Terror And Suicide Attacks An Islamic Perspective:

Terror And Suicide Attacks M. Fethullah Gülen, 2008-11-01 This book collects articles from various Turkish scholars on Islam and terror particularly how Islam treats suicide bombers The contributors analyze such subjects as terrorism suicide attacks jihad in consultation with first hand sources of Islam All the articles in the book reject the idea that Islam approves terrorism This book is prime example of the efforts in the Islamic world to disassociate terrorism from Islam Terror and Suicide Attacks Ergün Çapan, 2004 This collection of articles from various Turkish scholars discusses the recent wave of terrorism and offers a critical opinion of suicide bombers From publisher s description **An Islamic Perspective** Ergün Çapan, 2004 *Root Causes of Suicide Terrorism* Ami Pedahzur, 2006-09-27 The book offers different theoretical and methodological approaches to the understanding of the root causes of suicide attacks *Global Terrorism and New Media* Philip Seib, Dana M. Janbek, 2010-09-13 Global Terrorism and New Media carefully examines the content of terrorist websites and extremist television programming to provide a comprehensive look at how terrorist groups use new media today Based partly on a content analysis of discussion boards and forums the authors share their findings on how terrorism 1 0 is migrating to 2 0 where the interactive nature of new media is used to build virtual organization and community Although the creative use of social networking tools such as Facebook may advance the reach of terrorist groups the impact of their use of new media remains uncertain The book pays particular attention to terrorist media efforts directed at women and children which are evidence of the long term strategy that some terrorist organizations have adopted and the relationship between terrorists media presence and actual terrorist activity This volume also looks at the future of terrorism online and analyzes lessons learned from counterterrorism strategies This book will be of much interest to students of terrorism studies media and communication studies security studies and political science Juridical Perspectives between Islam and the West Federico Lorenzo Ramaioli, 2024-01-01 This comparative philosophy of law book aims at formulating a new analytical approach to the Islamic legal tradition based on juridical categories a concept that facilitates comprehension and understanding of juridical phenomena Building upon legal comparativism and legal pluralism this project intends to avoid bias caused by universalizing Western categories when analyzing foreign juridical notions which inevitably results in the miscomprehension of non Western ideas and institutions Unlike existing literature this project will not focus on substantive comparisons between normative contents but on the juridical perspectives that helped to shape the Islamic and Western legal orders The book focuses on the most relevant juridical questions regarding the Islamic and Western legal perspectives such as the different visions regarding juridical spatiality the role of human reason and the relationship between law man and the divinity While contributing to legal philosophy this work intends also to develop and define a new interdisciplinary approach aiming to provide a starting point for novel analyses in research fields such as legal comparativism legal pluralism and constitutional law Finally by formulating a new interdisciplinary approach it will provide a foundational discussion of a

continuously evolving subject that will never be exhaustively explored As such it aims at broadening scholarly reflections on the relationship between the West and Islam eventually placing these concepts within a suitably comprehensive and contextualized framework Published in cooperation with gLAWcal Global Law Initiatives for Sustainable Development Hornchurch Essex United Kingdom *Martyrdom in Islam* David Cook,2007-01-15 A fascinating history of the role of martyrdom in the Muslim faith **The Art of Coexistence** Salih Yucel,Ismail Albayrak,2015-04-07 The global threat of war terrorism the increased gap between poor and rich famine malnutrition global warming and pollution and many other social and cultural problems pose a real challenge for present citizens of the globe Intellectuals and politicians take these challenges as their primary concerns Despite the existence of some pessimists there are a number of initiatives working for the common good and expending great effort to solve these problems The Hizmet Gulen Movement is one of the most influential initiatives that should be taken into consideration in this context Fethullah Gulen is a Turkish Muslim scholar whose ideas have inspired and influenced many Turkish intellectuals educators students businessmen politicians and journalists inside and outside Turkey to establish schools educational and intercultural centers and humanitarian aid organizations in more than one hundred fifty countries Yucel and Albayrak cover the Hizmet Movement under the leadership of Fethullah Gulen from various perspectives in order to shed lights on current discussions The Gülen Hizmet Movement Tamer Balci,Christopher L.
