***The Prairie*** James Fenimore Cooper, 1999 Set in the immense landscape of the Great Plains *The Prairie* 1827 addresses many questions raised by the penetration of the American west the displacement of the Indians the destruction of nature and the creation of a just society both ordered and free Natty Bumppo a man now in the autumn of his days is the spokesman for the conservation of the natural environment But as his physical prowess wanes he is ultimately unable to thwart the despoilers In this the last in the series of five *Leatherstocking Tales* Cooper resolves the issues of *The Pioneers* and *The Last of the Mohicans* but at the same time eloquently suggests that humility self control reverence for God and respect for nature are tragically lost on the prairie

***The Pioneers*** James Fenimore Cooper, 1999 The first of Cooper's five *Leatherstocking Tales* and the one that incorporates most fully his own experience of childhood on the early American frontier

***Letters from an American Farmer*** J. Hector St. John de Crèvecoeur, 1998 Written by an emigrant French aristocrat turned farmer the *Letters from an American Farmer* 1782 posed the famous question What then is the American this new man as a new nation took shape before the eyes of the world Addressing some of American literature's most pressing concerns and identity issues these *Letters* celebrate personal determination freedom from institutional oppression and the largeness and fertility of the land They also address darker and more symbolic elements particularly slavery This book is the only critical edition available of what is seen by many as the first ever work of American literature

***Father and Son*** Edmund Gosse, 2004 First published in 1907 this account of a crisis of faith remains highly relevant today Gosse tells the story of his childhood as a member of a Victorian Protestant sect of his struggle to forge his own identity despite the loving control of his father

***The Oregon Trail*** Francis Parkman, Jr., 2008-07-10 *The Oregon Trail* is the gripping account of Francis Parkman's journey west across North America in 1846 His detailed description of the journey set against the vast majesty of the Great Plains has emerged through the generations as a classic narrative of one man's exploration of the American Wilderness

***Billy Budd, Sailor and Selected Tales*** Herman Melville, 1998 Truth uncompromisingly told will always have its ragged edges So wrote Melville of *Billy Budd Sailor* among the greatest of his works and in its richness and ambiguity among the most problematic As the critic E L Grant Watson writes In this short history of the impressment and hanging of a handsome sailor boy are to be discovered problems as profound as those which puzzle us in the pages of the Gospels Outwardly a compelling narrative of events aboard a British man of war during the turmoil of the Napoleonic Wars *Billy Budd Sailor* is a nautical recasting of the Fall a parable of good and evil a meditation on justice and political governance and a searching portrait of three extraordinary men The passion it has aroused in its readers over the years is a measure of how deeply it addresses some of the fundamental questions of experience that every age must reexamine for itself The selection in this volume represents the best of Melville's shorter fiction and uses the most authoritative texts The eight shorter tales included here were composed during Melville's years as a magazine writer in the

mid 1850 s and establish him along with Hawthorne and Poe as the greatest American story writer of his age Several of the tales Bartleby the Scrivener Benito Cereno The Encantadas The Paradise of Bachelors and the Tartarus of Maids are acknowledged masterpieces of their genres All show Melville a master of irony point of view and tone whose fables ripple out in nearly endless circles of meaning      The Jungle Books Rudyard Kipling,1998-06-18 The Jungle Books can be regarded as classic stories told by an adult to children But they also constitute a complex literary work of art in which the whole of Kipling s philosophy of life is expressed in miniature They are best known for the Mowgli stories the tale of a baby abandoned and brought up by wolves educated in the ways and secrets of the jungle by Kaa the python Baloo the bear and Bagheera the black panther The stories a mixture of fantasy myth and magic are underpinned by Kipling s abiding preoccupation with the theme of self discovery and the nature of the Law ABOUT THE SERIES For over 100 years Oxford World s Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford s commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more      Canis Modernis Karalyn Kendall-Morwick,2020-12-15 Modernist literature might well be accused of going to the dogs From the strays wandering the streets of Dublin in James Joyce s Ulysses to the highbred canine subject of Virginia Woolf s Flush dogs populate a range of modernist texts In many ways the dog in the late nineteenth and early twentieth centuries became a potent symbol of the modern condition facing like the human species the problem of adapting to modernizing forces that relentlessly outpaced it Yet the dog in literary modernism does not function as a stand in for the human In this book Karalyn Kendall Morwick examines the human dog relationship in modernist works by Virginia Woolf Jack London Albert Payson Terhune J R Ackerley and Samuel Beckett among others Drawing from the evolutionary theories of Charles Darwin and the scientific literary and philosophical work of Donna Haraway Temple Grandin and Carrie Rohman she makes a case for the dog as a coevolutionary and coadapting partner of humans As our coevolutionary partners dogs destabilize the human not the autonomous self transparent subject of Western humanism the human is instead contingent shaped by its material interactions with other species By demonstrating how modernist representations of dogs ultimately mongrelize the human this book reveals dogs status both as instigators of the crisis of the modern subject and as partners uniquely positioned to help humans adapt to the turbulent forces of modernization Accessibly written and convincingly argued this study shows how dogs challenge the autonomy of the human subject and the humanistic underpinnings of traditional literary forms It will find favor with students and scholars of modernist literature and animal studies      Penguin Classics Anonymous,2012-01-31 A Complete Annotated Listing More than 1 500 titles in print Authoritative introductions and notes by leading academics and contemporary authors Up to date translations from award winning translators Readers guides and other resources available online Penguin Classics on air online radio programs      **The Crossover Novel** Rachel Falconer,2008-10-21 Highly

recommended by Choice While crossover books such as Rowling s Harry Potter series have enjoyed enormous sales and media attention critical analysis of crossover fiction has not kept pace with the growing popularity of this new category of writing and reading Falconer remedies this lack with close readings of six major British works of crossover fiction and a wide ranging analysis of the social and cultural implications of the global crossover phenomenon A uniquely in depth study of the crossover novel Falconer engages with a ground breaking range of sources from primary texts to child and adult reader responses to cultural and critical theory
