Texas Politics And Greed:

Texas Politics and Greed Ross McSwain, Harold Byler, Ross McSwain, 2005-08-16 In late 1954 Texas was rocked by a scandal in its 100 million Veterans Land Program that included attempted murder bribery and political intrigue A West Texas attorney named Sam McCollum III was gravely injured when he turned the ignition key on his car and five sticks of dynamite planted under the hood exploded rocking the town and leaving the attorney near death with maimed legs and unable to testify at the trials Another witness was threatened and his house was burned Texas Ranger and DPS investigations were derailed and State Senators were involved in the bribery and fraud The scandal occupied Texas and National news reports for more than three years Two hundred and fifty indictments were returned against prominent land promoters and dealers in nine counties Several high profile trials were conducted resulting in prison sentences for the Texas Land Commissioner and two land promoters The book includes trial transcripts and personal interviews with participants including attorney Sam McCollum III As a result of the scandal Attorney General John Ben Sheppard and Governor Allan Shivers were forced to retire from politics Ross McSwain a retired journalist and investigative reporter and Harold Byler an experienced author have collaborated on the research and writing of this book Both grew up in Brady Texas a focal point of the scandal and both knew many of the participants personally **Practicing Texas Politics** Eugene W. Jones, 1987 **The Washingtons.**

Volume 5, Part 1 Justin Glenn, 2014-09-05 This is the fifth volume of Dr Justin Glenn s comprehensive history that traces the Presidential line of the Washingtons Volume One began with the immigrant John Washington who settled in Westmoreland Co Va in 1657 married Anne Pope and became the great grandfather of President George Washington It continued the record of their descendants for a total of seven generations Volume Two highlighted notable family members in the next eight generations of John and Anne Washington s descendants including such luminaries as General George S Patton the author Shelby Foote and the actor Lee Marvin Volume Three traced the ancestry of the early Virginia members of this Presidential Branch back in time to the aristocracy and nobility of England and continental Europe Volume Four resumed the family history where Volume One ended and it contained Generation Eight of the immigrant John Washington s descendants Volume Five now presents Generation Nine including more than 10 000 descendants Future volumes will trace generations ten through fifteen making a total of over 63 000 descendants Although structured in a genealogical format for the sake of clarity this is no bare bones genealogy but a true family history with over 1 200 detailed biographical narratives These in turn strive to convey the greatness of the family that produced not only The Father of His Country but many others great and humble who struggled to build that country ADVANCE PRAISE I am convinced that your work will be of wide interest to historians and academics as well as members of the Washington family itself Although the surname Washington is perhaps the best known in American history and much has been written about the Washington family for well over a century it is surprising that no comprehensive family history has been published Justin M Glenn s The Washingtons A Family History finally fills this

void for the branch to which General and President George Washington belonged identifying some 63 000 descendants This is truly a family history not a mere tabulation of names and dates providing biographical accounts of many of the descendants of John Washington who settled in Westmoreland County Virginia in 1657 Each individual section is followed by extensive listings of published and manuscript sources supporting the information presented and errors of identification in previous publications are commented upon as appropriate John Frederick Dorman editor of The Virginia Genealogist 1957 2006 and author of Adventurers of Purse and Person Decades of reviewing Civil War books have left me surprised and delighted when someone applies exhaustive diligence to a topic not readily accessible Dr Glenn surely meets that standard with the meticulous research that unveils the Washington family in gratifying detail many of them Confederates of interest and importance Robert K Krick author of The Smoothbore Volley that Doomed the Confederacy and Stonewall Jackson at Cedar Mountain

