Missiles in Cuba Mark J. White, 1998-02-01 For many years historians of the Cuban missile crisis have concentrated on those thirteen days in October 1962 when the world teetered on the brink of nuclear war Mark White's study adds an equally intense scrutiny of the causes and consequences of the crisis Missiles in Cuba is based on up to date scholarship as well as Mr White's own findings in National Security Archive materials Kennedy Library tapes of ExComm meetings and correspondence between Soviet officials in Washington and Havana all newly released His more rounded picture gives us a much clearer understanding of the policy strategies pursued by the United States and the Soviet Union and to a lesser extent Cuba that brought on the crisis His almost hour by hour

account of the confrontation itself also destroys some venerable myths such as the unique initiatives attributed to Robert Kennedy And his assessment of the consequences of the crisis points to salutary effects on Soviet American relation and on U S nuclear defense strategy but questionable influences on Soviet defense spending and on Washington s perception of its talents for crisis management later tested in Vietnam *Missiles in Cuba* Mark J. intelligence studies international history foreign policy security studies and IR in general **DEFCON-2** Norman Polmar, 2006-01-01 The closest we've ever come to the end of the world DEFCON 2 is the best single volume on the Cuban Missile Crisis published and is an important contribution to the history of the Cold War Beyond the military and political facts of the crisis Polmar and Gresham sketch the personalities that created and coped with the crisis They also show us how close we came to the edge without becoming sensationalistic Larry Bond bestselling author of Dangerous Ground Spy satellite and aerial reconnaissance photos reveal that one of the United States's bitterest enemies may be acquiring weapons of mass destruction and the means to use them against the American homeland Administration officials refuse to accept intelligence professionals interpretation of these images and order an end to spy missions over the offending nation More than a month later after vicious infighting the president orders the spy missions to resume The new photos reveal an array of ballistic missiles capable of carrying nuclear warheads and striking deep within U S territory It appears that the missiles will be fully operational within one week This is not a plot setup for a suspense novel it is the true story of the most terrifying moment in the 45 year Cold War between the United States and the Soviet Union the Cuban Missile Crisis DEFCON 2 tells this tale as it has never been told before from both sides with the help of hundreds of recently declassified U S and Soviet documents as well as interviews with numerous former spies military figures and government officials who speak out here for the first time

The Turkish-American Relationship Between 1947 and 2003 Nasuh Uslu, 2003 Turkish American Relationship Between 1947 2003 The History of a Distinctive Alliance **On the brink of disaster** Brigita Anna Simanis, 1998 The Cuban Missile Crisis Charles River Editors, 2013-12-18 Includes pictures Includes descriptions of the crisis written by important officials Includes a bibliography for further reading For in the final analysis our most basic common link is that we all inhabit this small planet We all breathe the same air We all cherish our children's future And we are all mortal President John F Kennedy June 1963 When young president John F Kennedy came to power in 1961 Soviet leader Nikita Khrushchev was eager to test his mettle from the start and Khrushchev's belief that he could push the inexperienced American leader around grew in the wake of the Bay of Pigs fiasco and the inconclusive Vienna summit in June 1961 that left Kennedy complaining to his brother Bobby that Khrushchev was like dealing with Dad All give and no take Given the events of the previous year 1962 saw Khrushchev made his most decisive decision Still questioning Kennedy's resolve and attempting to placate the concerns of Cuban leader Fidel Castro following the failed Bay of Pigs invasion Khrushchev attempted to place medium range nuclear missiles in Cuba just 90 miles off the coast of the United States Though Castro warned him that the act would seem like an act of aggression to the Americans Khrushchev insisted on moving the missiles in quietly under the cover of darkness These missiles could serve not only as a deterrent against any invasion of Cuba but also as the ultimate first strike capability in the event of a nuclear war However in October 1962 American spy planes discovered the Soviets were building nuclear missile sites in Cuba and intelligence officials informed Kennedy of this on October 16th It went

without saying that nuclear missile sites located just miles off the coast of the American mainland posed a grave threat to the country especially because missiles launched from Cuba would reach their targets in mere minutes That would throw off important military balances in nuclear arms and locations that had previously ensured the Cold War stayed cold Almost all senior American political figures agreed that the sites were offensive and needed to be removed but how Ultimately some of the biggest arguments during the crisis took place among members of the Kennedy administration and the military Members of the U S Air Force wanted to take out the sites with bombing missions and launch a full scale invasion of Cuba but Kennedy and his brother feared that military action could ignite a full scale escalation leading to nuclear war Though he had previously taken aggressive stances on Cuba Bobby was one of the voices who opposed outright war and helped craft the eventual plan a blockade of Cuba That was the decision President Kennedy ultimately reached as well but it remained to be seen whether Khrushchev would test Kennedy s resolve yet again The Cuban Missile Crisis 13 Days That Brought the Cold War to the Brink comprehensively covers the fateful days that brought the two superpowers closer to nuclear war than they had ever been before or would ever get again The origins of the conflict and the confidential manner in which the crisis was defused are also discussed Along with pictures of important people places and events you will learn about the Cuban Missile Crisis like never before in no time at all
