Elizabeth von Arnim Isobel Maddison, 2016-04-29 In the first book length treatment of Elizabeth von Arnim s fiction Isobel Maddison examines her work in its historical and intellectual contexts demonstrating that von Arnim s fine comic writing and complex and compelling narrative style reward close analysis Organised chronologically and thematically Maddison s book is informed by unpublished material from the British and Huntington Libraries including correspondence between von Arnim her publishers and prominent contemporaries such as H G Wells Bertrand Russell and her cousin Katherine Mansfield whose early modernist prose is seen as indebted to von Arnim s earlier literary influence Maddison s exploration of the novelist s critical reception is situated within recent discussions of the middlebrow and establishes von Arnim as a serious author among her intellectual milieu countering the misinformed belief that the author of such novels as Elizabeth and Her German Garden The Caravaners The Pastor s Wife and Vera wrote light hearted fiction removed from gritty reality On the contrary various strands of socialist thought and von Arnim s wider political beliefs establish her as a significant author of British anti invasion literature while weighty social issues underpin much of her later writing

Fog & Fireflies T.H. Lehn, 2024-04-11 With refreshing echoes of golden age fantasy Fog Fireflies is a novel that brings together an imaginative world and fantastical cast of characters to explore the difference between growing older and growing up Why do we grow more scared as we get older Hundreds of seasons ago a wizard s war scarred the earth leaving a malevolent fog blanketing the land and carrying the settlements within it like ships adrift at sea The phantoms the fog creates are deadly to adults so children must guard the walls now and care for each other Ogma watches the fog from the walls of her windmill town What felt like a game as a child becomes more of a creeping dread with each season she gets older Because we know better Ogma s town is attacked caravaners who roam the fog in inhuman forms have come to kidnap the children and Ogma is lost in the fog She must find hope find courage in herself and find her friends A novel for readers who enjoy rich worldbuilding in the style of Hayao Miyazaki a unique cast of creatures and characters that harkens back to L Frank Baum and Arthur Rackham and the bonds of found family akin to the work of Maggie Stiefvater and Makoto Shinkai
