The Wonder Test Michelle Richmond, 2021-07-06 A widowed FBI agent grows suspicious of her son s new school in this thriller by the New York Times bestselling author of The Marriage Pact Lina is on leave from her job in New York at the FBI in order to clean out her father s home in Silicon Valley As though letting go of her father isn t hard enough Lina has also recently lost her husband in a freak traffic accident Still reeling she and her teenage son Rory must make their way through this strange new town and the high school around which it all seems to revolve Rory soon starts coming home with reports of the upcoming Wonder Test a general aptitude assessment that appears increasingly inane and Lina is shaken out of her grief by a sense that something is amiss in Hillsborough When she discovers that a student disappeared last year and was found weeks later walking on a beach shaved and traumatized Lina can t help but be sucked into an impromptu investigation Another kidnapping hits closer to home and reveals a sinister link

between the Wonder Test and the rampant wealth of Silicon Valley's elite. A searing view of a culture that puts the wellbeing of children at risk for advancement and prestige and a captivating story of the lengths a mother will go for her son: this is *The Wonder Test*. Praise for *The Marriage Pact*: A fun can't stop eating the potato chips kind of premise. *The New York Times*. A smart searing and frightening look at modern love. Today. A high concept fast moving thriller, a gripping and intriguing read. *Sunday Mirror*. **Comeback** Philip Latham, 2013-08-01 When Parkhurst heard the announcement that climaxed the science fiction convention, he found that he'd been right years ago when he had faith in science fictionists' dreams. But in another way he'd been wrong. Test Pattern for Living Nicholas Johnson, 2013 *Test Pattern for Living* is a kind of guidebook for anyone thinking about what they are doing with their life and why, whether happy and wanting to stay that way or working their way through one of life's many stresses. As such, it touches on everything from camping to cooking, from religious values to the values of corporate advertising, the role of love and sexuality and many, many more subjects. It leaves you making your own choices. But it frees you to ask what other choices you might have made if corporate media hadn't spent billions of dollars trying to persuade you to make the choices that maximize their profits. **Coming Attractions** Lisa Kernan, 2009-07-21 Movie trailers, those previews of coming attractions before the start of a feature film, are routinely praised and reviled by moviegoers and film critics alike. They give away too much of the movie. They're better than the films. They only show the spectacular parts. They lie. They're the best part of going to the movies. But whether you love them or hate them, trailers always serve their purpose of offering free samples of a film to influence moviegoing decision making. Indeed, with their inclusion on videotapes, DVDs, and on the Internet, trailers are more widely seen and influential now than at any time in their history. Starting from the premise that movie trailers can be considered a film genre, this pioneering book explores the genre's conventions and offers a primer for reading the rhetoric of movie trailers. Lisa Kernan identifies three principal rhetorical strategies that structure trailers: appeals to audience interest, in film genres, stories, and/or stars. She also analyzes the trailers for twenty-seven popular Hollywood films from the classical, transitional, and contemporary eras, exploring what the rhetorical appeals within these trailers reveal about Hollywood's changing conceptions of the moviegoing audience. Kernan argues that movie trailers constitute a long-standing hybrid of advertising and cinema and, as such, are precursors to today's heavily commercialized cultural forms in which art and marketing become increasingly indistinguishable.
