Terrorism Roger W. Fontaine, 2021-05-11 First published in 1988 *Terrorism The Cuban Connection* examines Cuba's involvement in terrorism. With a focus on Havana, the book begins by looking at Cuba's history and the origins of terrorism. As it progresses, the book traces the development of terrorism and explores Cuba's connections with other parts of the world, including America, Russia, the Caribbean, South America, the Middle East, and Sub-Saharan Africa. *Terrorism The Cuban Connection* is a detailed study equipped with a wealth of key documents and photographs. Subcommittee to Investigate the Administration of the Internal Security Act and Other Internal Security Laws, 1975 *Narco-terrorism and the Cuban Connection* Rachel Ehrenfeld, 1988 *The Darkest Sides of Politics, II* Jeffrey M. Bale, 2017-10-04 This book examines a wide array of phenomena that arguably constitute the most noxious, extreme, terrifying, murderous, secretive, authoritarian, and/or anti-democratic aspects of national and international politics. Scholars should not ignore these dark sides of politics, however unpleasant they may be, since they influence the world in a multitude of harmful ways. The second volume in this two-volume collection focuses primarily on assorted religious extremists, including apocalyptic millenarian cults, Islamists, and jihadist terrorist networks, as well as CBRN (chemical, biological, radiological, and nuclear) terrorism and the supposedly new nexus between organized criminal and extremist groups employing terrorist operational techniques. A range of global case studies are included, most of which focus on the lesser-known activities of certain religious extremist milieus. This collection should prove to be essential reading for students and researchers interested in understanding seemingly arcane but nonetheless important dimensions of recent historical and contemporary politics.
