The Capricorn Stone:

The Capricorn Stone Madeleine Brent, 1979 **The Capricorn Stone** Madeleine Brent, 1988-07 **The Capricorn Stone, by Madeleine Brent (8 Cassettes)**. Madeleine Brent, Christine* Dawe, **The Tenth House** Ashley R Scott, 2018-03-30 What would you do if you watched a Zodiac have your friend murdered and he was coming for you next Ciara wants peace from the strange things that are going on but that's not going to happen Taurus has arrived on Earth and he's come to end the Guardian line That includes Ciara even if she doesn't know it A race for the magical birthstones and the survival of the human race begins as an ancient enemy slips from the shadows to join the fight Ciara has four days to find Taurus's true birthstone and send him back to Polaris Or else humanity belongs to him Ciara can save the world but can she stay alive long enough to do it The Tenth House is the first book in the urban fantasy series Turn of the Zodiac If you like mystery thrilling action that you can't put down and stepping into a unique world with zodiacs and magic then this series is for you The Living Temple of Witchcraft Christopher Penczak, 2025-08-05 In the sixth installment of the award winning Temple of Witchcraft series popular author Christopher Penczak explores the quest of the God In this volume the twelve signs of the zodiac represent the God's symbolic journey through the sky Each archetypal astrological force offers readers unique insight into the mysteries and the role of a high priest or high priestess This manual of practical exercise witchcraft theology and ministerial advice also explores witchcraft and the modern world discussing how contemporary issues can be approached from the perspective of witchcraft spirituality A magickal education through the zodiac signs Learning tools for pagan ministers Earth stewardship and working with ley lines Ancestor work Trance work through dance and plant substances Mediumship within witchcraft Communing with your own personal twelvefold pantheon The lessons in this advanced magickal book culminate in a powerful self initiation ritual that combines the lessons of the Goddess's descent and the God's journey to bring awareness understanding and personal power *Hearts in Stone* Timothy Brett, 2014-07-30 Hearts in Stone is like having the written records of Thoth the ancient witness and teacher of all knowledge These records weave in and out of the factual truths and the possible truths of the 18th dynasty of Ancient Egypt and the ancient Hebrews Moses' startling birth survival of the death edict and astonishing seat of power in the palace of the Pharaoh who ordered his death was not a coincidence His destiny was designed to cross with the giant sons of God and in his final mission he was instructed to kill the last of the giant races that were sired by these star visitors to our earth They had earned a unique and terrifying retribution for their secret abominations These records of Thoth bear witness to the marvelous and astonishing works of the Master upon this earth from the very beginning of eternity **The Discovery of the Ark of the Covenant** Alan Wilson, Barum Blackett, 2007-08-29 British history records that there were two major migrations from the near east into Britain in antiquity One was the fleet migration from Syria led by Albyne around 1560 BC and the other was the second fleet migration from the Trojan Dardanelles areas in Western Turkey led by Brutus around 504 BC Ancient alphabet inscriptions

