The Captain of the Polestar, and Other Tales Arthur Conan Doyle,1893 **The Captain of the Polestar, and Other Tales** Arthur Conan Doyle,1892 *The Captain of the Pole-Star and Other* Arthur Conan Doyle,2009-01-01 This collection of short stories was first published in 1894 This book is part of the PDM Classics series **The Captain of the Pole-Star** ,1978 **The Captain of the Polestar** Arthur Conan Doyle,2004-09 Purchase one of 1st World Library s Classic Books and help support our free internet library of downloadable eBooks Visit us online at www.1stWorldLibrary.ORG September 11th Lat 81 degrees 40 N long 2 degrees E Still lying to amid enormous ice fields The one which stretches away to the north of us and to which our ice anchor is attached cannot be smaller than an English county To the right and left unbroken sheets extend to the horizon This morning the mate reported that there were signs of pack ice to the southward Should this form of sufficient thickness to bar our return we shall be in a position of danger as the food I hear is already running somewhat short It is late in the season and the nights are beginning to reappear This morning I saw a star twinkling just over the fore yard the first since the beginning of May There is considerable discontent among the crew many of whom are anxious to get back home to be in time for the herring season when labour always commands a high price upon the Scotch coast As yet their displeasure is only signified by sullen countenances and black looks but I heard from the second mate this afternoon that they contemplated sending a deputation to the Captain to explain their grievance I much doubt how he will receive it as he is a man of fierce temper and very sensitive about anything approaching to an infringement of his rights I shall venture after dinner to say a few words to him upon the subject I have always found that he will tolerate from me what he would resent from any other member of the crew Amsterdam Island at the north west corner of Spitzbergen is visible upon our starboard quarter a rugged line of volcanic rocks intersected by white seams which represent glaciers It is curious to think that at the present moment there is probably no human being nearer to us than the Danish settlements in the south of Greenland a good nine hundred miles as the crow flies A captain takes a great responsibility upon him self when he risks his vessel under such circumstances No whaler has ever remained in these latitudes till so advanced a period of the year The Captain of the Pole-star Arthur Conan Doyle,1980 **The Captain of the Polestar** Sir Arthur Conan Doyle,2010-08-01 Although Sir Arthur Conan Doyle is best known as the creator of the brilliant fictional detective Sherlock Holmes the author tried his hand at a number of different genres before perfecting the detective story The Captain of the Polestar showcases a different but equally engrossing side of the author s undeniable talent for fiction **The Captain of the Polestar and Other Tales** Arthur Conan Doyle,1891 **The Captain of the Pole-Star** Arthur Conan Doyle,2023-10-05 A classic ghost story illustrated by acclaimed cartoonist Seth When the Pole Star is trapped in Arctic ice its voyage comes to a halt and the lives of the crew are in danger Superstition soon takes hold as the frightened men claim to hear ghosts in the darkness but it s the captain s increasingly strange behaviour that concerns them the most **The**
