Terror And Its Discontents Suspect Words In Revolutionary France:

Terror and Its Discontents Caroline Weber, 2003-01-01 Camille Desmoulins a journalist writing under the Montagnard regime of 1793-94 remarked that France's government had replaced the language of democracy with the cold poison of fear which paralyzed thought in the bottom of people's souls and prevented it from pouring forth at the tribunal or in writing How this happened how the Reign of Terror reached even into the realms of thought and language is the subject of Caroline Weber's book a revealing look into the paradoxical embargo on free expression that underpinned the Robespierrists self proclaimed despotism of liberty during the French Revolution Weber examines Jean Jacques Rousseau's and the Robespierrists articulation of a series of initiatives designed to curtail and control the dissemination of alternative political and philosophical messages in the republic Here Weber underscores the internal contradictions and limitations of an enterprise that promised universal freedom while oppressing particularism and that railed against the very language that it was compelled to adopt as a principal political tool The book then focuses on two eloquent contemporary critics of this phenomenon Desmoulins and the Marquis de Sade the infamous libertine author Weber demonstrates how Desmoulins reconfigured the Montagnard regime's rhetoric to conjure up a political system based on tolerance not terror and how Sade deftly parodied the Robespierrists brutality and hypocrisy proposing a republic based on the ruthless elimination of dissident voices and on the unabashed celebration of despotism and bloodshed A balanced account of how the discourse of totality actually restricted particular freedoms in the wake of the French Revolution this book provides a highly original and timely exposition of the political uses of rhetoric and of the links between language and power [Terror and Its Discontents](#)

Caroline Weber, 2003-01-01 Camille Desmoulins a journalist writing under the Montagnard regime of 1793-94 remarked that France's government had replaced the language of democracy with the cold poison of fear which paralyzed thought in the bottom of people's souls and prevented it from pouring forth at the tribunal or in writing How this happened how the Reign of Terror reached even into the realms of thought and language is the subject of Caroline Weber's book a revealing look into the paradoxical embargo on free expression that underpinned the Robespierrists self proclaimed despotism of liberty during the French Revolution Weber examines Jean Jacques Rousseau's and the Robespierrists articulation of a series of initiatives designed to curtail and control the dissemination of alternative political and philosophical messages in the republic Here Weber underscores the internal contradictions and limitations of an enterprise that promised universal freedom while oppressing particularism and that railed against the very language that it was compelled to adopt as a principal political tool The book then focuses on two eloquent contemporary critics of this phenomenon Desmoulins and the Marquis de Sade the infamous libertine author Weber demonstrates how Desmoulins reconfigured the Montagnard regime's rhetoric to conjure up a political system based on tolerance not terror and how Sade deftly parodied the Robespierrists brutality and hypocrisy proposing a republic based on the ruthless elimination of dissident voices and on the unabashed celebration of despotism and

bloodshed A balanced account of how the discourse of totality actually restricted particular freedoms in the wake of the French Revolution this book provides a highly original and timely exposition of the political uses of rhetoric and of the links between language and power **The Frankenstein of 1790 and Other Lost Chapters from Revolutionary France** Julia V. Douthwaite, 2024-05-31 The French Revolution brings to mind violent mobs the guillotine and Madame Defarge but it was also a publishing revolution more than 1 200 novels were published between 1789 and 1804 when Napoleon declared the Revolution at an end In this book Julia V Douthwaite explores how the works within this enormous corpus announced the new shapes of literature to come and reveals that vestiges of these stories can be found in novels by the likes of Mary Shelley E T A Hoffmann Honor de Balzac Charles Dickens Gustave Flaubert and L Frank Baum Deploying political history archival research and textual analysis with eye opening results Douthwaite focuses on five major events between 1789 and 1794 first in newspapers then in fiction and shows how the symbolic stories generated by Louis XVI Robespierre the market women who stormed Versailles and others were transformed into new tales with ongoing appeal She uncovers a 1790 story of an automaton builder named Frank nste n links Baum to the suffrage campaign going back to 1789 and discovers a royalist anthem s power to undo Balzac s P re Goriot Bringing to light the missing links between the ancien r gime and modernity **The Frankenstein of 1790 and Other Lost Chapters from Revolutionary France** is an ambitious account of a remarkable politico literary moment and its aftermath **(Re-)Writing the Radical** Maike Oergel, 2012-12-19 The essays in this volume discuss the overlap between philosophical aesthetic and political concerns in the 1790s either in the work of individuals or in the transfer of cultural materials across national borders which tended to entail adaptation and transformation What emerges is a clearer understanding of the fate of the Enlightenment its radicalization and its overcoming in aesthetic and political terms and of the way in which political paranoia generated by the fear of a spreading revolutionary radicalism facilitated and influenced the cultural transfer of the radical The collection will be of interest to scholars in French German English and comparative studies working on the later 18th century or early 19th century It is of particular interest to those working on the impact of the French Revolution those engaged in reception studies and those researching the interface between political and cultural activities It is also of key interest to intellectual historians of this period as well as general historians with an interest in modern conservatism and radicalism **Protest in the Long Eighteenth Century** Yvonne Fuentes, Mark R. Malin, 2021-05-18 This edited collection of essays focuses on the topic of protest during the Enlightenment of the long eighteenth century roughly 1670 1833 Resistance in the eighteenth century was extensive and the act of protest to foment meaningful societal change took on many forms from the circulation of ballads swearing of oaths to riots and work stoppages or the composition of essays novels posters caricatures political cartoons as well as theater and opera The contributors to this volume examine the causes of protest as well as the broad ways in which common artifacts such as poles trees drums conchs and songs acted as flashpoints for conflict and vehicles of protest Rather than approaching the topic with strict

