The Cancer Biopathy:

The Cancer Biopathy Wilhelm Reich, 1974 A Shrinking Disease Due to Chronic Sexual Starvation What is Cancer Traditionally medical science has thought of it as an invasive tumor arising spontaneously in an otherwise healthy organism In contrast Wilhelm Reich defines cancer not as a tumor the tumor is merely a late manifestation of the disease but a systemic disease due to chronic thwarting of natural sexual functioning In this radically different scientific investigation of a process that ends literally in the putrefaction of the living body due to chronic suffocation of the tissues Reich has arrived at the conclusion that cancer is the most significant somatic expression of biophysiological effect of sexual stasis If this is so there is a far greater possibility for prevention of cancer than for its treatment **The Cancer Biopathy** is Volume II of **The Discovery of the Orgone** Volume I is **The Function of the Orgasm** **The Cancer Biopathy** Wilhelm Reich, 1948 **The Cancer Biopathy**, 1948 *The Cancer Biopathy, Transl. by Andrew White with Mary Higgins and Chester M. My first degree was a Bachelor of Science in Engineering. My first masters degree was in Bio Chemical Engineering and my second doctorate was medical pathology. I was aware of my friend's early work, however, I was not aware of the Quantum Holographic nature of the technology that he had discovered and tested. He allowed me to pick up this project and take it to the finish line. I sincerely hope this book helps all who need it. SJT Qi Press Ver 1.1 July 2021

American Odyssey Wilhelm Reich, 2004-05 A new autobiographical work by one of the most original and controversial thinkers of our time I looked up every day from behind the bars to the Statue of Liberty in New York Harbor Her light shone brightly into a dark night With these words Wilhelm Reich described his experience as an enemy alien imprisoned on Ellis Island in the aftermath of the Japanese bombing of Pearl Harbor American Odyssey compiled from his correspondence and journals chronicles Reich's first years in America They were years of prodigious accomplishment in which he developed the orgone energy accumulator the so called orgone box published his first books in English made

breakthroughs in his investigation of orgone energy in social pathology physics astronomy and cancer and interested none other than Albert Einstein in testing his theories America brought a new marriage a new son a new group of students and a new laboratory But these were years of fierce struggle as well the denial of an American medical license the refusal of a patent on the orgone accumulator and finally a slanderous article that would incite the Food and Drug Administration to the dogged attack on Reich that would continue until his death in another prison cell ten years later American Odyssey reveals more than a period in the life of an embattled scientist It discloses the social and intellectual life of a country in a tumultuous time in history

Ether, God & Devil & Cosmic Superimposition Wilhelm Reich, 1972 These companion volumes long out of print are now presented together for the first time so that the reader may better grasp their essential unity In Ether God and Devil Wilhelm Reich describes the process of functional thinking and reveals how the inner logic of this objective thought technique led him to the discovery of cosmic orgone energy In Cosmic Superimposition Reich steps beyond the character structure of man to an understanding of how man is rooted in nature The super imposition of two orgone energy systems which is demonstrable in the genital embrace is revealed as a common functioning principal that exists in all of nature Concluding this work Reich returns to the human sphere to ponder about the greatest riddle of all the ability of man to think and by mere thinking to know what nature is and how it works
