The Breakaway Pope:

The Breakaway Pope John Cantwell Kiley, 2002-12-01 Finally after two thousand years of circling the wagons against its many critics Martin Luther and Henry VIII being the most devastating the Vatican is taken to task internally by the Pope himself Pope John XXIII's Vatican II innovations were as nothing compared to what Pope Peter II will do Admittedly he is a fictional Pope proposed as the immediate successor to the present Pope John Paul II but in life when do facts end and fictions begin In *The Breakaway Pope* Pope Peter II acts with all the authority vested in his office as the Vicar of Christ His is an inside job And it is met with fierce virtually unanimous resistance from the Cardinals who elected him and who now want to depose him for heresy This effort is spearheaded by the Cardinal Secretary of State a Jesuit who like all Jesuit priests took a fourth vow to defend the Pope All this is happening in a world threatened by the unleashing of weapons of mass destruction which could spell the end of human planetary life

The Pope's Battalions Ross Fitzgerald, Adam James Carr, William J. Dealy, 2003 A prophet whose confident prophecies were frequently proved wrong B A Santamaria profoundly affected 20th century Australian political life Although he rarely gave interviews and never held elected office Santamaria became widely known through his regular commentaries in the Australian and in his magazine *News Weekly* Building on his battle against Communist influence in the trade unions Santamaria boldly attempted to capture the ALP and transform it into a European style Christian Democrat party The ensuing split was disastrous demoralising the ALP and casting Santamaria out of the Labor fold for all time

Mukanga, 2021-05-14 The discarded brick a three season trilogy in two volumes is set in Africa Europe and North America It is about the travels and experiences of Emmanuel N Mukanga who even in childhood would be moved to a different location every three to five years Born in the British Protectorate of Uganda the changing political and economic fortunes of his post independence homeland and region led to thousands of his country people to flee and go look for greener pastures all over the world This desire for a better and safer world is a human desire and in Europe and North America Emmanuel found people from other countries in pursuit of happiness Back home not everyone was happy to co exist with him Fears and intrigue led to a family split legal battles and irreconcilable differences He and his siblings became a pariah to be avoided like the pest The discarded Brick Born in 1953 near the shores of Lake Victoria in Eastern Uganda Emmanuel N Mukanga was plucked from his parents at the age of three and taken to the Ugandan capital Kampala At age six he was taken to a primary school near Mbale in Eastern Uganda and at age nine transferred to Entebbe former seat of the British Protectorate Government At thirteen he joined a prestigious boarding secondary school after which he went to University to study the Arts One of the reasons Idi Amin gave for expelling the 80 000 strong Indian Community from Uganda in 1972 was that they were milking the cow without feeding it which was not entirely true He who had no cow to milk did not know that he too would have to leave his country of birth He worked at Uganda Television but in 1976 he fled Idi Amin's Uganda starting an odyssey that would take him to over 26 countries in Africa Europe and North America He interacted with many cultures however when it came to a denigration of his culture at home then a clash was inevitable This awakened in him the question who are you where do you come from and what do you stand for Cultural clashes intrigue and legal battles follow He has included an epilogue reflecting on his life and existence and tracing his origins among the Samia Luhya astride Kenya and Uganda He started compiling this book in May 2009 and completed it in October 2020 during the great Covid 19 pandemic and after George Floyd said twelve times in less than 9 minutes Mama I Can't Breathe **Rebuilding the Church: Pope Francis and After** Joseph Stanley, 2013-05-14 The unexpected resignation of Pope Benedict XVI followed by the election of Pope Francis of quite a different mould has introduced into the Church not more theological discourse but significant theological action a constant preaching where words are used only when necessary This book presents four essays starting with an imaginary trajectory of the Church during the next hundred years where a new style of leadership in the church renews its strength and vigour by co-opting competent and committed laity Will this dream ever be realized The contention of the author is that it can because his dreams are consonant with the doctrinal heritage of the Catholic Church as he indicates in the notes His prayer and wish is that it becomes a reality The second essay suggests a pastoral approach that could pave the way to facilitate the emergence

of such a situation The third essay is a theological elaboration of the place of the teaching authority of the church The fourth essay is a short article which indicates that change has taken place and will continue to take place in the Church *By Man Shall His Blood Be Shed* Edward Feser, Joseph Bessette, 2017-05-10 The Catholic Church has in recent decades been associated with political efforts to eliminate the death penalty It was not always so This timely work reviews and explains the Catholic Tradition regarding the death penalty demonstrating that it is not inherently evil and that it can be reserved as a just form of punishment in certain cases Drawing upon a wealth of philosophical scriptural theological and social scientific arguments the authors explain the perennial teaching of the Church that capital punishment can in principle be legitimate not only to protect society from immediate physical danger but also to administer retributive justice and to deter capital crimes The authors also show how some recent statements of Church leaders in opposition to the death penalty are prudential judgments rather than dogma They reaffirm that Catholics may in good conscience disagree about the application of the death penalty Some arguments against the death penalty falsely suggest that there has been a rupture in the Church's traditional teaching and thereby inadvertently cast doubt on the reliability of the Magisterium Yet as the authors demonstrate the Church's traditional teaching is a safeguard to society because the just use of the death penalty can be used to protect the lives of the innocent inculcate a horror of murder and affirm the dignity of human beings as free and rational creatures who must be held responsible for their actions *By Man Shall His Blood Be Shed* challenges contemporary Catholics to engage with Scripture Tradition natural law and the actual social scientific evidence in order to undertake a thoughtful analysis of the current debate about the death penalty

The Pope's Army John Carr, 2020-11-12 For much of its 2 000 year history the Roman Catholic Church was a formidable political and military power in contrast to its pacifist origins and its present concentration on spiritual matters The period of political and military activism can be dated to roughly between 410 when Pope Innocent I vainly tried to avert the sack of Rome by the Visigoths and about 1870 when Pope Pius IX was abandoned by his protectors the French Army and forced to submit to the new Italian state by surrendering any political power the Vatican had left During those centuries the popes employed every means at their disposal including direct military action to maintain their domains centered on Rome Some pontiffs such as Alexander VI Julius II 15th century plus the energetic Borgia popes later built the Papal States into a power in their own right In the following century and a half Europe's destructive religious wars almost always had a papal component with the Lateran and later Vatican fielding their own armies Climaxing the story are the little known yet bitter late nineteenth century battles between the papal volunteers from all over Europe and America and the Italian nationalists who ultimately prevailed John Carr narrates the story of Papal military clout with engaging verve

Dark History of the Popes Brenda Ralph Lewis, 2012-10-31 From corruption to nepotism from crusade to witch burning to Inquisition from popes sanctioning murder to popes being murdered *Dark History of The Popes* explores more than 1000 years of sinister deeds surrounding the papacy

Pope Innocent II (1130-43) John

Doran, Damian J. Smith, 2016-06-10 The pontificate of Innocent II 1130 1143 has long been recognized as a watershed in the history of the papacy marking the transition from the age of reform to the so called papal monarchy when an earlier generation of idealistic reformers gave way to hard headed pragmatists intent on securing worldly power for the Church Whilst such a conception may be a cliché its effect has been to concentrate scholarship more on the schism of 1130 and its effects than on Innocent II himself This volume puts Innocent at the centre bringing together the authorities in the field to give an overarching view of his pontificate which was very important in terms of the internationalization of the papacy the internal development of the Roman Curia the integrity of the papal state and the governance of the local church as well as vital to the development of the Kingdom of Sicily and the Empire World History Module-based Learning Iii' 2002 Ed ,
