Bernstein, Kathleen M. Savage, 1995-09 Where to find help planning careers that require college or technical degrees **The Encyclopedia of Contemporary American Fiction, 2 Volumes** Patrick O'Donnell, Stephen J. Burn, Lesley Larkin, 2022-03-01 Neue Perspektiven und aufschlussreiche Erörterungen der zeitgenössischen amerikanischen Belletristik Mit der Encyclopedia of Contemporary American Fiction 1980 2020 präsentiert ein Team renommierter Geisteswissenschaftler eine umfassende zielgerichtete Sammlung von Beiträgen zu einigen der bedeutendsten und einflussreichsten Autoren und literarischen Themen der letzten vier Jahrzehnte In aktuellen Beiträgen bekannter und neuer Autoren werden so unterschiedliche Themen wie Multikulturalismus zeitgenössische Regionalismen Realismus nach dem Poststrukturalismus indigene Erzählungen Globalismus und Big Data im Kontext der amerikanischen Belletristik der letzten 40 Jahre betrachtet Die Enzyklopädie bietet einen Überblick über die amerikanische Belletristik zur Jahrtausendwende sowie einen Ausblick auf die Zukunft In diesem Werk findet sich eine ausgewogene Mischung aus Analyse Zusammenfassung und Kritik für eine erhellende Betrachtung der enthaltenen Themen Außerdem enthält das Werk Eine spannende Mischung von Beiträgen bekannter und aufstrebender Autoren aus aller Welt in denen zentrale aktuelle Themen der amerikanischen Belletristik diskutiert werden Eine gezielte kritische Betrachtung von Autoren und Themen die für die amerikanische Belletristik von wesentlicher Bedeutung sind Themen in denen sich die Energie und die Tendenzen in der zeitgenössischen amerikanischen Belletristik in den vierzig Jahren zwischen 1980 und 2020 widerspiegeln Die Encyclopedia of Contemporary American Fiction 1980 2020 ist ein unverzichtbares Nachschlagewerk für Studierende und Doktoranden in den Bereichen amerikanische Literatur Englisch kreatives Schreiben und Belletristik Darüber hinaus darf das Werk in den Bibliotheken von Geisteswissenschaftlern nicht fehlen die nach einer maßgeblichen Sammlung von Beiträgen bekannter und neuerer Autoren der zeitgenössischen Belletristik suchen [Library Media Connection](#), 1996 *American Men and Women in Medicine, Applied Sciences and Engineering with Roots in Czechoslovakia* Miloslav Rechcigl Jr., 2021-02-17 No comprehensive study has been undertaken about the American learned men and women with Czechoslovak roots The aim of this work is to correct this glaring deficiency with the focus on men and women in medicine applied sciences and engineering It covers immigration from the period of mass migration and beyond irrespective whether they were born in their European ancestral homes or

whether they have descended from them This compendium clearly demonstrates the Czech and Slovak immigrants including Bohemian Jews have brought to the New World in these areas their talents their ingenuity the technical skills their scientific knowhow as well as their humanistic and spiritual upbringing reflecting upon the richness of their culture and traditions developed throughout centuries in their ancestral home This accounts for their remarkable success and achievements of these settlers in the New World transcending through their descendants as this publication demonstrates The monograph has been organized into sections by subject areas i e Medicine Allied Health Sciences and Social Services Agricultural and Food Science Earth and Environmental Sciences and Engineering Each individual entry is usually accompanied with literature and additional biographical sources for readers who wish to pursue a deeper study The selection of individuals has been strictly based on geographical vantage without regards to their native language or ethnical background Some of the entries may surprise you because their Czech or Slovak ancestry has not been generally known What is conspicuous is a large percentage of listed individuals being Jewish which is a reflection of high level of education and intellect of Bohemian Jews A prodigious number of accomplished women in this study is also astounding considering that in the 19th century they rarely had careers and most professions refused entry to them *American Learned Men and Women with Czechoslovak Roots* Mila Rechcigl, 2020-11-18 Apart from a few articles no comprehensive study has been written about the learned men and women in America with Czechoslovak roots That's what this compendium is all about with the focus on immigration from the period of mass migration and beyond irrespective whether they were born in their European ancestral homes or whether they have descended from them Czech and Slovak immigrants including Bohemian Jews have brought to the New World their talents their ingenuity their technical skills their scientific knowhow and their humanistic and spiritual upbringing reflecting upon the richness of their culture and traditions developed throughout centuries in their ancestral home This accounts for the remarkable success and achievements of these settlers in their new home transcending through their descendants as this monograph demonstrates The monograph has been organized into sections by subject areas i e Scholars Social Scientists Biological Scientists and Physical Scientists Each individual entry is usually accompanied with literature and additional biographical sources for readers who wish to pursue a deeper study The selection of individuals has been strictly based on geographical ground without regards to their native language or ethical background This was because under the Habsburg rule the official language was German and any nationalistic aspirations were not tolerated Consequently it would be virtually impossible to determine their innate ethnic roots or how the respective individuals felt Doing it in any other way would be a mere guessing and thus less objective *American Voices* Bernard K. Duffy, Richard Leeman, 2005-08-30 Contemporary public speaking remains an important part of our national life and a substantial force in shaping current events Many of America's most important moments and issues such as wars scandals election campaigns September 11 2001 have been defined by oratory Here over 50 essays cover a substantial and interesting group of major American social political economic

