Subcommittee on Crime, 1975 **The Burglar Next Door** Jay Williams, 1976-01-01 A thirteen year old girl whose ambition in life is to build bridges attempts to solve a robbery when her friend becomes a suspect *Proceedings of the Society for Psychical Research* Society for Psychical Research, 1890 **Proceedings of the Society for Psychical Research** Society for Psychical Research (Great Britain), 1890 List of members in v 1 19 21 24 *Inventing Television Culture* Janet Thumim, 2004-12-16 During the fertile decade 1955-65 the television institution emerged in a form which would be familiar for the next half century this book attends to two aspects of its formation The first entails the production strategies programmes schedules and emergent generic modes as these were invented through a process of trial and error allied to a close attention to building the mass audience in short the question of how television invented itself The second aspect concerns the place of women and the concept feminine in the new institution Television offered women access to the public sphere in ways that were potentially disruptive of the order prevailing in mid 1950s Britain Apart from new employment opportunities images of women and definitions of the feminine were purveyed nightly to an heterogeneous audience of

millions an audience that was itself under construction throughout the period Through close attention to three discrete areas of programming women s programmes news and current affairs and popular drama the book aims to convey a sense of the excitement entailed in establishing the institution and to ask where and how it may have posed challenges to the prevailing patriarchal hegemony Hence the productive interplay of two terms television and the feminine both of which were evolving rapidly during the period is explored in the context of the contemporary discursive climate *British Journal of Dental Science* ,1907 *British Journal of Dental Science and Prosthetics* ,1907 *Art, Society, and Accomplishments* R.
