The Capitol and the Campus Carnegie Commission on Higher Education, 1971 *The Capitol and the Campus* Carnegie Commission on Higher Education, 1971 *American Higher Education in the Twenty-First Century* Philip G. sporadic political protests by faculty and students He agrees with Touraine however in his two great themes 1 that you cannot understand the academic system unless you first understand society and 2 that the rise of the university must be understood to understand modern society where knowledge is power This volume will be important to all those interested in higher education whether as participants or observers
