The Burning Plain And Other Stories:

Paso Del Norte Juan Rulfo, 1971 A major figure in the history of post Revolutionary literature in Mexico Juan Rulfo received international acclaim for his brilliant short novel *Pedro Páramo* 1955 and his collection of short stories *El llano en llamas* 1953 translated as a collection here in English for the first time In the transition of Mexican fiction from direct statements of nationalism and social protest to a concentration on cosmopolitanism the works of Rulfo hold a unique position These stories of a rural people caught in the play of natural forces are not simply an interior examination of the phenomena of their world they are written for the larger purpose of showing the actions of humans in broad terms of reality

The Plain in Flames Juan Rulfo, 2012-09-01 Juan Rulfo is one of the most important writers of twentieth century Mexico though he wrote only two books the novel *Pedro Páramo* 1955 and the short story collection *El llano en llamas* 1953 First translated into English in 1967 as *The Burning Plain* these starkly realistic stories create a psychologically acute portrait of poverty and dignity in the countryside at a time when Mexico was undergoing rapid industrialization following the upheavals of the Revolution According to Ilan Stavans the stories depth seems almost inexhaustible with a few strokes Rulfo creates a complex human landscape defined by desolation These stories are lessons in morality They are also astonishing examples of artistic distillation To introduce a new generation of readers to Rulfo's unsurpassable literary talents this new translation repositions the collection as a classic of world literature Working from the definitive Spanish edition of *El llano en llamas* established by the Fundación Juan Rulfo Ilan Stavans and co translator Harold Augenbraum present fresh translations of the original fifteen stories as well as two more stories that have not appeared in English before *The Legacy of Matilde Arcangel* and *The Day of the Collapse* The translators have artfully preserved the author's peasantisms in appreciation of the distinctive voices of his characters Such careful elegiac rendering of the stories perfectly suits Rulfo's Mexico in which people on the edge of despair nonetheless retain a sense of self of integrity that will not be taken away

The Burning Plain, and Other Stories Juan Rulfo, 1967 **Burning Plain** Juan Rulfo, 2019-10-21 For a writer so reserved in what he saw into print Juan Rulfo has had a disproportional influence on writers of literature in Spanish and beyond on a par with Jorge Luis Borges and Gabriel García Márquez His single story collection *El Llano en llamas* provides a pithy and moving expression of life in central and western Mexico in the decades following the Revolution These stories have the quality of an oral testimony to harsh years and are delivered in a spare and exquisite voice This new translation by Stephen Beechinor marks the first time this masterpiece of Latin American literature has been made available to English language readers beyond North America since the book was first published in Spanish in 1953 *Burning Plain and Other Stories*, The Juan Rulfo, 1990 [Short Story Index: 1964-1968](#), 1969 **Hotel Mexico** George F. Flaherty, 2016-08-16 In 1968 Mexico prepared to host the Olympic games amid growing civil unrest The spectacular sports facilities and urban redevelopment projects built by the government in Mexico City mirrored the country's rapid but uneven modernization In the same year a

street savvy democratization movement led by students emerged in the city Throughout the summer the 68 Movement staged protests underscoring a widespread sense of political disenfranchisement Just ten days before the Olympics began nearly three hundred student protestors were massacred by the military in a plaza at the core of a new public housing complex In spite of institutional denial and censorship the 1968 massacre remains a touchstone in contemporary Mexican culture thanks to the public memory work of survivors and Mexico's leftist intelligentsia In this highly original study of the afterlives of the 68 Movement George F Flaherty explores how urban spaces material but also literary photographic and cinematic became an archive of 1968 providing a framework for de facto modes of justice for years to come Watering the Revolution Mikael D. Wolfe, 2017-06-22 In *Watering the Revolution* Mikael D Wolfe transforms our understanding of Mexican agrarian reform through an environmental and technological history of water management in the emblematic Laguna region Drawing on extensive archival research in Mexico and the United States Wolfe shows how during the long Mexican Revolution 1910-1940 engineers' distribution of water paradoxically undermined land distribution In so doing he highlights the intrinsic tension engineers faced between the urgent need for water conservation and the imperative for development during the contentious modernization of the Laguna's existing flood irrigation method into one regulated by high dams concrete lined canals and motorized groundwater pumps This tension generally resolved in favor of development which unintentionally diminished and contaminated the water supply while deepening existing rural social inequalities by dividing people into water haves and have nots regardless of their access to land By uncovering the varied motivations behind the Mexican government's decision to use invasive and damaging technologies despite knowing they were ecologically unsustainable Wolfe tells a cautionary tale of the long term consequences of short sighted development policies *Second Variety and Other Stories* Philip K. Dick, 2016-01-11 *SECOND VARIETY* The claws were bad enough in the first place nasty crawling little death robots But when they began to imitate their creators it was time for the human race to make peace if it could The Russian soldier made his way nervously up the ragged side of the hill holding his gun ready He glanced around him licking his dry lips his face set From time to time he reached up a gloved hand and wiped perspiration from his neck pushing down his coat collar Eric turned to Corporal Leone Want him Or can I have him He adjusted the view sight so the Russian's features squarely filled the glass the lines cutting across his hard somber features Leone considered The Russian was close moving rapidly almost running Don't fire Wait Leone tensed I don't think we're needed The Russian increased his pace kicking ash and piles of debris out of his way He reached the top of the hill and stopped panting staring around him The sky was overcast drifting clouds of gray particles Bare trunks of trees jutted up occasionally the ground was level and bare rubble strewn with the ruins of buildings standing out here and there like yellowing skulls The Russian was uneasy He knew something was wrong He started down the hill Now he was only a few paces from the bunker Eric was getting fidgety He played with his pistol glancing at Leone Don't worry Leone said He won't get here They'll take care of him Are you sure He's got damn far They

hang around close to the bunker He's getting into the bad part Get set The Russian began to hurry sliding down the hill his boots sinking into the heaps of gray ash trying to keep his gun up He stopped for a moment lifting his fieldglasses to his face He's looking right at us Eric said
