

Terrorism In America

Khalil T. Azar

Terrorism In America:

Terrorism in America Brent L. Smith, 1994-01-25 Using extensive records from federal district courts national archives the U S Sentencing Commission and the Administrative Office of U S Courts Brent Smith examines the activities of persons investigated for acts of terrorism during the 1980s He traces the lives of the men and women who turned to terrorism in America the goals that motivated their behavior and the crimes they committed In addition the book provides detailed information regarding how shifts in federal priorities led to the capture and subsequent conviction of most of these offenders as well as the severity with which these men and women were punished Terrorism in America Robin Maria Valeri, Kevin Borgeson, 2018-05-11 Offering a fresh perspective on the changing face of terror attacks Terrorism in America focuses on domestic groups examining the beliefs actions and impacts of American based terrorists and terror organizations Editors Robin Valeri and Kevin Borgeson and their contributors draw on theories from criminology psychology and sociology to explore the ideologies of right wing left wing and extremist religious groups how and why they convert followers recruit financially and take extreme action against others No competing text offers such in depth and nuanced coverage of the radical ideologies behind these attacks or the ensuing fear domestic terrorism creates as well as the strategies to combat violent extremism A core text for domestic terrorism courses and an excellent supplement for any counterterrorism or homeland security course Terrorism in America brings its singular focus to the growth and evolution of terrorism in the United States Interviews case studies from the field and chapter themes make this a highly readable text for criminal justice psychology sociology and homeland security students professors or practitioners *Terrorism in America* Brent L. Smith, 1994-01-01 Using extensive records from federal district courts national archives the U S Sentencing Commission and the Administrative Office of U S Courts Brent Smith examines the activities of persons investigated for acts of terrorism during the 1980s He traces the lives of the men and women who turned to terrorism in America the goals that motivated their behavior and the crimes they committed In addition the book provides detailed information regarding how shifts in federal priorities led to the capture and subsequent conviction of most of these offenders as well as the severity with which these men and women were punished America's Culture of Terrorism Jeffery A. Clymer, 2004-07-21 Although the terrorist attacks of 11 September 2001 shocked the world America has confronted terrorism at home for well over a century With the invention of dynamite in 1866 Americans began to worry about anonymous acts of mass violence in a way that differed from previous generations fears of urban riots slave uprisings and mob violence Focusing on the volatile period between the 1886 Haymarket bombing and the 1920 bombing outside J P Morgan s Wall Street office Jeffery Clymer argues that economic and cultural displacements caused by the expansion of industrial capitalism directly influenced evolving ideas about terrorism In America s Culture of Terrorism Clymer uncovers the roots of American terrorism and its impact on American identity by exploring the literary works of Henry James Ida B Wells Jack London Thomas Dixon and Covington Hall as well as trial

transcripts media reports and the cultural rhetoric surrounding terrorist acts of the day He demonstrates that the rise of mass media and the pressures of the industrial wage labor economy both fueled the development of terrorism and shaped society's response to it His analysis not only sheds new light on American literature and culture a century ago but also offers insights into the contemporary understanding of terrorism

Terrorism in America J. Lutz, 2007-10-29 Terrorism is often

seen as a Middle Eastern problem and terrorists are often perceived as only having a Muslim background It may surprise many to learn that Americans are and have been terrorists since the birth of the nation This book investigates and discusses many instances in which Americans were themselves the terrorists and the victims

Terrorism in American Cinema

Robert Cettl, 2009-10-21 The American cinema of terrorism although coming to prominence primarily in the 1970s amidst high profile Palestinian terrorist activity actually dates back to the beginnings of the Cold War But this early terrorist cinema was centered largely around the Bomb who had it who would use it when and differs greatly from the terrorist cinema that would follow Changing world events soon broadened the cinema of terrorism to address emerging international conflicts including Black September pre 9 11 Middle Eastern conflicts and the post 9 11 War on Terror This analytical filmography of American terrorist films establishes terrorist cinema as a unique subgenre with distinct thematic narrative and stylistic trends It covers all major American films dealing with terrorism from Otto Preminger's Exodus 1960 to Ridley Scott's Body of Lies 2008

Female Terrorism in America Jonathan Matusitz, Elena Berisha, 2020-09-17 This book provides a comprehensive analysis of female terrorism in America both past and present The volume takes a fresh look at women's actions of left wing political violence right wing political violence and religious extremist violence among others It also examines the multitude of roles that women have played over the past few decades in such organizations including leadership positions and more passive roles not to mention the diverse methods of recruitment radicalization and propaganda The objective of this book is to examine using a wide range of case studies facts statistics and theoretical methodologies how collective or personal factors have influenced or reinforced the actions that these women take Government agencies continue to underestimate the ability of women to support and perpetrate terrorism As such the United States is facing a wholly inaccurate and incomplete picture of the complexities of domestic terrorism and this is contributing to a serious neglect of the issue at the national level This volume ultimately aims to offer policy relevant solutions to decrease the threat of domestic female political violence in the United States *Female Terrorism in America* will be of much interest to students of terrorism and political violence

American politics gender studies and sociology

Terrorism Inside America's Borders Ashraf Esmail, Lisa A.

Eargle, Brandon Hamann, 2021-05-03 Using the insights provided by criminology sociology psychology and other disciplines *Terrorism Inside America's Borders* delivers a multi faceted examination of the issues associated with domestic terrorism Some of the issues explored include the similarities and differences between terrorism and other criminal activities the roles that social institutions and social processes play in the creation and prevention of terrorism the stages involved in the

unfolding of a terrorism disaster and the impacts terrorism has on people's lives and property. The history and trends of terrorism as well as possible emerging solutions are also explored. **Terrorism's War with America** Dennis

Piskiewicz, 2003-11-30 For most Americans terrorism made the transformation from theoretical threat to frightening reality on September 11, 2001, yet America has been the target of terrorist acts for over four decades. Piskiewicz recounts the changing political orientation of terrorists and highlights the challenge that faces America and the community of nations in putting terrorists out of business without adopting their tactics. Piskiewicz tells the history of modern international terrorism from its beginning in 1958 with the Cuban hijacking of an airliner en route from Miami. He recounts the changing political orientation of the enemy, the growing viciousness of their attacks, and the blundering responses by the U.S. government: inaction, impotent verbal assaults, and ill-conceived acts of retaliation. This book highlights the challenge that faces America and the community of nations in putting terrorists out of business without adopting their tactics. The assault began with the hijacking of airliners but soon included the bombing of embassies as well as attacks on military units and navy ships. Terrorism has evolved from a disorganized activity of individuals and small groups through its adoption of political warfare by nationalists, insurgents, and the disenfranchised to its current incarnation as a weapon of political change used by rogue states and radical religious movements. *American Foreign Policy & Its' Link to Terrorism in the Middle East* Khalil T. Azar, 2011-07-08 This book is a study that explores how American foreign policy is linked to the development of terrorism in the Middle East, mainly using the Palestine-Israel conflict as a case study. It discusses questions that consider how American foreign policy in the Middle East is managed, what values and what political systems produce this policy, who influences this policy, what is the relationship between the countries in the Middle East, especially Palestine and Israel, to America. This book will specifically focus on how American foreign policy was influenced by American presidents from Woodrow Wilson to George Bush II.
