The Captains:

The Captains Robert Green, 2023-02-15 A young boy's adventure of serving on a merchant ship in the mid 1600s begins only by chance when he must leave London at 12 years old and move to his grandfather's house near the sea. These changes open an entirely new life for him where there is world travel excitement and a pathway to success. The adventures take him to lands he had barely begun to study in school yet once exposed he knew very soon that this would be the life for him. An amazing life where an opportunity presented itself and even at 12 years of age he recognized it as something exciting, new yet challenging, lonely at times and frightening at times yet he was able to transcend his fears and excel. His will to perform every job to the best of his ability along with his insatiable thirst for learning allows him recognition at the highest level. This quest provides for further opportunity as it leads to a serendipitous meeting that changes his life even more. This book and its stories were created through my dreams where the question that begs for an answer is: what would I have been if I lived in 1650? With multiple dreams spawning this story, the next question to be answered is: Are these dreams just a collection of stories I have read or seen or is this of my actual past? Regardless of the answer, the adventures were all that a growing boy could dream about living in places he had never been in a time he had never known. *The Captains* W.E.B.

Griffin, 1986-10-15 It was more than an incident. It was a deadly assault across the 38th parallel. It was the Korean War. In the fear and frenzy of battle, those who had served with heroism before were called again by America to man the trenches and sandbag bunkers. From Pusan to the Yalu, they drove forward with commands too new and tanks too old. Brothers in war bonded together in battle as they had never been in peace. **The Captains** Dennison Ambrose, 2010-10-23 The book begins with Jerry Rogerson becoming interested in the U.S. Navy, obtaining an appointment to the Naval Academy. He was a Midshipman at the Academy for four years, graduates and becomes a Commissioned officer. He serves at sea in two battleships, a U.S. Navy Oil Tanker and a Heavy Cruiser, by now as a Commander. Right after serving on the Navy Oil Tanker, he marries Phyllis Larkin. He is at sea again in a Heavy Cruiser which is damaged in a kamikaze attack. The Cruiser is sent home for repairs and the War ends. For the next few years, Jerry's assignments include the Pentagon and the Philadelphia Shipyard where he is promoted to Captain. He is sent to Pearl Harbor and while he is there, his wife is killed in an automobile accident, leaving him to raise two children alone. There, the family becomes fluent in Spanish and Jerry is involved in intelligence work. On a trip to Washington D.C., Jerry by chance meets Captain Mary Ann Graybill again after a number of years. He is single now and she has never married. Their romance begins. On a visit to Spain, she is persuaded to marry Jerry and theirs is a transatlantic marriage. At the age of 47, Mary Ann must learn to be a stepmother and wife, but they become a happy family. Jerry is transferred to Washington D.C. to work in intelligence. He and the children teach Mary Ann to speak Spanish and she becomes fluent also. Jerry is promoted to the rank of Rear Admiral. His rank together with their language skills cause Jerry and Mary Ann to be assigned to the Presidential party when the President of the U.S. pays a State Visit to Argentina. That was
