The Call Of The Spirit Sun:

Sun's Season of Channels Jonathan Shubs, 2021-07-21 This is a creative entry level book on Chinese medicine theory philosophy and concepts told in an accessible story telling format in the context of a child visiting their grandparents over the summer and having lessons over afternoon tea It presents the theory of Yin Yang the five elements the Chinese Biorhythm Clock and the placement of the channels with a logical explanation in a narrative style With a dialectic approach it not only aids Chinese medicine students in understanding the Classical texts but also nudges students away from memorising information and towards a deeper understanding of the channels and relevant theories **Mystery of the Christ** Oskar

Kürten, 2023-05-15 Who is the Christ What is the Sun spirit How should we understand the person of Jesus in relation to the Cosmic Christ or even to the Holy Trinity In a majestic overview of Rudolf Steiner's extensive references to Christ and Jesus originally dispersed throughout his many writings and lectures Oskar Kürten creates a mutually reconcilable and coherent text We are invited to accompany the author as he attempts to comprehend the unimaginably vast enigma of Christ's appearance on Earth The results of his work can sometimes be overwhelming but as Kürten points out humanity is always advancing in its intellectual and spiritual culture and each step poses higher demands on our capacity to understand In a volume comprising three previously untranslated booklets composed originally as study material for people conversant with the fundamentals of anthroposophy Mystery of the Christ gives numerous pointers to great mysteries inviting readers to penetrate ever more deeply into the inexhaustible subject matter As Kürten states this approach enables us again and again to find surprisingly new insights into the mysterious interconnections in which Christ's entry into earth existence and the Mystery of Golgotha are placed Deer, the Star Catcher and Woman Bringer Richard Arling Marshall, 2013-05-30 The

story is of a young Chahta Choctaw boy's odyssey into manhood prior to the European discovery of the Americas The young man Issi Deer lives at Nanih Wayia the Chahta Mother Site Winston County Mississippi Throughout the story Issi shows a great deal of character as he nears adulthood mixing the real world with the spirit world In a cross cultural way the story is a kind of imaginary time travel where people lived quite differently from us yet were as human and as loving having the same feelings and hopes but expressing and achieving them with different thoughts and actions They are referred to as the Oklafihna and the Chito meaning the Great People The Oklafihna are a village and community and a part of the greater collegium of peoples later known as the Chahta Within the story are brief glimpses of the people the geographic place and the environment The story is a fictional adventure placed primarily in Mississippi and the adjacent states Comments on the ethnographic customs and descriptions of daily living and activities are based upon the written literature enhanced by the writer's personal interpretations of the Southeastern United States Indians and their archaeology and imagination Many places referenced are actual though little known Brief historical comment is made of places when important to the understanding of the story and place The story hopefully builds a believably real and acceptable construct of Issi's time place

and adventure mixed with the spirit world Moderate use of Chahta words throughout the story lend authenticity About the Author Richard Arling Marshall has spent more than fifty years as a teacher and archeologist Born in 1928 in Belen New Mexico he grew up in Missouri graduating with a bachelor s in art and science and obtained a master s degree in anthropology from the University of Missouri Columbia Missouri After 1966 the author was associated with the Department of Sociology and Anthropology and the Cobb Institute of Archaeology Mississippi State University as professor of anthropology and conducted research and salvage archaeology and Cultural Resource Surveys throughout that state He retired in 1994 as associate professor of anthropology emeritus The author s wife is Helen Justine Noe formerly of Lilbourn Missouri Together they have two daughters and five grandchildren 2013 Paperback 568 pages
