Horak**

The Canadian Rodeo:

The Canadian Encyclopedia James H. Marsh, 1999 This edition of The Canadian Encyclopedia is the largest most comprehensive book ever published in Canada for the general reader It is COMPLETE every aspect of Canada from its rock formations to its rock bands is represented here It is UNABRIDGED all of the information in the four red volumes of the famous 1988 edition is contained here in this single volume It has been EXPANDED since 1988 teams of researchers have been diligently fleshing out old entries and recording new ones as a result the text from 1988 has grown by 50% to over 4 000 000 words It has been UPDATED the researchers and contributors worked hard to make the information as current as possible Other words apply to this extraordinary work of scholarship AUTHORITATIVE RELIABLE and READABLE Every entry is compiled by an expert Equally important every entry is written for a Canadian reader from the Canadian point of view The finished work many years in the making and the equivalent of forty average sized books is an extraordinary storehouse of information about our country This book deserves pride of place on the bookshelf in every Canadian Home It is no accident that the cover of this book is based on the Canadian flag For the proud truth is that this volume represents a great national achievement From its formal inception in 1979 this encyclopedia has always represented a vote of faith in Canada in Canada as a separate place whose natural worlds and whose peoples and their achievements deserve to be recorded and celebrated At the start of a new century and a new millennium in an increasingly borderless corporate world that seems ever more hostile to national distinctions and aspirations this Canadian Encyclopedia is offered in a spirit of defiance and of faith in our future The statistics behind this volume are staggering The opening sixty pages list the 250 Consultants the roughly 4 000 Contributors all experts in the field they describe and the scores of researchers editors typesetters proofreaders and others who contributed their skills to this massive project The 2 640 pages incorporate over 10 000 articles and over 4 000 000 words making it the largest some might say the greatest Canadian book ever published There are of course many special features These include a map of Canada a special page comparing the key statistics of the 23 major Canadian cities maps of our cities a variety of tables and photographs and finely detailed illustrations of our wildlife not to mention the colourful informative endpapers But above all the book is encyclopedic which the Canadian Oxford Dictionary describes as embracing all branches of learning This means that with rare exceptions there is satisfaction for the reader who seeks information on any Canadian subject From the first entry A mari usque ad mare from sea to sea which is Canada's motto and a good description of this volume's range to the Zouaves who mustered in Quebec to fight for the beleaguered Papacy there is the required summary of information clearly and accurately presented For the browser the constant variety of entries and the lure of regular cross references will provide hours of fascination The word encyclopedia derives from Greek expressions alluding to a grand circle of knowledge Our knowledge has expanded immeasurably since the time that one mind could encompass all that was known Yet now Canada's finest scientists academics and specialists have

distilled their knowledge of our country between the covers of one volume The result is a book for every Canadian who values learning and values Canada

Rodeo Susan Nance, 2020-04-23 What would rodeo look like if we took it as a record not of human triumph and resilience but of human imperfection and stubbornness asks animal historian Susan Nance Against the backdrop of the larger histories of ranching cattle horses and the environment in the West this book explores how the evolution of rodeo has reflected rural western beliefs and assumptions about the natural world that have led to environmental crises and served the beef empire By unearthing behind the scenes stories of rodeo animals as diverse individuals this book lays bare contradictions within rodeo and the rural West For almost 150 years westerners have used rodeo to symbolically reenact their struggles with animals and the land as uniformly progressive and triumphant Nance upends that view with accounts of individual animals that reveal how diligently rodeo people have worked to make livestock into surrogates for the trials of rural life in the West and the violence in its history Western horses and cattle were more than just props Rodeo reclaims their lived history through compelling stories of anonymous roping steers and calves who inspired reform of the sport such as the famed but abused buckner Steamboat and the many broncs and bulls famous or not who unknowingly built an industry Rodeo is a dangerous sport that reveals many westerners as people proudly tolerant of risk and violence and ready to impose these values on livestock In *Rodeo An Animal History* Nance pushes past standard histories and the sport's publicity to show how rodeo was shot through with stubbornness and human failing as much as fortitude and community spirit

Rodeo in America Wayne S. Wooden, Gavin Ehringer, 1996 This work celebrates a great national pastime and tradition Taking the reader behind the chutes Wayne Wooden and Gavin Ehringer reveal the essential character of rodeo culture today and show why it retains such a strong hold on the American imagination

Legends of Our Times Morgan Baillargeon, Leslie Tepper, 2011-11-01 Throughout the world the cowboy is an instantly recognized symbol of the North American West Legends of Our Times breaks the stereotype of cowboys and Indians to show an almost unknown side of the West It tells the story of some of the first cowboys Native peoples of the northern Plains and Plateau Through stories poetry art and reminiscences in this lavishly illustrated work Native people invite the reader on a fascinating journey into the world of ranching and rodeo The book also presents the special relationship between Native people and animals such as the horse buffalo deer and dog which have always played an important role in Native spiritual and economic life By the mid nineteenth century Native people were highly valued for their skills in horse breeding and herding and could take advantage of new economic opportunities in the emerging ranching industry Faced with limited resources competition for land and control by governments and Indian agents many Native people still managed to develop their own herds or to find work as cowboys As the ways of the Old West changed new forms of entertainment and sport evolved Impresarios such as Buffalo Bill Cody invented the Wild West show employing Native actors and stunt performers to dramatize scenes from the history of the West and to demonstrate the friendly competitions that cowboys enjoyed at the end of a long round up or cattle drive The popularity of rodeos also grew within Native communities and arenas were built on many reserves Native rodeos are still held while many Native competitors ride in professional rodeos as well Today Plains and Plateau peoples proudly continue a long tradition of cowboying Legends of Our Times is a celebration of their rich contribution to ranching and rodeo life

A Wilder West Mary-Ellen Kelm, 2012-07-01 The rodeo cowboy is one of the most evocative images of the Wild West The master of the frontier he is renowned for his masculinity toughness and skill A Wilder West returns to rodeo s small town roots to explore how rodeo simultaneously embodies and subverts our traditional understandings of power relations between man and nature women and men settlers and Aboriginal peoples An important contact zone a chaotic and unpredictable place of encounter rodeo has challenged expected social hierarchies bringing people together across racial and gender divides to create friendships rivalries and unexpected intimacies At the rodeo Aboriginal riders became local heroes and rodeo queens spoke their minds A Wilder West complicates the idea of western Canada as a white man s country and shows how rural rodeos have been communities in which different rules applied Lavishly illustrated this creative history will change the way we see the West s most controversial sport
