The Cambridge Murders:

The Cambridge Murders Glyn Daniel, 2001-07-01 Fisher College at Cambridge lies between St John's and Trinity Colleges a fact which may escape those who visit Cambridge trusting only to the official guide books and seeing no more than a gap of twenty feet between those two great houses of learning Here one morning the bedmakers and gyps clamouring for admission on the last day of term a were admitted to find lying across their path the body of one of the College porters The murder of the porter begins a mystery which is deepened when it is found that the unpopular Dean of the college is missing The search for the murderer is conducted in part by the police and partly by the Vice President of Fisher College Sir Richard Cherrington an eminent but slightly eccentric archaeologist with a penchant for amateur detection The Cambridge Murders is a story of murder at high table of death and detection amid good living and scholarship *The Cambridge Murders* Glyn Edmund Daniel, Dilwyn Rees, 1952 **The Cambridge Murders** Adam BROOME (pseud.), 1936 *The Cambridge Murders*

Modern Murders Lee Michael-Berger,2023-05-03 *Modern Murders* is the first comprehensive study of murder representations during the turn of the century drawing on previously neglected archival material to explore the intellectual cultural and artistic contexts of the period Most studies view the abundance of murder representations throughout the nineteenth century as an indicator of a supposedly typical Victorian appetite for sensation and melodrama *Modern Murders* however demonstrates the turn of the century s backlash against melodramatic and sensational representations of murder and reads them as an important component in the struggles for better aesthetic standards in art and entertainment and as a dominant feature in the debates on mass culture Through a plethora of visual and written texts representations of fictional and actual real life murders and high and popular forms of writing the volume considers the importance of murder in the elite claim to cultural authority versus its perception of plebian taste in the context of the democratization of culture This book will be of value to scholars and graduate students in a variety of research areas as well as general readers interested in the role of murder as a central trope in modern art and culture *Murder in a Few Words* Charlotte Beyer,2022-02-22 The clue puzzle legal thriller and classic whodunit are just a few of the subgenres within the widely popular crime fiction genre However despite its popularity among readers the crime short story genre has yet to be fully explored by scholars This book offers a deep dive into crime short stories written by a wide range of authors tracing the history and evolution of the crime

short story The book offers an accessible and original examination of crime short stories focusing on compelling themes such as miscarriage of justice feminism environmental crime and toxic masculinity Libraries in Literature Alice Crawford, Robert Crawford, 2022-09-01 Unashamedly a book for the bookish yet accessible and frequently entertaining this is the first book devoted to how libraries are depicted in imaginative writing Covering fiction poetry and drama from the late Middle Ages to the present it runs the gamut of British and American literature as well as examining a range of fiction in other languages from Rabelais and Cervantes to modern and contemporary French Italian Japanese and Russian writing While the tropes of the complex catalogue and the bibliomaniacal reader persist throughout the centuries libraries also emerge as societal battle sites where issues of personality gender cultural power and national identity are contested repeatedly and often in surprising ways As well as examining how libraries were deployed in their work by canonical authors from Cervantes Shakespeare and Swift to Jane Austen George Eliot and Jorge Luis Borges the volume also examines in detail the haunted libraries of Margaret Oliphant and M R James and a range of much less familiar historic and contemporary authors Alert to the depiction of librarians as well as of book rooms and institutional readers this book will inform entertain and delight At a time when traditional libraries are under pressure Libraries in Literature shows the power of their lasting fascination Murder in the Multinational State Stewart King, 2019-05-23 As Spaniards set out to transform the political social and cultural landscape of the nation following the death of dictator Francisco Franco in 1975 its crime fiction traces challenges and celebrates these radical changes Crime Fiction from Spain Murder in the Multinational State provides a comprehensive exploration of the relationship between detective fiction and national and cultural identities in post Franco democratic Spain What sort of stories are told about the nation within the state in the crime genre How do the conventions of the crime story shape not only the production of national and cultural identities but also their disruption Combining criminological theories of crime and community with an analysis of the genre s conventions this study challenges the simple classification of Spanish crime fiction as texts written by Spaniards set in Spain and with Spanish characters Instead it develops a dramatic new reading practice which allows for a greater understanding of the role of crime fiction in the construction and articulation of different and at times competing national and cultural identities including in the Basque Country Catalonia and Galicia The book provides a stimulating introduction to the key debates on the study of crime fiction and national and cultural identities in the context of a multinational state **Domestic Murder in Nineteenth-Century England** Bridget Walsh, 2016-05-13 Why did certain domestic murders fire the Victorian imagination In her analysis of literary and cultural representations of this phenomenon across genres Bridget Walsh traces how the perception of the domestic murderer changed across the nineteenth century and suggests ways in which the public appetite for such crimes was representative of wider social concerns She argues that the portrayal of domestic murder did not signal a consensus of opinion regarding the domestic space but rather reflected significant discontent with the cultural and social codes of

behaviour circulating in society particularly around issues of gender and class Examining novels trial transcripts medico legal documents broadsides criminal and scientific writing illustration and notably Victorian melodrama Walsh focuses on the relationship between the domestic sphere so central to Victorian values and the desecration of that space by the act of murder Her book encompasses the gendered representation of domestic murder for both men and women as it tackles crucial questions related to Victorian ideas of nationhood national health political and social inequality newspaper coverage of murder unstable and contested models of masculinity and the ambivalent portrayal of the female domestic murderer at the fin de si cle
