Discourse on Religion in a Secular Age Ludwig Nagl, 2023-10-31 Do we all today live in a secular age Examining this open question the book focuses in Part 1 The Re Emerging Philosophical Discourse on Religion on recent interpretations of human existence in Asian European and American thought Part 2 1 The Weakening of Dogmatic Scientism discusses Wittgenstein s Derrida s Habermas s and Taylor s critiques of abstract modes of Enlightenment Part 2 2 Various Approaches to Religious Faith in Pragmatism and Neo Pragmatism deals with the writings of Peirce James Dewey Rorty West and Putnam and explores the significance of Josiah Royce s thought for contemporary global debates on religious belief

The Experiment of Faith Ramage, 2020-04-17 Pope Benedict XVI memorably remarked that the Christian faith is a lot like a Gothic cathedral with its stained glass windows From the outside the Church can appear dark dreary and worn with age the crumbling relic of an institution that no longer speaks to men and women living in our modern world Indeed for many people today Christian morality with all of its commandments appears to be a source not of life and joy but instead of suffering and oppression Even within the Church many wonder why should I submit to ancient doctrines and outdated practices that restrict my freedom and impede my happiness In this timely and original book his third exploring the riches of Benedict XVI s vast corpus theologian Matthew Ramage sets out to meet this challenge with an in depth study of the emeritus pontiff s wisdom on how to live Christian discipleship in today s increasingly secularized world Taking as his starting point Benedict s conviction that the truth of Christianity like the beauty of a cathedral s glorious windows can be grasped only from the inside Ramage draws on Benedict s insights to show how all Christians can make the experiment of faith by living the theological virtues of faith hope and charity in daily life Along the way he shares his personal reflections on how Benedict s wisdom has helped him to navigate difficulties in embracing the faith and provides a way forward to those struggling to live as disciples in a way that is intellectually serious without remaining merely intellectual In so doing he also presents a highly nuanced yet accessible approach to defending the truth of the gospel in a world where life in Jesus Christ tends to be seen as unfulfilling irrelevant or just one lifestyle choice among others

The Vows of Religious Life in a Secular Society Judith A. Merkle, 2025-08-21 This book investigates religious vows shedding light on the type of faith that can sustain humanity in secular times It examines the personal impact of religious life as well as its potential to foster a sense of completeness within society at large Unbelief in today s society can be partially rooted in the shallowness of the sort of religion that the secular can abandon Such a religion characterized as magical shallow illusory or rooted solely in external rituals lacks the depth required to thrive in a secular society It fails to address the profound aspects of human existence the authentic freedom of the spirit and the enduring obedience of faith This study of religious vows uncovers their deeper meanings in light of these challenges It invites us to consider whether religious life despite contemporary criticisms can be seen as touching wholeness This book does not only delve into the theological foundations of these vows but also key areas which impact their understanding and living in new contexts It surveys sociological landscapes

and goes beyond to encompass shifts in science psychology theology Religious life in this sense is part of the renewal of the church as well as an agent in it By focusing briefly on each vow Judtih A Merkle illustrates how religious life serves as a bridge connecting the secular and the sacred It is a life focused on love of God and service of others which is a witness to the coming of Kingdom of God and values which truly matter in contemporary society **Subject Catalog, 1978** Library of Congress,1978 *Rites in the Spirit* Daniel E. Albrecht,1999-12-01 Rites in the Spirit is a book about spirituality ritual and Pentecostal experience The volume presents a careful and innovative study of Pentecostal practices and experiences Focusing on the very important but often intriguing worship rites that express the spirituality of Pentecostals Albrecht discovers that these Pentecostal charismatic rites and their attending sensibilities also function to shape nurture authenticate and even transform the spiritual lives of these Christians Rites in the Spirit seeks to guide Pentecostals and the charismatically inclined toward self interpretation and a more nuanced conception of and a deeper appreciation for their Pentecostal experience The volume also aims to make a sometimes exotic spirituality more accessible and understandable to those who have had limited contact with Pentecostal charismatic forms and expressions *The Doctrine of the Holy Spirit: Alphabetical list* Esther Dech Schandorff,1995 *The Gap in God's Country* Laurie M. Johnson,2024-10-18 Laurie M Johnson argues that America s culture wars may seem to have erupted in the past couple of decades but they go back centuries For those who think that Christian nationalism or right wing populism is the problem to be solved that some people simply need to understand Christianity or politics better and become reasonable read on Christian nationalism and other ideological extremes are symptoms of major economic technological spiritual and psychological shifts that have left too many people uprooted disenchanted and precarious There are no easy answers but Johnson tries to show a path out that enlists not only individuals but also church and state Without leadership and structure provided at the levels of the church and state Christians and those impacted by them will remain part of the problem and not the solution Johnson says to Christians change is not talk it s action and Christian action can only happen with leadership that creates a context where we can work together rather than wasting our time in culture wars *The Keswick Movement* Charles Edwin Jones,2007 This volume introduces researchers to the leaders ideas and institutions of the Keswick Movement a strand of holiness teaching that was embraced by many evangelicals who came from the more Calvinistic wing of Protestantism especially Anglicans Baptists Congregationalists and Presbyterians The Keswick Movement is the most difficult of the three main holiness traditions to delineate Unlike the Wesleyan Holiness and Holiness Pentecostal traditions the Keswick Movement has not gone through a definitive period of careful theological refining and institutional boundary setting *Religion in the Secular Age* Herta Nagl-Docekal,Waldemar Zacharasiewicz,2023-09-05 What does it mean to be religious believers for people whose living conditions are defined by an increasingly secularized environment Is the common distinction between faith and knowledge valid The 21 essays cover approaches from various fields of the humanities Some explore post Kantian thoughts discussing i a
