Journal ,2005 *The Calendar in Revolutionary France* Sanja Perovic,2012-08-27 One of the most unusual decisions of the leaders of the French Revolution and one that had immense practical as well as symbolic impact was to abandon customarily accepted ways of calculating date and time to create a Revolutionary calendar The experiment lasted from 1793 to 1805 and prompted all sorts of questions about the nature of time ways of measuring it and its relationship to individual community communication and creative life This study traces the course of the Revolutionary Calendar from its cultural origins to its decline and fall Tracing the parallel stories of the calendar and the literary genius of its creator Sylvain Mar chal from the Enlightenment to the Napoleonic era Sanja Perovic reconsiders the status of the French Revolution as the purported origin of modernity the modern experience of time and the relationship between the imagination and political action *World Myth or History?* J.G. Cheock,2017-10-02 World myth deciphered and organized into a coherent story of our past It is almost impossible to read world mythology without noticing common threads and patterns that seem to paint a bigger picture A story told by our ancient ancestors for future generations to remember and learn What if the eyewitnesses to past events were taken seriously What if we listen to their stories with unbiased ears free of assumptions What if their stories were backed up by scientific discoveries What if the myths can explain the mysteries
