[The Joyful Vegan](#) Colleen Patrick-Goudreau, 2019-11-12 Finding plant based recipes Easy Dealing with the social cultural and emotional aspects of being vegan in a non vegan world That's the hard part *The Joyful Vegan* is here to help Many people choose veganism as a logical and sensible response to their concerns about animals the environment and or their health But despite

their positive intentions and the personal benefits they experience they're often met with resistance from friends, family, members and society at large. These external factors can make veganism socially difficult and emotionally exhausting to sustain. This leads to an unfortunate reality: the majority of vegans and vegetarians revert back to consuming meat, dairy or eggs, breaching their own values and sabotaging their own goals in the process. Colleen Patrick Goudreau, known as The Joyful Vegan, has guided countless individuals through the process of becoming vegan. Now in her seventh book, *The Joyful Vegan*, she shares her insights into why some people stay vegan and others stop. It's not because there's nothing to eat. It's not because there isn't enough protein in plants. And it's not because people lack willpower or moral fortitude. Rather, people stay vegan or not depending on how well they navigate the social, cultural and emotional aspects of being vegan: constantly being asked to defend your eating choices, living with the awareness of animal suffering, feeling the pressure often self-inflicted to be perfect and experiencing guilt, remorse and anger. In these pages, Colleen shares her wisdom for managing these challenges and arms readers, both vegan and plant-based, with solutions and strategies for coming out vegan to family, friends and colleagues, cultivating healthy relationships with vegans and non-vegans, communicating effectively, sharing enthusiasm without proselytizing, finding like-minded community and experiencing peace of mind as a vegan in a non-vegan world. By implementing the tools provided in this book, readers will find they can live ethically, eat healthfully, engage socially and remain a joyful vegan.

Our Wild Calling Richard Louv, 2020-11-10 A book that offers hope. The New York Times Book Review: A wondrous tapestry. Carl Safina, author of *Beyond Words: What Animals Think and Feel*, Audubon Medal winner. Richard Louv's landmark book *Last Child in the Woods* inspired an international movement to connect children and nature. Now he redefines the future of human-animal coexistence. In *Our Wild Calling*, Louv interviews researchers, theologians, wildlife experts, indigenous healers, psychologists and others to show how people are connecting with animals in ancient and new ways and how this serves as an antidote to the growing epidemic of human loneliness: how dogs can teach children ethical behavior, how animal-assisted therapy may yet transform the mental health field and what role the human-animal relationship plays in our spiritual health. He reports on wildlife relocation and on how the growing populations of wild species in urban areas are blurring the lines between domestic and wild animals. *Our Wild Calling* makes the case for protecting, promoting and creating a sustainable and shared habitat for all creatures, not out of fear but out of love. Includes a new interview with the author, discussion questions and a resource guide.
