The Battle For Leningrad 1941 1944:

The battle for Leningrad, 1941-1944 David M. Glantz, 2004 *The Siege of Leningrad, 1941-1944* David M. Glantz, 2001

Nazi Germany's siege of Leningrad is one of world history's epic chapters. For nearly three years the people of this industrial port city withstood everything the surrounding German Army could throw at them and their resistance sounded a crucial death knell for Hitler's ambitions to rule Europe. This compelling narrative explains the increasingly drastic methods employed by the Wehrmacht to reduce the city's defenses and break the morale of its citizens while also examining Leningrad's political symbolism, the Red Army's frantic counteroffensives and the hardships faced by Leningraders. 4,000 citizens starved to death on Christmas Day 1941 alone, for example. Previously unpublished photographs, detailed maps and firsthand accounts are supplemented by an overview of the roles played by Soviet leaders and the heroism of the city as a whole.

The Siege of Leningrad, 1941-1944 David M. Glantz, 2004. Leningrad now reverted to its pre 1914 name of St Petersburg was surrounded by German forces in 1941 and cut off from the rest of Russia. It was besieged for nearly three years, the great city's population suffering terribly in the bitter cold of the Russian winter. Over a million men, women and children died of starvation and hypothermia, but the city fought on and never surrendered. In 1943 the Russian army broke through to link up with the garrison and end the longest, bloodiest siege of the Second World War.

Chronicles the three-year siege of Leningrad during World War II, focusing on the city's inhabitants, the inner workings of the Communist Party and secret police, and the people's will to survive.

The Battle for Leningrad David M. Glantz, 2002. Based on an unparalleled access to Russian archival sources and going far beyond the military aspects of other historical works, Glantz's book is a testament to the nearly two million Russians who lost their lives during the battle for Leningrad. 90 illustrations, 16 maps.

Air Battle for Leningrad Dmitry Degtev, Dmitry Zubov, 2023-11-09. This book examines the full story of the German and Soviet aerial battles in the Leningrad sector during the siege. The Siege of Leningrad was one of the most brutal battles of the Second World War. The second largest and most populous city in the Soviet Union, Leningrad (now St. Petersburg) was one of the three priority targets of the German invasion, Operation Barbarossa. A total of 333 large military factories were concentrated in Leningrad, and accordingly 565,000 workers lived there producing tanks, aircraft, artillery and warships. On 10 July 1941, German tank divisions having broken through the front south of the city of Pskov, reached the town of Luga. From there, Hitler's forces had just over 110 miles to go to Leningrad. Meanwhile, the city was feverishly preparing for defense. Stalin's deputies, Zhdanov and Voroshilov, planned to use the entire combat-ready population of Leningrad for that purpose. Believing that the city would soon be captured by the Germans, Stalin ordered the immediate evacuation of military factories and skilled workers from Leningrad to the East. Before the city was completely blockaded, most of the valuable equipment had been removed. However, the remaining civilian population

including about 400 000 children were left to their fate In early September 1941 German divisions supported by the Luftwaffe s VIII Fliegerkorps captured the town of Shlisselburg Leningrad was now cut off from the rest of the Soviet Union Hitler believed that the city would soon echo to the sound of German jackboots Leningrad however did not give up In the autumn of 1941 the Wehrmacht did not have enough forces to take the city and for three long years the main means of fighting its defenders were the Luftwaffe and long range artillery In September 1941 when the systematic bombing and shelling began many thousands of families tried to leave Leningrad but nearly all of the escape routes were cut off Food supplies in the city sharply decreased In this book the authors explore the full story of the German and Soviet aerial battles in the Leningrad sector during the siege There are devastating details of the bombing of the starving population numerous attempts by the Luftwaffe to destroy the Red Baltic Fleet and air attacks against the Road of Life along which vital food and ammunition were delivered to the city and combats in the skies over Leningrad and its surroundings Revealing what was happening in the air and on the ground as well as in the German and Russian headquarters the authors explain why in spite of numerous successes the Luftwaffe failed to help force the surrender of Leningrad

Leningrad Anna Reid, 2011-09-06 On September 8 1941 eleven weeks after Hitler launched Operation Barbarossa his brutal surprise attack on the Soviet Union Leningrad was surrounded The siege was not lifted for two and a half years by which time some three quarters of a million Leningraders had died of starvation Anna Reid's Leningrad is a gripping authoritative narrative history of this dramatic moment in the twentieth century interwoven with indelible personal accounts of daily siege life drawn from diarists on both sides They reveal the Nazis deliberate decision to starve Leningrad into surrender and Hitler's messianic miscalculation the incompetence and cruelty of the Soviet war leadership the horrors experienced by soldiers on the front lines and above all the terrible details of life in the blockaded city the relentless search for food and water the withering of emotions and family ties looting murder and cannibalism and at the same time extraordinary bravery and self sacrifice Stripping away decades of Soviet propaganda and drawing on newly available diaries and government records Leningrad also tackles a raft of unanswered questions Was the size of the death toll as much the fault of Stalin as of Hitler Why didn't the Germans capture the city Why didn't it collapse into anarchy What decided who lived and who died Impressive in its originality and literary style Leningrad gives voice to the dead and will rival Anthony Beevor's classic Stalingrad in its impact