geographical temporal and structural limitations this book focuses on the time period from an international perspective and an interdisciplinary scope Because of its wide scope this book is an important contribution to the subject that will be of interest to both faculty and students of the history of protest resistance and the changes that these forces bring as it also reminds us that the protests of today are rooted in historical resistances of the past *Luxury After the Terror* Iris Moon, 2022-04-05 When Louis XVI was guillotined on January 21 1793 vast networks of production that had provided splendor and sophistication to the royal court were severed Although the king's royal possessions from drapery and tableware to clocks and furniture suites were scattered and destroyed many of the artists who made them found ways to survive This book explores the fabrication circulation and survival of French luxury after the death of the king Spanning the final years of the ancien régime from the 1790s to the first two decades of the nineteenth century this richly illustrated book positions luxury within the turbulent politics of dispersal disinheritance and dispossession Exploring exceptional works created from silver silk wood and porcelain as well as unrealized architectural projects Iris Moon presents new perspectives on the changing meanings of luxury in the revolutionary and Napoleonic periods a time when artists were forced into hiding exile or emigration Moon draws on her expertise as a curator to revise conventional accounts of the so-called Louis XVI style arguing that it was only after the revolutionary auctions liquidated the king's collections that their provenance accrued deeper cultural meanings as objects with both a royal imprimatur and a threatening reactionary potential Lively and accessible this thought provoking study will be of interest to curators art historians scholars and students of the decorative arts as well as specialists in the French Revolution *The Terror of Natural Right* Dan Edelstein, 2024-05-31 Natural right the idea that there is a collection of laws and rights based not on custom or belief but that are natural in origin is typically associated with liberal politics and freedom In *The Terror of Natural Right* Dan Edelstein argues that the revolutionaries used the natural right concept of the enemy of the human race an individual who has transgressed the laws of nature and must be executed without judicial formalities to authorize three quarters of the deaths during the Terror Edelstein further contends that the Jacobins shared a political philosophy that he calls natural republicanism which assumed that the natural state of society was a republic and that natural right provided its only acceptable laws Ultimately he proves that what we call the Terror was in fact only one facet of the republican theory that prevailed from Louis's trial until the fall of Robespierre A highly original work of historical analysis political theory literary criticism and intellectual history *The Terror of Natural Right* challenges prevailing assumptions of the Terror to offer a new perspective on the Revolutionary period ***The Architecture of Percier and Fontaine and the Struggle for Sovereignty in Revolutionary France*** Iris Moon, 2016-11-25 As the official architects of Napoleon Charles Percier 1764-1838 and Pierre-François L'Enfant Fontaine 1762-1853 designed interiors that responded to the radical ideologies and collective forms of destruction that took place during the French Revolution The architects visualized new forms of imperial sovereignty by inverting the symbols of monarchy and

revolution constructing meeting rooms resembling military encampments and gilded thrones that replaced the Bourbon lily with Napoleonic bees Yet in the wake of political struggle each foundation stone that the architects laid for the new imperial regime was accompanied by an awareness of the contingent nature of sovereign power Contributing fresh perspectives on the architecture decorative arts and visual culture of revolutionary France this book explores how Percier and Fontaine's desire to build structures of permanence and their inadvertent reliance upon temporary architectural forms shaped a new awareness of time memory and modern political identity in France

States of Terror David Simpson, 2019-03-08 How have we come to depend so greatly on the words terror and terrorism to describe broad categories of violence David Simpson offers here a philology of terror tracking the concept's long complicated history across literature philosophy political science and theology from Plato to NATO Introducing the concept of the fear terror cluster Simpson is able to capture the wide range of terms that we have used to express extreme emotional states over the centuries from anxiety awe and concern to dread fear and horror He shows that the choices we make among such words to describe shades of feeling have seriously shaped the attribution of motives causes and effects of the word terror today particularly when violence is deployed by or against the state At a time when terror talk is widely and damagingly exploited by politicians and the media this book unpacks the slippery rhetoric of terror and will prove a vital resource across humanistic and social sciences disciplines

The Sentimental Theater of the French Revolution Cecilia Feilla, 2016-03-03 Smoothly blending performance theory literary analysis and historical insights Cecilia Feilla explores the mutually dependent discourses of feeling and politics and their impact on the theatre and theatre audiences during the French Revolution Remarkably the most frequently performed and popular plays from 1789 to 1799 were not the political action pieces that have been the subject of much literary and historical criticism but rather sentimental dramas and comedies many of which originated on the stages of the Old Regime Feilla suggests that theatre provided an important bridge from affective communities of sentimentality to active political communities of the nation arguing that the performance of virtue on stage served to foster the passage from private emotion to public virtue and allowed groups such as women children and the poor who were excluded from direct political participation to imagine a new and inclusive social and political structure Providing close readings of texts by among others Denis Diderot Collot d'Herbois and Voltaire Feilla maps the ways in which continuities and innovations in the theatre from 1760 to 1800 set the stage for the nineteenth century Her book revitalizes and enriches our understanding of the significance of sentimental drama showing that it was central to the way that drama both shaped and was shaped by political culture

Terror And Its Discontents Suspect Words In Revolutionary France Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Terror And Its Discontents Suspect Words In Revolutionary France PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Terror And Its Discontents Suspect Words In Revolutionary France PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can

enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Terror And Its Discontents Suspect Words In Revolutionary France free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
