

# TEXAS HOLD'EM HANDS

## Royal Flush

Nothing beats a royal flush. This is the best hand in poker and it's very rare. This is a straight flush from 10 to Ace.

## Straight Flush

The second best hand. Just like a straight, but the cards are all the same suit. Like in this example, all consecutive spades.

## Four of a kind

As the name says, this is four of the same cards. The hand is completed with the highest card on the table or in your hand.

## Full House

A combination of three of a kind with a pair. The full house hand that has the highest three of a kind cards wins from other full houses.

## Flush

Five cards that are all the same suit. These don't need to be in any order. If two players have a flush, the player with the highest card in the flush wins.

## Straight

A series of five cards that follow each other, but that are not of the same suit. Aces can follow a king, or start a straight followed by a two.

## Three of a kind

Three cards of the same kind, for example three aces. The hand is completed with the two highest cards that are available.

## Two pair

Two sets of two cards of the same kind. For example two kings and two queens, the last card to complete the hand is the highest card that is left available.

## Pair

Two cards of the same kind, for example two aces. The hand is filled up with the three highest cards that are left available.

## High card

You have none of the above and only a single card, like the ace in this example. Maybe it's time to fold?