Frederick Dorman editor of *The Virginia Genealogist* 1957 2006 and author of *Adventurers of Purse and Person* Decades of reviewing Civil War books have left me surprised and delighted when someone applies exhaustive diligence to a topic not readily accessible Dr Glenn surely meets that standard with the meticulous research that unveils the Washington family in gratifying detail many of them Confederates of interest and importance Robert K Krick author of *The Smoothbore Volley that Doomed the Confederacy and Stonewall Jackson at Cedar Mountain* **Greedy Science** Michael D. Gordin, W. Patrick McCray, 2025-02-18 On the transformative role of greed in global science and technology during the 1980s In the 1980s a transformative era emerged where profit driven motives and an entrepreneurial spirit dominated scientific research and technological innovation This collection of essays edited by Michael D Gordin and W Patrick McCray examines how greed reshaped the global scientific community through the relentless pursuit of money fame and celebrity Profiting off science and technology was not a new phenomenon nor were the soaring ambitions of some of its most fervent advocates However the global currents of knowledge production in the 1980s saw major cultural and scientific shifts the increasing frequency of university patenting the rise of academic entrepreneurship and collaborations between industries and academia for example Greedy Science seeks to survey and understand the full range of these changes Through insightful essays contributors examine case studies ranging from the biotech boom driven by early oil firm investments to the speculative market strategies in personal computing and alternative energy This period saw the rise of the celebrity status of scientists and raised questions about the moral complexities of scientific greed The authors argue that greed was an ever present and expansive trait of science during this time encompassing a host of behaviors such as covetousness acquisitiveness rapaciousness and conspicuous consumption Greedy Science provides a nuanced analysis of how market dynamics and the quest for personal gain profoundly influenced scientific advancements and public perception during a pivotal decade in science and technology

Texas Government Neal R. Tannahill, 1997 **The War with Mexico** Justin Harvey Smith, 1919 As every one understands our conflict with Mexico has been almost entirely eclipsed by the greater wars following it But in the field of thought mere size does not count for much and while the number of troops and the lists of casualties give the present subject little comparative importance it has ample grounds for claiming attention As a territorial stake New Mexico Arizona and California were of immense value National honor was involved and not a few of the Mexicans thought their national existence imperilled Some of the diplomatic questions were of the utmost difficulty and interest The clash of North and South American and Mexican produced extraordinary lights and shades and in both countries the politics that lay behind the military operations made a dramatic and continual by play The military conduct of the governments especially our own and the behavior of our troops on foreign soil afforded instruction worthy to be pondered *Texas Government, Policy and Politics, Election Update* Neal R. Tannahill, 2002-12 With an emphasis on policy and active learning *Texas Government Policy and Politics* is a popular and accessible text that is sure to engage students in Texas politics Known for its exceptionally

accessible and comprehensive coverage of the major aspects of Texas government and politics this text is a complete teaching and learning package for students with little or no background in political science or Texas politics It employs an emphasis on policy throughout the book helping to make material relevant to students lives The author is known for his ability to provide statistical detail in an extremely lucid non intimidating way and his often humorous insightful critique of Texas government The seventh edition is thoroughly updated to include new information on topics such as controversy on school funding campaign finance from the 2000 election an overview of the 2002 elections and so much more At only 13 chapters Tannahill s text is perfect for a 15 week semester giving instructors and students no more and no less than they need for the average semester

Cruise the World for \$50 a Day H. C. Byler Jr.,2008-06 In this Thirty Days of Focus Prayer Apostle R Joshua Mitchell carefully unfolds key passages from the Bible demonstrating how to be a prayer asking Christ Jesus to teach us to pray understanding that men must always pray and not faint The apostolic prayer strategies found in this book will draw the reader more into becoming a prayer and not just praying when things happen or when you want something from the Lord You will be a prayer meeting The time has come when all Christians must realize the power of prayer knowing the way Jesus prayed which was authoritative powerful prayers that Heaven heard and always responded to and these prayers removed the power of darkness wherever it existed

Police Funding, Dark Money, and the Greedy Institution Randy K. Lippert, Kevin Walby, 2022-05-05 Police Funding Dark Money and the Greedy Institution is about a pervasive but little studied phenomenon Private funding of public police entails private entities sending resources to police through unconventional or hidden channels sometimes for suspect reasons The book argues police acquisition of this dark money befits the notion of a greedy institution that pursues resources beyond ample public funding and needs and seeks ever more loyal members beyond its traditional boundaries to reproduce itself The book focuses on private police foundations corporate sponsorships and paid detail arrangements primarily in North America how these funding networks operate and are framed for audiences and the forms and volumes of capital they generate Based on interviews with police representatives sponsors funders and foundation representatives as well as records from over 100 police departments this book examines key issues in private funding of public police including corporatization accountability corruption and the rule of law It documents and analyzes the troubling explosion of police foundations and sponsors and corporate paid detail brokers unknown to the public as a social and policy issue and a hidden response to the global police defunding movement The book also considers potential policy responses and community safety alternatives in a more generous society An accessible and compelling read students and scholars in criminology criminal justice law sociology political science anthropology geography as well as policymakers will find this timely book revealing of a neglected growing area of police practice spanning multiple themes and jurisdictions