and cultural figures from the 1960s to the present Each entry explains the biographical forces that shaped a speaker and his or her rhetorical approach focuses mainly on a discussion of the orator s major speeches within the context of historical events and concludes with an appraisal of the speaker and his or her contribution to American political and social life All entries incorporate chronologies of major speeches bibliographies including primary sources biographies and critical studies and archival collections or Web sites appropriate for student research Entries include high profile individuals such as John D Ashcroft Elizabeth Dole Jerry Falwell Anita Hill Ralph Nader Ronald Reagan Janet Reno Gloria Steinem Malcolm X and many others Excerpts of major speeches and sidebars complement the text Ideal for researchers and students in public speaking classes American history classes American politics classes contemporary public address classes and rhetorical theory criticism classes

Library Services for Career Planning, Job Searching, and Employment Opportunities Byron Anderson,2019-12-06 Taking a broad approach from career counselling theory to recommendations of major sources of career and job information this book first published in 1992 covers subjects such as cooperative programs between librarians career planning professionals and job search counsellors and the evaluation of career related materials It emphasizes the constant demand for career and job information regardless of economic conditions Librarians can act as intermediaries to help patrons locate career and employment sources dispersed throughout the collection demonstrate their proper use and guide them to additional useful sources Specific chapters explain how to expand career and job services by networking with other community resources and developing a strong core collection of the best resources available Other ground breaking topics analysed include employment and labour market trends for the 1990s unemployment services in libraries evaluation criteria for career resources essential career planning and employment materials specialized collections for relocation literature and employment of persons with disabilities

Anatomy of What We Value Most William Gerber,2022-05-16 The book analyzes synthesizes and evaluates the insights of the world s outstanding thinkers prophets and literary masters on the good the morally right and the lovely part one the question whether the world operates on the basis of such universal laws as the logos the tao and the principle of polarity part two what there is and isn t in the world including such categories as existence reality being and nonbeing part three and pre eminently credible and enriching beliefs about truth wisdom and what it all means part four Emphasis is placed on the divergent views of such intellectual giants as Confucius and Laotse in ancient China the classical Hindu philosophers from ancient times to Gandhi and Tagore patriarchs and prophets quoted in Scripture Socrates Plato and Aristotle Saints Augustine and Thomas Aquinas in the Middle Ages Descartes Spinoza Locke Hume and Kant and nineteenth and twentieth century luminaries such as Bentham Mill Peirce James Dewey Sartre and Wittgenstein The differences and resemblances of

their cogitations are portrayed as a conversation of the ages on questions of persistent concern

Handbook of Reference Sources and Services for Small and Medium-Sized Libraries Margaret I. Nicholas,1996-07 Lists over 750 sources focusing on the reference needs of adults The primary objective was to select quality reference tools which cover many different topics Topics include general works biography philosophy religion language literature visual arts applied sciences sports and recreation home life social customs and education

The Pauline Epistles in Arabic Vevian Zaki,2021-10-18 In this study Vevian Zaki places the Arabic versions of the Pauline Epistles in their historical context exploring when where and how they were produced transmitted understood and adapted among Eastern Christian communities across the centuries She also considers the transmission and use of these texts among Muslim polemicists as well as European missionaries and scholars Underpinning the study is a close investigation of the manuscripts and a critical examination of their variant readings The work concludes with a case study an edition and translation of the Epistle to the Philippians from manuscripts London BL Or 8612 and Vatican BAV Ar 13 a comparison of the translation strategies employed in these two versions and an investigation of the possible relations between them

Sports, Exercise, and Fitness Mary Beth Allen,2005-03-30 For reference librarians and researchers seeking information on sports and fitness this guide is an important first stop For collection development specialists it is an invaluable selection guide Allen describes and evaluates over 1 000 information sources on the complete spectrum of sports from basketball football and hockey to figure skating table tennis and weight training Focusing on English language works published between 1990 and the present the guide thoroughly covers traditional reference sources such as encyclopedias and bibliographies along with instructional sources in print formats online databases and Web sites To enable users in search of information on specific sports or fitness activities chapters are organized thematically according to broad type aquatic sports nautical sports precision and accuracy racket sports ice and snow sports ball sports cycling and so on with subcategories for such individual sports as soccer golf and yoga Within these categories works are further organized by type reference instructional and Web sites

Notable American Women with Czechoslovak Roots Miloslav Rechcigl Jr.,2019-09-16 Even though there exist only a few general studies on the subject of Czechoslovak American women this is not at all a reflection of the paucity of work done by these women as this publication demonstrates This monograph is a compendium of notable American women with Czechoslovak roots who distinguished themselves in a particular field or area from the time they first immigrated to America to date Included are not only individuals born on the territory of former Czechoslovakia but also their descendants This project has been approached strictly geographically irrespective of the language or ethnicity Because of the lack of bibliographical information most of the monograph comprises biobibliographical information in which area a plethora of information exists As the reader will discover these women have been involved practically in every field of human endeavor in numbers that surprise On the whole they have been noted for their independent spirit and nonconforming role
