Evans,2013-11-01 Scholar and diplomat Brian L Evans gives us the first English language biography of Chester A Ronning 1894 1984 diplomat politician educator and one of Canada s major public figures This fascinating story depicts Ronning the man who received many honours and deepens readers knowledge of Canada s post World War II diplomacy and Canada China relations Ronning was an extraordinary Canadian who combined Chinese sensibility with Norwegian calm practicality and American drive His life journey was entwined with the history of China over many decades Based on written materials historical documents and many hours of interviews with Ronning his friends and fellow politicians *The Remarkable Chester Ronning* offers both a thorough and entertaining biography and a lens through which to view international politics **The Social Credit Movement in Alberta** John A. Irving,1959-12-15 On the night of August 22 1935 as Canadians listened to their radios they heard with amazement and incredulity that the first Social Credit government in the world had been elected that day in the province of Alberta Before the tabulation of votes was completed telephone calls from New York and London headlines in newspapers spot news in broadcasts had confirmed the slogan of Social Crediters The Eyes of the World are on Alberta The morning after the election a number of people lined up at the city hall in Calgary to collect the first installment of the Social Credit dividend of 25 monthly which they confidently believed would be immediately forthcoming from their new government

This quotation from Professor Irving's book indicates how the apparent suddenness of the Social Credit rise to power and the magnitude of the victory aroused world wide comment Why had the doctrines of Social Credit promoted unsuccessfully in the British Commonwealth and the United States for nearly twenty years achieved political acceptance in Alberta Why had the people of Alberta elected to public office persons so little experienced in the economic and political world as William Aberhart and his Social Credit colleagues Professor Irving answers these questions and analyses systematically and comprehensively the rise of the movement as a phenomenon of mass psychology His study based mainly on interviews supplemented with references to private papers newspapers and government sources provides a truly fascinating record
