The Cannibal

Robert R. Redfield

The Cannibal:

The Cannibal Within Lewis F. Petrinovich, *The Cannibal Within* offers an evolutionary account of the propensity of human beings in extreme circumstances to eat other human beings despite the strong Western taboo against such practices What sets this volume apart from the large body of literature on cannibalism both popular and anthropological is the underlying premise cannibalism as an alternative to starvation is tacitly condoned by the same biological morality that would condemn cannibalism of other sorts in non threatening situations Deep as the taboos may be the survival instinct runs even deeper The title of the book reflects the author s belief that cannibalism is not a pathology that erupts in psychotic individuals but is a universal adaptive strategy that is evolutionarily sound The cannibal is within all of us and cannibals are within all cultures should the circumstances demand cannibalism s appearance and usage Petrinovich s work is rich in historical detail and rises to a level of theoretical sophistication in addressing a subject too often dealt with in sensationalist terms The major instances in which survival cannibalism has occurred convinced the author that there is a consistent pattern and a uniform regularity of order in which different kinds of individuals are consumed In considering who eats whom when and under what circumstances this regularity appears and it is consistent with what would be expected on the basis of evolutionary or Darwinian theory In short he concludes that starvation cannibalism is not a manifestation of the chaotic psychotic behavior of individuals who are driven to madness but reveals underlying characteristics of evolved human beings Lewis Petrinovich is professor emeritus in the Department of Psychology of the University of California Riverside and is currently a resident of Berkeley California

Cannibals Frank Lestringant, 1997 *Cannibals* is a magisterial wide ranging and wonderfully readable exploration of one of the great Western obsessions With a blend of horror astonishment and half suppressed admiration European travelers philosophers theologians missionaries and artists have argued for centuries about the significance of cannibalism Lestringant s extraordinary erudition enables him to map an immensely complex territory His book is a feast

Stephen Greenblatt *The Cannibal's Islands Captain Cook Adventures in the South Seas* R. M. Ballantyne, 2019-05-09 Story of Captain James Cook of the British Navy and his explorations of the South Seas including Tahiti around 1760 Ballantyne called some of the islands the Cannibal Islands due to reports of cannibalism This short book contains some discussions of things like breadfruit and how it was prepared Captain Cook's arrival was to essentially to stone age societies that did not have iron or copper or brass or the other industrial metals Theft was a problem as the natives would steal knives and other things that attracted their attention Amazon

The Cannibal's Progress; Or the Dreadful Horrors of French Invasion! as Displayed by the Republican Officers and Soldiers ... Towards the Innocent Inhabitants of Germany. Translated from the German, by Anthony Aufrer. [With an "Introductory Address, By Peter Porcupine. To the People of America," by William Cobbett, M.P.] , 1798

The Cannibal's Progress; or the Dreadful horrors of French invasion! as displayed by the Republican officers and soldiers ... towards the innocent inhabitants of
