Testimony Talking Ourselves Into Being Christian:

Testimony Thomas G. Long, 2003-08-29 In this groundbreaking book Thomas G Long a theologian and respected authority on preaching explores how Christians talk when they are not in church Testimony breaks the stained glass image of religious language to show how ordinary talking in our everyday lives talk across the backyard fence talk with our kids talk about politics and the events of the day can be sacred speech In a world of spin slick marketing mindless chatter and easy deceptions Testimony shows that the hunger for truthful meaningful and compassionate speech is ultimately grounded in truth about God *Testimony: Talking Ourselves Into Being Christian-ON ORDER GIFT*. Thomas G. Long, 2004 **Study**

Guide for Testimony Don C. Richter, 2004 *Embracing Disruptive Coherence* Kathleen T. Talvacchia, 2019-04-18 Does anyone need to come out anymore Queer theory has challenged the idea of coming out as problematic for its false binary and essentialized version of identity If gender is a socially constructed performativity then what does coming out mean At the same time we live in a society that still struggles with structures of power that define what is considered normal and sanctions those who transgress The intersectionality of gender with race class ethnicity nationality abilities religion age and other positional markers challenge a simplified belief that coming out is not necessary Therefore in the lived experience of many persons coming out still matters This book initiates a different theological conversation about coming out It argues that rather than the declaration of an identity category coming out can be understood as the erotic ethical practice of truth telling The formation of conscience and moral integrity embody the two pillars of this erotic practice Coming out understood as disruptive coherence is the erotic ethical practice of truth telling grounded in our deepest desires to be known authentically in community **Envisioning the Congregation, Practicing the Gospel** John W. Stewart, 2015-08-06 Reflecting a wealth

of ministerial experience this accessible and instructive book is designed to equip lay leaders and pastors of Protestant churches to better envision and practice gospel driven ministry amid the challenges of our twenty first century context Especially addressing Baby Boomer and Gen X leaders seasoned pastor and practical theologian John Stewart presents and explains five biblically mandated foundational practices for being and nurturing the church belonging discipling witnessing serving and worshipping Stewart believes that these five practices are essential markers for congregations that seek to remain faithful to their risen Lord and he offers memorable examples of how specific churches are carrying them out well Church leaders of every generation will find in these pages much practical wisdom on how to enhance their congregational life and mission For any congregations wanting to remain faithful to their biblical heritage and mandate Stewart's *Envisioning the Congregation Practicing the Gospel* provides an excellent roadmap for doing what God calls the church to do **Preaching from Memory to Hope** Thomas G. Long, 2009-03-19 In this compelling and hard hitting book respected preacher and teacher Thomas Long identifies and responds to what he sees as the most substantive theological forces and challenges facing preaching today The issues he says are fourfold the decline in the quality of narrative preaching and the need for its

reinvigoration the tendency of preachers to ignore God's action and presence in our midst the return of the church's old nemesis gnosticism albeit in a milder form evidenced in today's new spirituality and the absence of eschatology in the pulpit Long once again has his finger on the pulse of American preaching demonstrated by his creative responses to these challenges Whether he is calling for theologically smarter and more ethically discerning preaching providing a method of interpretation that will allow pastors to recover the emphasis on God in our midst or encouraging a kind of interfaith dialogue with gnosticism he demonstrates why he has long been considered one of the most thoughtful and intelligent preachers in America today Lessons from Laodicea Ross A. Lockhart, 2016-04-08 I'm rich and I don't need a thing bragged the early Christians in the big city of Laodicea The Apostle John however saw their affluence and arrogance through a theological lens He declared them to be bankrupt lukewarm Christians whom God would gladly gargle and spit out Today the mainline church in the West finds itself in a dominant culture of Laodicean affluence where even faith is a commodity to be consumed While the gospel spreads and thrives in the global South and East the Western mainline church looks longingly back at Christendom and forward in fear As Christians living in a North American culture that highly prizes the unholy Trinity of individualism consumerism and secularism we require a new kind of missional leadership to pray attention to what God is doing in the world around us This book names the challenges and promises inherent in partnering with the Holy Spirit in order to offer missional leadership in a culture of affluence It is about both living in Laodicea and leaving it behind We are no longer in a Babylonian captivity but a Laodicean one This work helps chart a course for Christians who long to let go of country club religion and instead belong to a community that helps equip missionary disciples resistant to the dominant culture and resplendent in the love of our triune God **Bearing Witness in Acts and Today** Troy M. Troftgruben, 2025-05-16 Many people have mixed reactions to conventional ideas of evangelism And yet in Scripture Jesus invites his followers to engage in faithful witness in the world In a society as complicated as ours where people have had many positive and negative experiences with Christianity what does constructive and faithful witness look like This book reengages the call of Jesus in Acts to bear witness faithfully The book explores how witness takes shape in Acts why that matters and what that might mean for today Each chapter focuses on Scripture passages from Acts examples of the early church engaged in witness and reflections on faithful witness today Nearly all Scripture passages appear in the Revised Common Lectionary for worship making them more familiar Each chapter concludes with discussion questions resources and suggestions These resources allow readers to engage in Scripture and reflection as individuals and as communities about faithful witness today **Bearing Witness in Acts and Today** invites readers into deeper engagement with the story of Acts the faithful witness of early church communities and the call of Jesus for today **Worship with Teenagers** Eric L. Mathis, 2022-02-15 This book addresses the vital role of public Christian worship in adolescent spiritual formation and shows how important youth ministry and worship ministry are to each other Despite numerous research projects books articles and

resources that have been published about teenagers and about worship in recent years the relationship between the two has been addressed only peripherally if not altogether overlooked Drawing on his extensive experience in worship ministry and youth ministry Eric Mathis offers insights into the worship practices of teenagers corrects common misperceptions about worship and critically examines four prominent worship models in current practice Mathis invites youth pastors worship leaders ministerial students and congregations to elevate the voices of young people in the worshiping community and enhance worship for all ages The book includes a foreword by Kenda Creasy Dean Mission moves Malan Nel, 2021 This scholarly book is the final result of a team research project done by ten Practical Theologians from three denominations in the Reformed tradition in South Africa The authors posed the following research problem and question What would be the relationship if any between preaching and the liturgy of which it is a part and the development of missional congregations And secondly what kind of preaching and preacher would best serve even facilitate such a process of missional congregational development in preaching and worship
