The Bulkies Police And Crime In Belfast 1800 1865:

The Bulkies Brian Griffin, 1997 In Ireland the story of nineteenth century policing has been dominated mainly by studies of the Royal Irish Constabulary and to a lesser extent of the Dublin Metropolitan Police This book tells the story of the forgotten force of Irish police history the Belfast Borough Police or Bulkies **The Policing of Belfast 1870-1914** Mark Radford, 2015-04-23 The Policing of Belfast 1870 1914 examines the Royal Irish Constabulary RIC in late Victorian Belfast in order to see how a semi military largely rural constabulary adapted to the problems that a city posed Mark Radford explores whether the RIC as the most public face of British government was successful in controlling a recalcitrant Irish urban populace This examination of the contrast in styles between urban and rural policing and semi rural and civil constabulary offers an important insight into the social political and military history of Ireland at the turn of the twentieth century The book concludes by showing how governmental neglect of the force and its failure to comprehensively address the issues of pay and conditions of service ultimately led to crisis in the RIC *A History of the Dublin Metropolitan Police and its Colonial Legacy* Anastasia Dukova, 2016-10-10 This book illuminates the neglected history of the Dublin Metropolitan Police a history that has been long overshadowed by existing historiography which has traditionally been preoccupied with the more radical aspects of Irish history It explores the origins of the institution and highlights the Dublin Metropolitan Police s profound influence on the colonial forces as its legacy reached some of the furthest outposts of the British Empire In doing so Anastasia Dukova provides much needed nuance and complexity to our understanding of Ireland as a whole and Dublin in particular demonstrating that it was far more than a lawless place ravaged by political and sectarian violence Simultaneously the book tells the story of the bobby on the beat the policeman who made the organisation his work and day the conditions of service and how they affected or bettered his lot at home and abroad **Prostitution and Irish Society, 1800-1940** Maria Luddy, 2007-12-13 The first book to tackle the controversial history of prostitution in modern Ireland *Ireland and Anglo-Irish Relations since 1800: Critical Essays* N.C. Fleming, 2017-11-30 The Act of Union coming into effect on 1 January 1801 portended the integration of Ireland into a unified if not necessarily uniform community This volume treats the complexities perspectives methodologies and debates on the themes of the years between 1801 and 1879 Its focus is the making of the Union the Catholic question the age of Daniel O Connell the famine and its consequences emigration and settlement in new lands post famine politics religious awakenings Fenianism the rise of home rule politics and emergent feminism *Civic identity and public space* Dominic Bryan, Sean Connolly, 2019-06-28 Civic identity and public space focussing on Belfast and bringing together the work of a historian and two social scientists offers a new perspective on the sometimes lethal conflicts over parades flags and other issues that continue to disrupt political life in Northern Ireland It examines the emergence during the nineteenth century of the concept of public space and the development of new strategies for its regulation the establishment the new conditions created by the emergence in 1920 of a Northern Ireland state of a

near monopoly of public space enjoyed by Protestants and unionists and the break down of that monopoly in more recent decades Today policy makers and politicians struggle to devise a strategy for the management of public space in a divided city while endeavouring to promote a new sense of civic identity that will transcend long standing sectarian and political divisions

Tropical Leviathan Aaron Graham, 2025-01-24 The colonial Jamaican state was immensely wealthy but it was a society consumed by fear The White population feared the possibility of enslaved rebellion and foreign invasion and the Black population feared their cruel treatment as overworked labourers on Jamaica's brutal but economically productive sugar plantations With the wealthy White population investing heavily in security to protect themselves from the rebelling enslaved majority it was a society at war The wealth of the plantation system meant that White Jamaicans and their imperial representatives were able to secure the finances for this until the last decade of the eighteenth century By the early nineteenth century however the cost was proving increasingly burdensome and the great slave rebellion of 1831-32 proved fatal to the financial and political viability of the colonial state leading to emancipation in the mid 1830s Tropical Leviathan re evaluates the political and economic history of the colonial Jamaican state in the tumultuous age of revolution and abolition With a large body of previous unknown data it provides empirical evidence of a functioning colonial state that contrary to previous interpretations was far from declining in the years immediately before the abolition of the slave trade in 1807 Aaron Graham provides in depth analysis of the ways in which Jamaica's economy attempted but eventually failed to provide the resources that would maintain Jamaica as a functioning plantation state and explains how the cost of securing the colonial state against enslaved opposition eventually led to near state bankruptcy and to enslaved emancipation Tropical Leviathan is a comprehensive study of the complex intersections between slavery and security in a slave society and an important re evaluation of Jamaica in the age of revolution and abolition The making breaking and remaking of the colonial state emerges as key in the rise and fall of slavery in Jamaica

Anderson, 2007-04-26 The first book of its kind dedicated to an assessment of the legality of boxing The Legality of Boxing A Punch Drunk Love assesses the legal response to prize fighting and undertakes a current analysis of the status of boxing in both criminal legal theory and practice In this book Anderson exposes boxing's exemption from contemporary legal and social norms Reviewing all aspects of boxing historical legal moral ethical philosophical medical racial and regulatory he concludes that the supposition that boxing has a consensual immunity from the ordinary law of violence based primarily on its social utility as a recognised sport is not as robust as is usually assumed It suggests that the sport is extremely vulnerable to prosecution and might in fact already be illegal under English criminal law outlines the physical and financial exploitation suffered by individual boxers both inside and outside the ring suggesting that standard boxing contracts are coercive thus illegal and that boxers do not give adequate levels of informed consent to participate advocates a number of fundamental reforms including possibly that the sport will have to consider banning blows to the head proposes the creation of a national boxing commission in the US and a similar entity in the United Kingdom which together would attempt to restore the credibility of a sport long known as the red light district of sports administration An excellent book it is a must read for all those studying sports law popular culture and the law and jurisprudence Leisure and the Irish in the Nineteenth Century

Gendarmes and the State in Nineteenth-Century Europe Clive Emsley, 1999-10-14 The history of police and policing have been the subject of much interest and research in recent years but this book provides the first serious academic exploration of the origins and development of the role of soldier policemen the gendarmeries of nineteenth century Europe The author presents a detailed account of the French Gendarmeries from the old regime up to the First World War and looks at the reasons for how and why this model came to be exported across continental Europe in the wake of the Revolutionary and

Napoleonic armies In particular their role is examined within the differing national contexts of Italy Germany and the Habsburg Empire The gendarmeries it is argued played a significant role in establishing the state particularly in rural areas As the physical manifestation of the state gendarmes carried the state s law and a promise of protection whilst at the same time ensuring in turn that the state received its annual levies of conscripts and taxes This account fully explores how the organisation and style of nineteenth century soldier policing in France developed in such a way that it brought the idea of the state and the state s law to much of twentieth century continental Europe
