Schumacher was told by an angelic presence that she would be a channel for Yeshua of Nazareth. She did not know what that meant at the time nor the impact it would eventually have on her life and countless others. After devoting much of her life to service as an intuitive guide and spirit medium, in late 2019 Yeshua's Divine Presence suddenly came through her channel for the first time. Over the next months, Yeshua shared his timely universal and revelatory messages. The Freedom Transmissions is the result. This singular book offers a pathway to peace by following the Four Elements of Balance: Simplicity, Stability, Surrender, and Stillness. When we embody these four energies, we create and attract the most abundance, nourishment, joy, and flow to our lives. The Freedom Transmissions unburdens us from unnecessary suffering, strengthens our faith, and sense of wholeness, and restores balance and peace, reminding us that we are One with the Divine. The joy of these Transmissions is that they are for all people and not just some people on the basis of beliefs or dogma. Yeshua welcomes in all people who come in humility and a genuine desire to find and know self as One with God. This essential text encourages us to choose Faith over Fear, Forgiveness over Blame, Freedom over Suppression, and ushers us from the era of division and polarity to an era of co-creation, transparency, compassion, and equality.

Free To Say No Eric L. Jenkins, 2013-09-26 For centuries Augustine's theory of free will has been used to explain why God is not the author of evil and humans are morally responsible for sin Yet when he embraced the doctrines of unconditional election and operative grace Augustine began modifying his theory of free will His final works claim his evolved notion of free will remained consistent with his early view but this claim has provoked significant debate Some scholars take him at his word interpreting his teachings on free will in light of his later predestination teachings Others reject his claim of continuity and warn of great inconsistencies between his early and later works Few have undertaken a thorough study of Augustine's works to compare his early notion of free will with his later theory of predestination **Free To Say No** is a detailed study of Augustine's work that presents clear evidence in Augustine's own words for a significant discontinuity between his early and later theories especially the disappearance of the will's freedom to say **The Patriotic Reader** Katharine Isabel Bemis, Mathilde Edith Holtz, 1917 **The Freedom Schools** Jon N. Hale, 2016-06-07 Created in 1964 as part of the Mississippi Freedom Summer the Mississippi Freedom Schools were launched by educators and activists to provide an alternative education for African American students that would facilitate student activism and participatory democracy The schools as Jon N. Hale demonstrates had a crucial role in the civil rights movement and a major impact on the development of progressive education throughout the nation Designed and run by African American and white educators and activists the Freedom Schools counteracted segregationist policies that inhibited opportunities for black youth Providing high quality progressive education that addressed issues of social justice the schools prepared African American students to fight for freedom on all fronts Forming a political network the Freedom Schools taught students how when and where to engage politically shaping activists who trained others to challenge inequality Based on dozens of first time interviews with former Freedom School students and teachers and on rich archival materials this remarkable social history of the Mississippi Freedom Schools is told from the perspective of those frequently left out of civil rights narratives that focus on national leadership or college protestors Hale reveals the role that school age students played in the civil rights movement and the crucial contribution made by grassroots activists on the local level He also examines the challenges confronted by Freedom School activists and teachers such as intimidation by racist Mississippians and race relations between blacks and whites within the schools In tracing the stories of Freedom School students into adulthood this book reveals the ways in which these individuals turned training into decades of activism Former students and teachers speak eloquently about the principles that informed their practice and the influence that the Freedom School curriculum has had on education They also offer key strategies for further integrating the American school system and politically engaging today's youth **The Price of**

Freedom Calvin Coolidge, 1924 *Freedom and Necessity in Modern Trinitarian Theology* Brandon Gallaher, 2016-09-15

Freedom and Necessity in Modern Trinitarian Theology examines the tension between God and the world through a constructive reading of the Trinitarian theologies and Christologies of Sergii Bulgakov 1871 1944 Karl Barth 1886 1968 and Hans Urs von Balthasar 1905 1988 It focuses on what is called the problematic of divine freedom and necessity and the response of the writers Problematic refers to God being simultaneously radically free and utterly bound to creation God did not need to create and redeem the world in Christ It is a contingent free gift Yet on the other side of a dialectic he also has eternally determined himself to be God as Jesus Christ He must create and redeem the world to be God as he has so determined In this way the world is given a certain free necessity by him because if there were no world then there would be no Christ A spectrum of different concepts of freedom and necessity and a theological ideal of a balance between the same are outlined and then used to illumine the writers and to articulate a constructive response to the problematic Brandon Gallaher shows that the classical Christian understanding of God having a non necessary relationship to the world and divine freedom being a sheer assertion of God's will must be completely rethought Gallaher proposes a Trinitarian Christocentric and cruciform vision of divine freedom God is free as eternally self giving self emptying and self receiving love The work concludes with a contemporary theology of divine freedom founded on divine election
