**Normalising Northern Ireland** Jessie Blackbourn, 2014-08-07 The Northern Ireland peace process has been heralded by those involved as a successful example of transformation from a violent conflict to a peaceful society This book examines the implementation of the Belfast Agreement in Northern Ireland and evaluates whether its goal to establish a normal peaceful society has been fully realised Using the political and legal status of England Scotland and Wales as a comparison Jessie Blackbourn evaluates eight aspects of Northern Ireland which the Agreement aimed to normalise the contested constitutional status of Northern Ireland the devolution of power decommissioning the removal of emergency laws demilitarisation police reform criminal justice reform and paramilitary prisoners The book highlights the historical context which gave rise to the need for a programme of normalisation within the Belfast Agreement with respect to these areas and assesses the extent to which that programme of normalisation has been successfully implemented By evaluating the implementation of the Belfast Agreement the book demonstrates the difficulties that transitional or post conflict states face in attempting to wind back extraordinary counter terrorism policies after periods of violence have been brought to an end The book will be of great use to students and researchers concerned with the emergence evolution and repeal of anti terrorism laws and anyone interested in the history of the conflict and peace process in Northern Ireland **Terrorism in Northern Ireland** Alfred McClung

**Courts and Terrorism** Mary L. Volcansek, John F. Stack, Jr, 2010-11-22

Since ancient times terror tactics have been used to achieve political ends and likely will continue into the foreseeable future. Preserving national security and the safety of civilian populations while maintaining democratic principles and respecting human rights requires a delicate balancing act. In democracies monitoring that balance typically falls to the courts. *Courts and Terrorism* examines how judiciaries in nine separate nations have responded not just to the current wave of Al Qaeda threats but also to narco trafficking domestic terrorism and organized crime syndicates. Terrorism is not a new phenomenon and even though the reactions have varied significantly common themes emerge. This volume discusses eleven case studies and analyzes the experiences of these
