E. Robinson, 2023-05-02 A step by step guide to reestablishing work life balance Americans love a hard worker The employee who toils eighteen hour days and eats meals on the run between appointments is usually viewed with a combination of respect and awe But for many this lifestyle leads to family problems a decline in work productivity and ultimately physical and mental burnout Intended for anyone touched by what Robinson calls the best dressed problem of the twenty first century Chained to the Desk in a Hybrid World provides an inside look at the impact of work stress on those who live and work with workaholics partners spouses children and colleagues as well as the appropriate techniques for clinicians who treat them This groundbreaking book builds on the research included in three previous editions of Chained to the Desk from the best selling author and widely respected family therapist Bryan E Robinson In the wake of the COVID 19 pandemic and the rise of working from home Robinson finds that the agonies of work stress have only become more challenging Recent years have

seen an unprecedented shift to remote work which has made it significantly harder to maintain the already delicate work life balance weakened as it is by smartphones and other technology The result is that many workaholics are more stressed and burnt out than ever before in their work despite being constantly in the presence of family Chained to the Desk in a Hybrid World both counsels and consoles It provides a step by step guide to help readers spot understand and ultimately recover from workaholism Chained to the Desk (Third Edition) Bryan E. Espie,Phyllis C. Zee,Charles M. Morin,2025-05-27 Sleep is one of life s

fundamental requirements and like oxygen water and food we simply cannot live without it Sleep is essential for tissue repair metabolism growth infection control and for learning memory and emotional regulation Moreover these critical functions of sleep remain true across the lifespan In many ways sleep is nature s medicine it is what nature has provided to deliver daytime functioning and to maintain health and wellbeing The Oxford Handbook of Sleep and Sleep Disorders has been carefully collated by its internationally renowned editors to provide a comprehensive and up to date guide to our understanding of sleep and circadian processes and of the clinical disorders of sleep and sleep wake regulation The handbook therefore covers what sleep is and why it matters but also explains the disorders of sleep and how they can be assessed differentiated and treated Comprising 46 chapters each written by leading experts in their field the handbook is organized around four sections 1 the fundamentals of sleep and circadian processes 2 the roles and functions of sleep 3 societal factors influencing sleep and 4 disorders of sleep and circadian function This final section is further subdivided into several components including epidemiology classification and assessment management and treatment and lifespan issues and special populations Taken together the handbook offers clinicians and scientists the most contemporary and authoritative single resource for clinical practice and for research in the developing fields of sleep science and sleep medicine

Sleep to Heal Abhinav Singh, 2023-06-27 WHAT IF A GOOD NIGHT S SLEEP WAS ALL YOU NEEDED TO TRANSFORM YOUR LIFE BEYOND YOUR WILDEST DREAMS SLEEP TO HEAL IS HERE TO HEAL AND INSPIRE Are you tired of waking up tired You are not alone We may have become super productive in our fast paced always connected 24 7 society but in exchange we lost something precious our harmonious connection to sleep a natural biological function integral to our overall health wellness and well being The new and unraveling science of sleep tells us that sleep impacts everything from anxiety and creativity to productivity and longevity We also now know it s an essential pillar of health perhaps even more important than nutrition and exercise Dr Abhinav Singh is a physician with a keen interest in preventive medicine and he firmly believes that better sleep equals better health No matter your age this book will help you revolutionize your patterns on a daily basis and support you on a renewed journey toward better sleep better health and ultimately a better life not just for tonight but for a lifetime No matter your goal better sleep losing weight or simply feeling more patient around loved ones it is never too late for a sleep reboot Based on scientific research and 15 years of clinical experience from a double board certified sleep physician who has taught the art of sleep to more than 7 000 patients SLEEP TO HEAL will forever reshape the way you think about sleep and give you the strategies and tools you need to transform your life from the inside out one peaceful night at a time REFRESH RESTORE AND REVITALIZE YOUR LIFE TODAY Tempus Waterman: Timemaster Matthew Walker, 2023-06-22 We are not alone Temporal Scientists have discovered that we are not the only timeline in the universe There are ninety nine other timelines and our hero Tempus Waterman can travel between them all using what is called a Temporal Bridge The book explains this further This is the first instalment in the life of Tempus He is

known for being a caring person likes walks on the beach he s also a Leo sorry sorry I went off on a tangent there I am the Narrator and I will be telling you the story of Tempus well as much as I can remember anyway We start in a sunny park on a non descript day in 1955 in timeline 64 or at least that s where we re told he is The sun is out the birds are chirping the grass is growing now there that s just going too far Tempus is about to embark on his adventures These adventures are going to take him to the far reaches of the of the travelable yes that is a word universe Tempus meets friends and foes and also meets his love interest well would this be a proper sci fi adventure without a love interest Meanwhile the Timestealers the bad guys obviously are plotting again with the plotting to put into place their own plans and people as they try to wrestle control of the timelines from the Timemasters for their own ends They will set off some devices of doom and even make a stand attacking a famous installation all before the first half of the book is done If you think all that is cool then everything else will seem awesome in comparison So grab the book and immerse yourself in this universe and go back to the way stories used to be told Told with imagination a thirst for making a story fun interesting and it also pulls you in all the while making it enjoyable So this is your Narrator letting you decide if you want to take the plunge into an adventure full of excitement adventure you already said that and suspense Oops too much suspense So I will now bid you farewell and happy reading Forecast ,1925
