Thomas Berry Mary Evelyn Tucker, John Grim, Andrew Angyal, 2019-06-04 Thomas Berry 1914-2009 was one of the twentieth century's most prescient and profound thinkers. As a cultural historian he sought a broader perspective on humanity's relationship to the earth in order to respond to the ecological and social challenges of our times. This first biography of Berry illuminates his remarkable vision and its continuing relevance for achieving transformative social change and environmental renewal. Berry began his studies in Western history and religions and then expanded to include Asian and indigenous religions which he taught at Fordham University, Barnard College and Columbia University. Drawing on his explorations of history he came to see the evolutionary process as a story that could help restore the continuity of humans with the natural world. Berry urged humans to recognize their place on a planet with complex ecosystems in a vast evolving universe. He sought to replace the modern alienation from nature with a sense of intimacy and responsibility. Berry called for new forms of ecological education, law and spirituality as well as the creation of resilient agricultural systems, bioregions and ecocities. At a time of growing environmental crisis this biography shows the ongoing significance of Berry's conception of human interdependence with the earth as part of the unfolding journey of the universe.

Gurdjieff and Hypnosis Mohammad Tamdgidi, 2009-11-23 This book explores the life and ideas of the enigmatic twentieth century philosopher, mystic and teacher of esoteric dances, George Ivanovitch Gurdjieff, performing a hermeneutic textual analysis of all his writings to illuminate the place of hypnosis in his teaching. Foreword by J. Walter Driscoll.

The Tao of Liberation Mark Hathaway, Leonardo Boff, 2009 Drawing on insights from quantum physics, deep ecology and the new cosmology they articulate a new vision of liberating action. Hathaway and Boff lay out a path of spiritual renewal, ecological transformation and authentic liberation.

Post-Modern Pilgrims Leonard Sweet, 2000-07-15 There is a legend of a Welsh Prince, Madoc, whose ship became stuck in Chesapeake Bay. After trying unsuccessfully to escape, he had his men row out with the anchor, drop it as far into the sea as they could, and then the ship winched its way forward. The image of the church as a boat and tradition as an anchor is prevalent in Christian art. If we examine the biblical view of an anchor, we find like Prince Madoc we are to cast our anchor into the future and pull the church forward. Postmodern pilgrims must strive to keep the past and the future in perpetual conversation so every generation will find a fresh expression of the Gospel that is anchored solidly to the faith that was once for all delivered.

Evolutionary Metaphors David J. Moore, 2019-05-31 *Evolutionary Metaphors* is an exploration of the many occult, esoteric, imaginative as well as creative speculations that have resonated around the UFO phenomenon. Understanding the phenomena as an archetypal challenge to our cultural limitations, the author David J. Moore

incorporates Colin Wilson's optimistic new existentialism with the recent studies in ufology. The book presents a spiritual and philosophical foundation for the creative integration of our consciousness towards anomalous experience. It is a call for what Carl Jung called active imagination and Coleridge's poetic imaginative access to the deeper streams of consciousness that which exists below the iceberg. By presenting a fresh approach in the inter disciplinary spirit, Moore offers a vision into human existence as well as the symbolical realities that aims to integrate our evolutionary minds with a new understanding of reality. **Parabola**, 1976 *The Publishers Weekly*, 1993 *Spring*, 2002 *ASPR Newsletter* American Society for Psychical Research, 1981 *EL TAROT, UN VIAJE INTERIOR* Mary K. Greer, 2021-06-07 Este clásico de Mary K Greer, autoridad indiscutible desde hace más de treinta años, marca un hito en el desarrollo de la lectura de cartas y arcanos como herramienta de introspección. Tarot, un viaje interior, se ha convertido en una obra de referencia que revoluciona el enfoque del tarot al combinarlo con el autoconocimiento y la transformación personal. Un libro rompedor que genera todo un cambio de paradigma y que hoy en día sigue siendo un manual imprescindible y fascinante desde cuyas páginas la autora te guía en un profundo viaje de vuelta a tu poderoso y auténtico yo. *Sight and Sensibility* Laura Sewall, 1999 One of the leading pioneers of the field of ecopsychology dealing with the connection between the human psyche and the natural world contends that the sense of sight is the key to understanding and potentially reversing the effects of ecological destruction. Cathedrals of the Spirit T. C. McLuhan, 1996 The bestselling author of *Touch the Earth* celebrates the existence of sacred cathedrals in nature and the human spirit interspersing her own observations with the voices of philosophers, poets, artists, writers, saints and sinners from Buddha to Thoreau to Thomas Merton. Beautifully illustrated with 60 breathtaking photos, this book is destined to be a classic.
