan takes her readers on a heartbreaking yet surprisingly hilarious journey through a mine strewn decade her personal battles against sexism battery and even rape blending seamlessly with the historical struggles of war revolution and unfathomable abuse it was her job to record In the end what was once adventurous to the girl began to weigh heavily on the woman Though she had finally been accepted into photojournalism s macho fraternity her photographs splashed across the front pages of international newspapers and magazines Kogan began to feel there was something more she was after Ultimately what she discovered in herself was a person a woman for whom life not death is the one true adventure to be cherished above all
