Hubbard, 2000-08-04 Thoroughly researched Hubbard's interpretation is solid well supported and touches all of the major aspects of Confederate diplomacy American Historical Review As the first examination of the topic since King Cotton Diplomacy 1931 this work deserves widespread attention Hubbard offers a convincingly bleak portrayal of the limited skills and myopic vision of Rebel diplomacy at home and abroad Virginia Magazine of History and Biography Of the many factors that contributed to the South's loss of the Civil War one of the most decisive was the failure of Southern diplomacy In this penetrating work Charles M Hubbard reassesses the diplomatic efforts made by the Confederacy in its struggle to become an independent nation Hubbard focuses both on the Confederacy's attempts to negotiate a peaceful separation from the Union and Southern diplomats increasingly desperate pursuit of state recognition from the major European powers Drawing on a large body of sources Hubbard offers an important reinterpretation of the problems facing Confederate diplomats He demonstrates how the strategies and objectives of the South's diplomatic program themselves often poorly conceived were then placed in the hands of inexperienced envoys who were ill equipped to succeed in their roles as negotiators The Author Charles M Hubbard is associate professor of history at Lincoln Memorial University and executive director of the Abraham Lincoln Memorial Museum in Harrogate Tennessee AHA Newsletter American Historical Association, 1973