and other tangible and written records show that the second migration was that of the Ten Tribes of Israel. The same ancient Alphabet is found all the way along the British migration routes from Palestine to Assyria through Asia Minor to the Aegean and to Etruscan Italy and Rhaetian Switzerland. In Britain the Ten Tribes were known as the Khumry. This research began in 1976 some 31 years ago and it has met with nothing but opposition and obstruction. Around 1360 BC Moses has the fabulous box called the Ark of the Covenant made. This holy box was the national talisman of the Hebrew nation. It was revered as the place of the presence of the god Yahweh and the most holy thing belonging to the Hebrew nation. A series of events that included the Ark being seen as an invincible means of military success and in one disaster being captured by the Philistines ended when King David placed the Ark in the care of the family of Obed Edom and he took the Ark to Jerusalem around 975 BC along with the family of Obed Edom. The next King was Solomon and he built a celebrated temple in Jerusalem to house the Ark where annually the high priest entered the holy of holies chamber to serve the divine box. Nothing much is said of the Ark until c 790 BC the Judean King Ahaziah attacked the Israelite King Jehoash and was totally defeated. The victorious Jehoash then went to Jerusalem where he took everything from the palace and everything from the temple and he also took away the family of Obed Edom who are the family mentioned several times in the Bible as guardians of the Ark. Therefore Jehoash removed the Ark from Jerusalem and took it north to Samaria. Nothing is said in the Biblical record of the Ark being anywhere near Jerusalem after this event in circa 790 BC. In 740-736 BC the Judean King Ahaz paid a huge bribe to the Assyrian Emperor Tiglathpileser III to attack King Pekah of Ten Tribe Israel and as a result Israel was totally crushed by the Assyrian army. A large number of Israelite nobles and leaders were immediately deported north to areas around Harran from where the patriarch Abraham has begun his migrations. In successive campaigns by the Assyrian emperors Shalmaneser IV, Sargon II and Sennacherib great numbers of the Israelite nation were deported north and up into the areas north of Harran. In 702 BC Sennacherib recorded how he deported 200 120 people in one mass exodus. The Assyrian records unmistakably and persistently call the Ten Tribes as the Khumry. It is a virtual certainty that these deported Ten Tribes took the Ark with them from Israel. Sennacherib was murdered by two of his sons in c 687 BC and civil war convulsed the Assyrian Empire and as the heir Esarhaddon fought the murders the massed Ten Tribes took the opportunity to move westwards across both the upper branches of the Y shaped Euphrates river as described in the Book of Esdras II. They moved slowly and unstoppably through Siasia Minor and the Greeks recorded their migration as that of the Kimmerio Khumry. There is a record of the Khumry having the Ark with them on this journey from north of Assyria through Asia Minor and to the Dardanelles. Finally around 650 BC the nation split into two and one half migrated to Italy whilst the other half remained in the areas around Byzantium until circa 504 BC when they gathered on the island of Lemnos before sailing to Britain in the fleets. An inscribed stone that was found on Lemnos in 1876 and now in the Athens museum that records this gathering and the intent to sail to Britain. Either the Ark was taken to Etrurian Italy in circa 650 BC or it remained near the

Dardanelles until around 504 BC before being brought into Britain The fact is that the Greal or Holy Greal is simply a record and a comparison would be that the Bible the Koran the American Declaration of Independence or the Two Tablets brought down the mountain by Moses would all be greals Britain is the land of the Holy Greal The search was begun to locate the Ark in Britain and this proved to be relatively straightforward but technically different The persistent ancient legend in the area north of Cardiff is that a great chest lies buried and this chest is guarded by two Cigfrangawr Giant Ravens It is not difficult to perceive that this great chest is the Ark that has two golden Cherubim fearsome dragons figures What emerged was that these had been a direct transfer of culture from Israel to Britain and all across the hills of South Wales there are gigantic mounds and these huge mounds are named and set out in a pattern to mirror the pattern of the major stars in the heavens Then there are several ancient tales that tell of the great plants moving on their orbits and being in conjunction with the main stars of the various constellations The journeys of the planets seen as moving and not fixed stars are tracing out routes that can be followed around the Star t Mound Maps on the ground In short our British ancestors left us clear records of where to go The Ark is at a place where the giant mound marks the start Regulus in Leo the Lion the Judean emblem The ancient place name is The Enclosure of the Ark and the central area is The Place of Worship The top of the large hillock has clearly been molded by the hand of man and satellite photography showed spoil heaps tumbling down the slopes form a tunnel excavated horizontally to underground chambers Five very ancient drainage systems of the type used in antiquity to drain and keeps chambers dry are clearly evident Amazingly the Above sea Levels readings of satellite photography proved absolutely that the top 60 feet of this low dome shaped hill is a man made construction This is unassailable incontrovertible and absolute scientific proof of the highest order Ground penetrating radar and other methods shows at least two underground chambers and deep reading g electronic metal detection identifies a large non ferrous box of around four feet long and two feet wide This is the precise size of the Ark of the Covenant An approach has been made to the Welsh National Assembly and hopefully something positive will at last be done to restore Khumric British heritage cultures and history
