Diane Flynt, 2023-09-18 For anyone who s ever picked an apple fresh from the tree or enjoyed a glass of cider writer and orchardist Diane Flynt offers a new history of the apple and how it changed the South and the nation Showing how southerners cultivated over 2 000 apple varieties from Virginia to Mississippi Flynt shares surprising stories of a fruit that was central to the region for over 200 years

Colorful characters abound in this history including aristocratic Belgian immigrants South Carolina plantation owners and multiple presidents each group changing the course of southern orchards She shows how southern apples ranging from northern varieties that found fame on southern soil to hyper local apples grown by a single family have a history beyond the region from Queen Victoria s court to the Oregon Trail Flynt also tells us the darker side of the story detailing how apples were entwined with slavery and the theft of Indigenous land She relates the ways southerners lost their rich apple culture in less than the lifetime of a tree and offers a tentatively hopeful future

Alongside unexpected apple history Flynt traces the arc of her own journey as a pioneering farmer in the southern Appalachians who planted cider apples never grown in the region and founded the first modern cidery in the South Flynt threads her own story with archival research and interviews with orchardists farmers cidermakers and more The result is not only the definitive story of apples in the South but also a new way to challenge our notions of history

The Longest Cocktail Party Richard

DiLello, 2014-11-05 Apple Records was a noble experiment created in the spirit of the 1960s by four musicians who came to represent everything that was best about those tumultuous experimental and liberating times. The Beatles started out with the greatest of intentions but reality soon got in the way. Much has been written about this period in the history of The Beatles' evolution and dissolution, some of it true, some of it wildly exaggerated, but not much of it first hand. *The Longest Cocktail Party* is a rare exception. Written by Richard DiLello, who served as Apple Records' House Hippie from 1968 to 1970, this unusual first hand glimpse into The Beatles' empire humorously chronicles the stranger-than-life stories that were to become legendary, including visits by the Hell's Angels and endless tales of celebrity antics. Alfred Music is proud to offer this latest edition, which features a new and insightful foreword by the author. Originally published by Playboy Press in 1972, *The Longest Cocktail Party* has proven itself a timeless chronicle of this most colorful period in pop history.
